Inter-State Nurseries

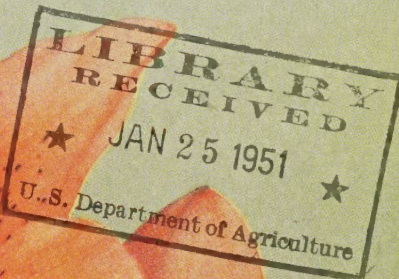

Incorporated

HAMBURG, IOWA

This Spring 1951 Catalog

from America's Largest Direct-to-You Nurseries
Will Help Make Your Home
More Beautiful, More Fruitful

These Rainbow Hybrid Lilies are an entirely new strain. The gay, sparkling colors range from light yellow to gold, through shades of orange, apricot, salmon, to deep mahogany-red. Great heads of large upright flowers on stems 18 inches or so tall. Very hardy, easy to grow, they thrive North, South, East and West. Once planted they come up year after year, for a lifetime.

Rainbow Hybrid Lilies

B 66 Every bulb will bloom this summer. Plant 6 to 7 inches deep in well-drained spot, in full sun or part shade. Offered by us for the first time, we doubt if we will have enough at this low introductory price. Postpaid.

Each 60c, 3 for \$1.50,
6 for \$2.50

America's Finest New Phlox

From our field of Phlox, the largest in America, over 500,000 plants in bloom, we selected these as the very best. They are truly superb, with flowers almost twice as large as pictured. Our husky No. 1 field-grown plants will bloom freely for you this summer and for years to come. Grow in full sun or part shade, 24 to 30 inches tall. Never before have we sold such new finer varieties at this low price.

- 1—M 522 **San Antonio**—New, very large, glowing fuchsia purple-red.
2—M 507 **Antoinette Six**—New, our best pure snow-white.
3—M 518 **Bluette**—New, lovely soft blue tinged rose.
4—M 506 **Border Queen**—Our finest gleaming rich pink.
5—M 517 **Adonis**—New, our finest scarlet-crimson.
6—M 519 **Purple Heart**—New, our finest royal purple.
7—M 524 **Spitfire**—New, our best orange-flame.
M 523 **Pinkette** (not pictured)—New, exquisite shell-pink. Many think this the most beautiful of all. Each 50c

Your Choice, except Pinkette, Alike or Assorted, Postpaid
Each 40c; 3 for \$1.00; 6 for \$1.75

MM 527

PHLOX SPECIAL

1 Each of All 7 Phlox Pictured for only \$1.95 Postpaid

With each Special we will include without extra charge 1 Pinkette worth 50c

How to Order

In the comfort and privacy of your own home, you can look through this catalog and select Inter-State's Guaranteed Nursery Stock and Seeds.

1. Write your order for Nursery Stock and Bulbs on the order blank on the back of this page.

2. Write your order for Seeds on the order blank at the back of the catalog between pages 82 and 83.

If you run out of our order blanks you can use any sheet of paper, but be sure to put your orders for Seeds and orders for Nursery Stock on separate sheets of paper. You can mail both orders in the same envelope. This will help us both since our Seeds are handled in a separate department and are shipped at once while Nursery Stock is shipped at the proper planting time *in your locality*.

3. Print or Write name, and address on all orders.

In making out your orders please write or print very plainly, giving your full name and complete address, street or rural route. Also list your nearest express office if it is different from your post office as we sometimes ship by *prepaid express* instead of parcel post unless you object.

4. Order all items by catalog number.

This helps us give you better service and helps avoid mistakes. List quantity, variety and size of items wanted.

5. You can send us postal note, money order, draft or check.

If you send currency or cash, wrap it carefully and register your letter. A money order is a better way to send payment. Please do not ask us to ship C. O. D. It costs you extra as the Post Office and Express Company make an extra charge on C. O. D. shipment.

Sales Tax

Customers living in Iowa will add 2% to the amount of their order, which the Iowa Law requires us to collect.

Mail Your Order Early

On page 3 is a list of premiums you get for ordering early. Be sure to list the premiums you wish on your order so all can be sent in one shipment.

When you are through with your Spring Catalog, perhaps your neighbor would like to see it. Thank you.

Send Living Gifts

**That Will Be Cherished
for Many Years**

*For Christmas, Birthdays, Mother's Day,
Easter, Anniversaries, For Any Occasion*

Each year more and more people wish to send their friends and loved ones Living Gifts. It is very easy to do. We have two plans. We guarantee satisfaction to you and to those receiving the gifts.

No. 1

You select from our catalog whatever you wish us to send. Give us the name and complete address to whom you want it shipped. We will send this party a suitable Gift Certificate giving your name as donor and listing the stock (without prices) that will be shipped at the proper planting time.

No. 2

If you prefer to have them make their own selections, then you simply send us the name and complete address and enclose check or money order for the amount you wish to give. We will send this party a suitable Gift Certificate good for this amount, giving your name as donor. We will also send our catalog stating that they are to select from it whatever they wish for the amount of the Gift Certificate. This stock will be shipped at the proper planting time.

**Year after year, these Gifts will be a reminder
of your thoughtfulness.**

PLEASE HELP US CORRECT OUR MAILING LIST

If your name or address as shown on the catalog envelope is wrong or if you have moved please write below BOTH the right and the wrong.

WRONG:

RIGHT:

Name_____

Name_____

Address_____

Address_____

City, Zone and State_____

City, Zone and State_____

We send a catalog to each person who orders. Sometimes members of the same family and living at the same address order under different names thus receiving several catalogs. If your family receives more than one catalog, please write above their names and addresses and mark the correct one. If you now have an extra catalog, a friend or neighbor would appreciate getting it. Thank you.

INCORPORATED

1951

Please print or write your name, full address and order very carefully and plainly. All members of the same family living at the same address please order under one name.

Name _____
(First Name) (Middle Initial) (Last Name)

Street Number _____ R.F.D. _____ Box _____

City _____ Zone _____ State _____

Express Office (If different from Post Office.) _____

Do not write in above space

Sometimes we ship by **PREPAID EXPRESS** instead of Parcel Post. If you object, write "No" here_____

If you want this order shipped to another person or to an address different from that above, give directions here.

Payment in full should accompany all orders. The best way is by Money Order, Check or Bank Draft. Avoid sending silver or stamps unless absolutely necessary. If you send silver, wrap it in heavy paper and REGISTER YOUR LETTER.

USE THIS ORDER BLANK FOR NURSERY STOCK AND BULBS ONLY

For Seeds, use order blank opposite page 83.

Seeds will be shipped separately from nursery stock.

[illegible]

FREE! Be sure to put on your order the Premiums you select for sending in your order **EARLY**. See page 3.

THESE VALUABLE GIFTS FOR ORDERING EARLY

If you send us your order for Nursery Stock **EARLY** (seeds are not included), you may select Free Premiums as follows:

On Nursery orders of \$5.00 select one of these seven Premiums.

On Nursery orders of \$10.00 select TWO premiums, alike or different.

On Nursery orders of \$15.00 select THREE premiums, alike or different.

With each additional \$5.00 select one more premium.

The Premiums you select **MUST BE WRITTEN ON THE ORDER**, or none will be sent, even if you notify us later. However, if you send us another order, then you can include Premiums you overlooked on a previous order of the same season.

IMPORTANT—If we run short on some items, we reserve the privilege of changing premiums, sending you stock of equal or greater value.

No. 1—2 Rubrum Lilies, worth **\$1.50**.

No. 2—2 Auratum Lilies, worth **\$1.50**.

No. 3—4 New Phlox, our choice, all different, worth **\$1.35**.

No. 4—7 Regal Lilies, worth **\$1.40**.

No. 5—1 Chipman's Canada Red Rhubarb and 6 Paradise Asparagus, worth **\$1.45**.

No. 6—16 Glad bulbs, our choice, worth **\$1.25** or more.

No. 7—1 Everblooming Rose, worth **\$1.00**.

What You Should Know about Inter-State Nurseries

First of All, the Soil—Ever look at Hamburg on the map? You will notice it is near the center of the United States. *Did you settle there by accident? Or on purpose?*

The answer is: on purpose. We looked around for a long time, checked many locations, and finally picked Hamburg for one big, overwhelmingly important reason—THE SOIL.

If you ever come out to Hamburg, pick up a handful of this dirt, and you will see what we mean. It is the kind of soil the geologists call loess (lō-ēs)—a word from the same

origin as “loose.” And that is exactly what it is—rich, soft, loose. Plants grown in it develop the strong, healthy root systems that make them thrive when transplanted to your yard or garden. It is a very rare type of soil, occurring in only a few places throughout the entire world.

And the Climate—Here at Inter-State we have a good long growing season—time to make the husky plants you want to set out. Neither too hot nor too cold—but *vigorous!* Plants, like people, do best in a climate that is “not too much ear-muffs, not too much siesta.”

L. R. (Les) SJULIN

L. R. SJULIN (“LES”) is responsible for the planning, writing, illustrating and production of the colorful catalogs that enable you to plan your planting at your leisure in your own home.

CARL O. (Billy) SJULIN

CARL O. SJULIN (“Billy the Nurseryman”) prepares our broadcasting programs on nearly 50 radio stations as well as directing our advertising campaign in the magazines and newspapers.

D. L. O. (Dave) SJULIN

D. L. O. SJULIN (“DAVE”) manages the business offices and directs a large staff of trained workers who acknowledge, record and ship your orders at the proper planting time to every state.

Who Built Inter-State? Friends, if you imagine for one moment that we think the whole answer is “the Sjulins,” let us tell you that we think this only a small part of the story. Sometimes, when we drive over the 1600 acres of the nurseries here, we feel proud. Proud of what Inter-State has grown up to be—and immensely grateful. For we know that Inter-State owes just about everything it is to its great army of customers.

The People of America. The real builders of Inter-State are people scattered over the whole face of America. All the way from the tip of Maine to Southern California. All the way from Puget Sound to the Florida Everglades. People who have loved their homes and wanted to make them beautiful. Backyard gardeners. Farmers setting out orchards and berry patches—who wanted the best, because they knew the real profit is always in the best. Growers of roses and flowering plants—some of them wealthy, but most of them people who have had to spend carefully for the beautiful things in our catalogs. These are the people whose faith and support built Inter-State Nurseries—and this we do not allow ourselves to forget.

How It All Started. Inter-State, you may be interested to know, began business in 1919 as wholesale growers of nursery stock. We grew fields of fine plants and supplied them to retailers. Our customers included distributors whose names suggested superb quality in every part of the country. But along came 1929 and the years of depression that followed. With the retail companies unable to distribute, wholesalers were left with fields of prime stock. Some thought there was nothing to do but wait for better times. But Inter-State thought differently—

A Plan Takes Shape. This choice stock of plants and trees we had, as fine as any in America—certainly there were, somewhere, people who would want these things if they knew about them. Surely they would respond to fair prices, and to good treatment. But how could

we reach them? The way, of course, was to go to the public direct. So we decided to become retailers, and in 1931 we issued our first catalog.

What People Liked. It took courage to take the step, but our decision to enter the retail business turned out to be one of the wisest things we have ever done. Adversity turned out to be a blessing in disguise. People liked the things we shipped them. “Those roses you delivered,” they would write, “have the most magnificent roots we have ever seen.” Then would come another letter telling us how well the plants were blooming—and often enclosing the names of neighbors who wanted our catalog. (We learned the power of the voice that tells good news across the back fence.)

“That Something Extra.” Our early customers found that they could count on what we told them. They could tell, of course, that we were enthusiastic about our goods. But what pleased them most, we think, was the discovery that what we delivered was generally at least a little better than they expected. Our customers came to look to us for extra quality; for fair prices; and for alertness in searching out new varieties—being careful that they are good as well as new. They were impressed by our practices—like selling only fruit trees budded from proven bearing trees.

They learned that the big question at Inter-State is, Will this product give the customer the permanent satisfaction he has a right to expect? **Please continue to count on “that something extra” in value and quality.**

This, then, is a short story about Inter-State Nurseries, a national institution which has helped make America More Beautiful, More Fruitful. The proudest possessions we have are the thousands of voluntary letters telling about the greater enjoyment, better health, more beauty and the satisfaction of making homes better places in which to live.

AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Our soil is rated the finest in all America for growing nursery stock. It produces wonderful roots and fine tops. If you have never planted any of our seeds, order some this year. They are guaranteed to grow.

CENTRALLY LOCATED. We are located near the geographical center of the United States, with railroad facilities that enable us to ship promptly in all directions, North, South, East and West.

SALES TAX. The Iowa law requires us to collect a sales tax of 2% on all orders sent to us BY PEOPLE LIVING IN IOWA. Iowa customers will please add this amount to their orders. BUT PEOPLE NOT LIVING IN IOWA DO NOT SEND ANY SALES TAX.

IMPORTANT NOTICE

When ordering, please write down the Catalog Number shown by each variety and collection. If you order both Seeds and Nursery Stock, please be sure to PUT YOUR SEED ORDER ON A SEPARATE SHEET OF PAPER. Write your full name and address on both Seed and Nursery orders.

NURSERY STOCK IS SHIPPED AT PROPER PLANTING TIME

Nursery Stock and Seeds are not shipped together. Seeds are shipped at once. Nursery Stock is shipped at proper planting time. We are equipped so that we can start shipping to southern states early in the year. As the season advances, we keep shipping farther north until in May we are shipping to the most northern states.

INTER-STATE NURSERIES, INCORPORATED
HAMBURG, IOWA

HELPFUL PLANTING GUIDE

Free!

With every nursery stock order, we send Free a 24-Page Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

WE PAY POSTAGE

Please note that most items in this catalog are DELIVERED TO YOU, POSTPAID. Some Fruit and Shade Trees are too large to go by parcel post. They are shipped by express, you pay the express charges. We include some "Extras" to help pay the express.

In some orders, there are trees which must go by express and also some stock which would go parcel post. In order to avoid making two separate shipments, we send the entire order by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to.

Inter-State's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.

3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1951, accompanying your report with remittance of one-half original purchase price.

We want you to be satisfied. If anything is wrong, we want you to write to us.

Over 500,000 Phlox in this field, part of Inter-State's 1600 acres.

GROW YOUR OWN *Asparagus*

Delicious, Tender Fresh From

Your Own Garden

For home use plant Asparagus 18 to 24 inches apart each way, 3 to 4 inches deep, spreading the roots out flat. Lasts a lifetime. Our Jumbo plants are the finest we have ever seen and save a year's time. It is mighty nice in the spring to be able to go out in your garden and cut fresh asparagus for 6 to 8 weeks. They taste better and save you money.

RHUBARB

FRESH FROM YOUR OWN GARDEN!

It is the earliest spring vegetable. Plant 3 to 4 feet apart, covering the crown with 2 inches of soil. Postpaid.

A 65 Chipman's Canada Red—This new variety has large stalks that are red from top to bottom, even the flesh is red. It does not lose this rich color in cooking. Juicy and sweetest of all, takes less sugar. Seedless. Skin is so tender you need not peel it. Very productive, you can pull the stalks all spring and summer.

6 for \$4.25, 3 for \$2.45, Each \$1.00

A 61 Red MacDonald—A tremendous producer of giant size stalks from early spring till late summer. Stalks are 18 to 24 inches tall, many half as thick as your wrist. Seedless. It is 2 to 3 times larger than common rhubarb, far more tender, delicious and sweeter. Its bright red skin and tender white flesh makes very attractive and fine tasting sauce and pies.

6 for \$3.45, 3 for \$1.95, Each 75c

A 62 Ruby—Stalks are smaller than Canada Red or MacDonald but there are more of them. Skin is red and flesh is red. Very fine flavor, very tender and one of the sweetest of all rhubarb. Very prolific yielder. Some prefer these smaller stalks. They can be used early spring to late summer. The more you use, the more it produces. Seedless.

6 for \$3.45, 3 for \$1.95, Each 75c

A 64 Victoria—This is the old fashioned common rhubarb.

Toms Red Raspberry
(Plant Patent 779)

BRISTOL BLACK RASPBERRY

A 94 We believe this new variety, Bristol, is the best midseason black raspberry, especially for soils which are a little thin and not as rich as they should be. It will produce where the other varieties will not. Also it succeeds over a very wide territory. Favorable reports come from every section where black raspberries are grown. Mr. Hirschi, the eminent horticulturist of Oklahoma, reports that it is the best black raspberry and does well that far south where other kinds are almost failures. The berries are large, firm, glossy jet-black, almost seedless. They are not only sweet and juicy but have an unusually rich black raspberry flavor. Very good for eating fresh and for sauce, jam, juice and freezing. Set out a liberal patch. Fresh, home-grown berries are so much better. Grow them instead of buying the fruit. The larger plants will give you some fruit THIS SUMMER and each year after, the crop will get better for years.

2-Year Bearing Age Plants.....	1.95	3.75	7.95	26.75

Raspberries are easy to grow. Set them 3 to 4 feet apart in the row and rows 6 to 7 feet apart. You can plant a row across the back of your garden. Our Planting Guide, sent with all orders, gives you easy-to-follow instructions about taking care of them. If you make a mulch of lawn rakings or a mixture of straw and leaves and put around the plants in the spring, you will have almost no weeding and hoeing to do and besides this mulch helps hold moisture so the plants produce better. They do fine in part shade, especially afternoon shade.

Bristol Black Raspberry

Toms Red

THE NEW RED RASPBERRY

A 90 TOMS RED is a new red raspberry originated by Mr. Lawrence Toms, Nevada, Iowa. It is a cross of a black raspberry and Latham, a red variety. This is the first time that such a cross has ever resulted in true red colored fruit. All such crosses have always resulted in purplish-red fruit. Mr. Toms noticed that this new hybrid of his was extremely disease-resistant and an extremely heavy producer. The canes grow only 3 to 4 feet tall but they have many fruiting branches along the canes. The fruit is a bright red color, firm and cannot be picked green because it does not loosen until ripe. It is not quite as large as Latham but is better quality and a much heavier bearer. It is ideal for home use because it does not all ripen in just a few days but ripens over a period of a month to six weeks, from early July to mid-August.

Toms Red is a new variety so we do not know how good it really is until it has been planted and fruited in many different places. It may well prove to be the finest of them all. You plant some and if they should not be satisfactory you may select from our catalog, without cost, whatever you want equal to what you paid us for the Toms Red plants. The government patent office judged it different enough to be worthy of a patent. We like it so well that we bought the exclusive rights and ownership from Mr. Toms. Plant some at our risk and it will not be long until you yourself will know what a wonderful flavor they have and how heavily it bears.

Indian Summer

RED RASPBERRIES

Red Raspberries are delicious to eat fresh, for pies, shortcakes, sauce, jam, juice and freezing. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart. Very hardy, they do best in the northern and central states. Ten plants will produce many berries but if you really like them as most people do, then set out 25 or more if you have the room. Any surplus can be easily sold at a good price. Our 2-Year Bearing Age plants WILL BEAR THIS YEAR. Our plants are doubly inspected and are extra fine.

A 86 Indian Summer—This is that wonderful TWO CROP red raspberry. It bears a big crop in early summer and then in the fall it bears another crop on the new canes. The berries are simply huge, big as the end of your thumb. Fine red color and excellent quality. Do not fail to plant some as they soon pay for themselves. Eat fresh, can, preserve and freeze. POSTPAID.

INTER-STATE'S Grapes

THE BEST ALL-PURPOSE FRUIT

**BEARS EVERY YEAR, GOOD FOR JAMS, JELLIES
SAUCE, JUICE AND FINE FOR EATING**

One or two dollars' worth of grape vines will supply you with many dollars' worth of fruit for a lifetime. Our big husky 2-year number one vines are the finest grown in America. They bear young. You can plant along the lot line or fence, 8 feet apart. Planting and pruning instructions sent with each order. If you have no grape vines, plant some this spring sure.

NEW EXTRA CHOICE GRAPES

Many homes have Concord grapes only. You do not know what you are missing. You should try some of these new kinds. They are just as hardy as Concord. They bear regularly and heavily and they have an entirely different flavor.

A 108 Caco—My, such great big red grapes, so rich and sugary with an unusually sweet flavor. A strong grower, bears young, heavily and regularly.

A 110 Portland—This is our first grape to ripen, a few days before Fredonia. Fruit is large, attractive amber-white. And it has the most delicious, rich, spicy flavor. Bring in a bowl-full and you will have to go back for more and more. Vigorous and productive.

Berries that should be in every garden

use them for jellies, jams, sauces and pies

CURRENTS

A 148 Red Lake—This new variety is rapidly replacing the older kinds. We think that it is the most productive, the best quality of all currants. The berries are very large, the clusters are long and filled out right to the end. The color is a bright glossy red and makes the most beautiful and finest flavored jelly. Even after fully ripe, they will hang to the bush and not drop off as others do. They grow in ordinary garden soil in all the northern states. Plant them 3 to 4 feet apart. Please read NOTICE BELOW. Almost every home has place for some currant bushes. They are attractive in themselves and besides produce this fruit which is so fine for jelly. They bear young and regularly. Our big 2-Year No. 1 plants will start bearing next year after planting.

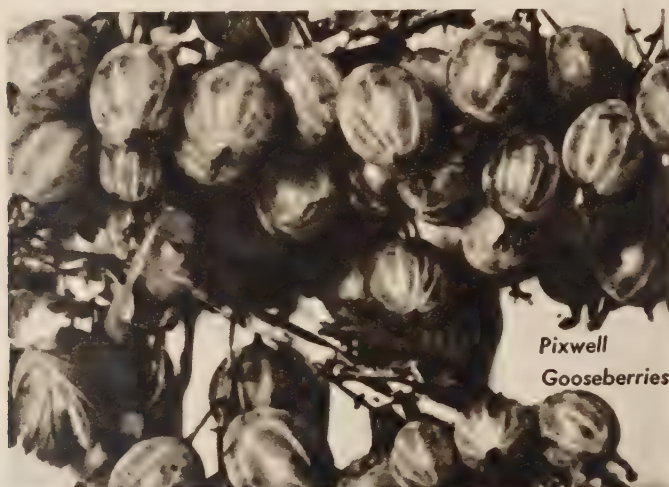

6 for \$2.40, 3 for \$1.50, Each 60c, Postpaid

IMPORTANT NOTICE

On account of federal regulations we ship Currants and Gooseberries only to the following states—**Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Missouri, Nebraska, North Dakota, Oklahoma and South Dakota.** If you do not live in these states, please do not order Currants or Gooseberries.

Red Lake
Currant

Pixwell
Gooseberries

GOOSEBERRIES

A 159 Pixwell—This new variety is by far the best we have ever grown. It is a tremendous bearer of large, fine quality berries. Moreover they hang down on the underside of the branches so they are very easy to pick. The plant also is not nearly as thorny as other kinds. It bears very young, the next year after planting. The berries are much larger than pictured, averaging better than $\frac{1}{2}$ inch. Color is light green, turning pink when fully ripe. After growing Pixwell, you will not want the other kinds. Thrives in all northern states. Plant 3 to 4 feet apart. Read NOTICE ABOVE.

6 for \$4.75, 3 for \$2.65, Each \$1.00, Postpaid

A 158 Champion—We consider this the best gooseberry, next to Pixwell. It is a heavy bearer. Easily picked as the berries hang down on the underside and has only a few thorns.

Each 60c, 2 for \$1.00, Postpaid

JELLY SPECIAL

3 Red Lake Currants

AA 165

All 6 for \$3.25 Postpaid

BLACKBERRIES

Ripening after the Red Raspberries, Blackberries are delicious. Thrive everywhere except coldest states. Plant 4 feet apart in rows, rows 7-8 feet apart.

A 76 Alfred—Ripens early but bears a long time. Produces an enormous crop of first-quality fruit. Berries are mammoth in size. Color is jet black; flavor sweet and delicious, nearly coreless and seedless. Heavy bearer.

	5 for	10 for	25 for	100 for
Heavy No. 1 Plants, Postpaid . . .	80c	\$1.45	\$3.00	\$9.95

A 77 Eldorado—Late. Our most popular Blackberry. The sparkling jet-black berries are large, sweet, delicious and almost coreless. Ripens over a long period and is generally the last berry of the season. A heavy, regular bearer.

	5 for	10 for	25 for	100 for
No. 1 Plants, Postpaid	80c	\$1.45	\$3.00	\$9.95

A 78 Hedrick—A new variety from the N. Y. Experiment Station. Tests have shown it to be definitely better. Larger, better quality and a far heavier producer. Try a few and find out for yourself how much better it is. Postpaid.

3 for \$1.25, 6 for \$2.35, 12 for \$4.25

THORNLESS BOYSENBERRY

IMMENSE SIZE • DELICIOUS FLAVOR
HEAVY BEARER

A 140 Thornless Boysenberry—We have seen berries fully 2 inches long. The fruit ripens over a period of almost 2 months. Eat them fresh for weeks, use them for pies, sauce, preserves and fruit juice. Just like the original Boysenberry but absolutely Thornless. They are almost seedless and a very deep maroon, almost black color when ripe. Plant 8 to 10 feet apart each way. In cold sections it requires winter protection. Postpaid.

Each 30c, 5 for \$1.25, 10 for \$2.25, 25 for \$3.75

Pears

**DELICIOUS — EASY TO GROW — DO WELL PLANTED
IN SOD — RIGHT IN YOUR OWN YARD!**

Pears grow in any ordinary soil, even in sod, right in your yard. Plant 20 feet apart. Two trees, alike or different varieties, planted near each other so they can cross-pollenize, will both produce more heavily than if planted alone. To tell when Pears are ready to pick, place the palm of your hand under a Pear, raise it gently and if the stem snaps off easily from the limb, they are ready to pick. Then put them in a cool, dark place to ripen and you will have Pears of the highest quality.

We can also furnish **BALDWIN**, **RICHARD PETERS**, **SURE-CROP** Pear Varieties. These are especially adapted to the south. Same prices as others. At our new lower prices every home can now grow their own pears.

F 90 Bartlett—Our most popular summer Pear. Fruit is large, yellow with blush, juicy, sweet, high quality.

F 93 Bierschmidt—A new summer Pear ripening a few days after Bartlett. Originating in Northern Iowa, it is harder than Bartlett. Good bearer. Highest quality. Blight resistant.

F 96 Seckel—Called the Sugar Pear because of its sweet, delicious flavor. Fruit is not large but the highest quality. Ripens in late summer. Bears young and heavily. Blight resistant.

F 92 Kieffer—The most widely planted winter Pear. A healthy, hardy and vigorous grower which bears young, heavily and regularly. The fruit is large and fills countless jars every season. Pick the fruit when it starts to color and let it ripen in a cool, dark place. Then it is delicious. Blight resistant.

F 95 Patten—Originating in Iowa, this is a very hardy Pear which can be planted in cold sections like northern Iowa, Minnesota, etc. Ripens in August. The fruit is large, yellow with blush, juicy, sweet, luscious flavor. Good bearer. Very blight resistant.

F 91 Douglas—A fall pear that bears very young and regularly. Blight resistant. Poor quality.

F 97 Waite—Originated by the United States Department of Agriculture. We think this winter pear will replace Kieffer in time because of its finer quality. A good eating Pear, heavy bearer, blight resistant, hardy, fine for canning.

DWARF PEAR TREES

They grow scarcely taller than your head yet produce large delicious fruit, even larger than that on the regular large-growing trees. Moreover they often start bearing next year after planting. Ideal for home yard. Plant both varieties so they can cross-pollenize and thus produce more fruit. Plant 10 feet apart.

D 85 Duchess—This variety does especially well as a dwarf, producing giant size delicious fruits in the fall.

D 86 Seckel—Called the "Sugar Pear," it is one of America's favorites. The fruit is so sweet and delicious.

Cope's SEEDLESS Pear

THE PEAR THAT HAS NO SEEDS, NO CORE

**It's New
Seedless
Coreless
Attractive
Large Size
Fine Flavor
Productive
Vigorous
Hardy**

F 88 Cope's New Seedless Pear—A New Fruit Sensation. A Pear That Has No Seeds and No Core. In addition, it has everything else that you could ask for in a pear; great producer, excellent quality, size, beauty, vigor and hardiness. The fruit is large, a beautiful golden-yellow with a blush. The flesh is tender and sweet, juicy and delicious. Fine to eat fresh and ideal for canning as it has no seeds, no core.

Bears Young—A Delicious Summer Pear

The original tree began bearing when 3 years old, and at 5 years of age it produced 3 bushels of perfect fruit. It ripens about 10 days after Bartlett and ripens evenly without any softening at the center. It is a self-pollenizer but will produce more fruit if two Cope's trees are planted near each other. If there are other varieties of Pears close, so they cross-pollenize, then Cope's may have a few small immature seeds.

SUMMER APPLES

F 31 Anoka—Generally bears next year after planting. Fruit is yellow streaked red. Ripens in August but can be used a month earlier.

F 32 Beacon—This new apple is much better than Duchess. The fruit is large, a solid bright red of very fine quality. It ripens in August but can be used weeks before. It is very hardy and extremely productive. Bears young.

F 35 Early Red Bird—This fine apple ripens a week before Yellow Transparent. It is the best real early red apple we know. The fruit is large, bright red, good quality for both eating and cooking. Hardy and a heavy bearer.

F 33 Red June—Everybody likes this early red apple.

F 37 Yellow Transparent—The favorite early yellow apple. Ripens in July. Bears young, heavily and every year. Fruit is medium size, tender, juicy. Fine flavor for eating and cooking.

FALL APPLES

F 34 Maiden Blush—An old favorite. Yellow with blush, mild flavor.

F 42 Wealthy—By far the most popular fall apple. It ripens in September but can be used weeks earlier. Fruit is large, red striped, with tender, juicy flesh of fine quality. Very hardy. Bears young and heavily.

CRAB APPLES

F 62 Dolgo—Every year just full of bright red fruit which makes the finest tasting and best looking jelly. Tree itself is attractive enough to plant in your lawn as a flowering crab. Very fine.

F 65 Whitney—You can eat it fresh just like an apple. It is not tart. The fruit is medium size, red striped, fine quality. Makes wonderful apple butter and jelly. Bears young and heavily.

WINTER APPLES

F 48 Grimes Golden—For many, many years this has been a very popular yellow apple. The fruit is large and highest quality.

F 49 Hawkeye Greening—An attractive greenish-yellow, very large in size and good quality. The only apple we know that is good to eat fresh from the tree, and is just as good in late winter, even when kept in an ordinary cave or cool cellar. Very hardy, tremendous bearer.

F 51 Jonathan—Almost everybody knows it and likes it. A fine bright red apple of highest quality with crisp, yet tender flesh. Juicy and full of snap.

F 52 Jonathan, New Bright Red—This is like the apple above but it colors a couple of weeks or so earlier and has a richer color. One of America's greatest apples.

See Page 34 for the New All-Purpose Home Orchard Spray. Easy to use, just mix with water. Protects against diseases and insects.

APPLE PIE SPECIAL

An ideal selection for those who do not have much room. Each is the best of its season, our most popular varieties.

FREE—1 Cope's Seedless Pear free with each collection, either size.

F 53 McIntosh, Solid Red—This large red apple is popular in the east. Flesh Snow-white of very high quality.

F 56 Red Delicious—This is the original Delicious which originated in Iowa and has been planted from coast to coast for its superb quality and mild juicy flavor.

F 60 Solid Red Delicious—Considered by many to be the finest of all red apples. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Red Delicious. The fruit is large, solid red and has a delicious flavor, unequalled by any other apple.

F 36 Sweet Delicious. Our best sweet apple. Large red fruit with rich, sweet aromatic flavor.

F 64 Winesap—The most popular long keeping winter apple. This is an improved strain. It has better color, larger size and will keep right through winter into spring.

F 66 Yellow Delicious—The most popular yellow apple. Bears young and heavily. Fruit is large, juicy, fine flavor. Some people who cannot digest other apples, eat this without trouble. It is ready for eating in late fall.

F 67 York Imperial—A large red apple, a little lop-sided but keeps all winter. A heavy bearer and good quality.

We can also supply Close, Cortland, Fameuse, Fireside, Haralson, Joan, Lodi, Mantet, Red Duchess, Red Rome Beauty, Red Stayman, Secor, Sharon, Turley and Victory.

200 for 4.75

50 for \$1.65
500 for 9.95

100 for \$2.85
1000 for 18.50

A 10 SIOUX is a new variety originated by the Cheyenne Horticultural Field Station. It was created especially for Wyoming, the Dakotas, Montana, western Nebraska, northern Colorado, those sections where other varieties of strawberries will not live. Here at Hamburg, it is a very large berry, bright red and very sweet. It bears heavily. Planted right along with other kinds, we consider this one of our very best. Try some, even if you live where all kinds do well. We especially want the folks who have been having trouble growing strawberries to plant Sioux. It is bred to stand "tough-going." A mulch of sawdust, ground corn cobs, lawn rakings, fine straw, etc., helps hold moisture and keeps berries clean. Self-pollenizing. POSTPAID.

Plant Everbearing strawberries this spring to eat fresh, can, preserve and for freezing

Every home should have a strawberry bed. These Everbearers WILL BEAR THIS SUMMER AND FALL. Tests have shown that they will bear the most if planted 12 inches apart each way in beds of 3 or 4 rows. Fertilize the ground with a complete fertilizer like Vigoro, Milorganite, etc. Then mulch the entire bed

with sawdust, ground corn cobs, lawn rakings, fine straw, etc. Cut off all runners. In dry weather water thoroughly every 10 days. You can get as much as 8,000 quarts or more per acre. Let your boys and girls make a bed and sell the surplus for their spending money. Here they sell readily at 50c per quart.

INTER-STATE'S GENUINE GIANT GEM *Everbearing Strawberries* *will bear this Summer and Fall*

RED RICH EVERBEARER

Plant Patent No. 993

A 8 Red Rich is a new everbearing strawberry originated by Mr. Hagerstrom. We are getting our plants from him. We saw them bearing at his farm and they certainly were wonderful. The berries are very large, a rich glossy crimson color, red all the way through, and exceptionally delicious flavor. For eating fresh it is unsurpassed. Very fine for preserves and freezing. Bears heavily in the spring, then starts again in a few weeks and continues right up to freezing weather. If Red Rich does as well elsewhere as it does in Minnesota, then it will become very popular. POSTPAID.

25 for \$5.00 50 for \$8.50 100 for \$15.00

NEW CENTURY EVERBEARER

A 12 A new everbearer that originated in Utah and seems to be sold under several names, New Century, 20th Century, Utah Centennial. It is a tremendous bearer. The fruit is the brightest red of all, looks almost as though varnished. Very firm. Does very well in the mountain and west coast states and in the Alleghenies, Kentucky, and Tennessee. With us it does not stand our hot summers too well. You might try a few. Where it does well it is an outstanding berry. POSTPAID.

A7 Never has a new strawberry become so popular as quickly as Streamliner. The reasons are simply that it produces so heavily the big red berries of such fine flavor. PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL. Then next year it will produce a tremendous crop at the regular time and then after a short time it will start in again and keep on right up to freezing. The Berries are Big, The Berries are Red, The Berries are DELICIOUS. And there are lots of them. Remember, though, that if it turns dry during the summer or fall, the plants need plenty of water to bear well. So water freely if necessary. Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat Streamliner has that rich, sweet real strawberry flavor.

100 for \$6.45 All Postpaid

25 for \$1.95

50 for \$3.45

500 for \$22.50

1000 for \$39.50

A9 You certainly will want to plant some. It is such a tremendous bearer. YOU WILL GET A BIG CROP THIS SUMMER AND FALL. And next year it will bear spring, summer and fall. The berries are big, firm and bright red and red all the way through. Serve them with cream and sugar. Your family will ask for more and more. For preserves and freezing they are excellent, because they hold their shape and color. It is mighty fine when you can go out in your garden and pick fresh ripe delicious strawberries (saves on the grocery bill too) spring, summer and fall. Strawberries have always been considered the most delicious of all fruits. Now it has been discovered that they are also very healthful. A couple of rows across your garden will give you lots of berries. Superfection is self-pollenizing. In the Iowa state demonstration garden at Council Bluffs, Superfection produced at the amazing rate of 8,000 quarts per acre the VERY FIRST YEAR. These plants were set 12 inches apart each way in beds of 2, 3, or 4 rows. The runners were cut off all season. The beds were mulched with ground corncobs or sawdust and fertilized. You can mulch with lawn rakings or fine straw.

Morrison THE NEW GIANT BLACK RASPBERRY

1-year No. 1 Plants.....	5 for \$1.10	10 for \$1.95	25 for \$3.95	100 for \$12.95
2-year Bearing Age Plants.....	2.00	3.75	8.25	29.75

A 91 Morrison Black Raspberry is a new variety that has three very distinct points of superiority.

- 1—Berries are immense size (much larger than pictured).
- 2—Very fine flavor, almost seedless.
- 3—The plants are healthy, vigorous growers and produce tremendous crops.

It ripens a little later than Cumberland. The berries are immense size, glossy black, so attractive that they sell on sight. The fruit is almost seedless, is firm, very sweet, juicy and most delicious flavor. Extra fine for eating fresh and for sauce, jams and pies. Plant some Morrison this spring, for home or commercial use. When it starts fruiting, you will wish you had planted more. POSTPAID.

Durham

THE NEW EVERBEARING RED RASPBERRY
WILL BEAR THIS SUMMER AND FALL

1-Year Plants.....	Each \$.65	3 for \$1.80	6 for \$3.30	12 for \$6.00
2-Year Plants.....	1.00	2.85	5.10	9.00

A 85 **Durham** is a new red raspberry originated by Dr. Yeager of the University of New Hampshire. It is a true everbearer. In early summer it produces a large crop. Then in a few weeks it starts bearing again and BEARS CONSTANTLY until cold weather. The fruit is attractive red color, firm, good quality. It is extremely fine for preserves and freezing. Served with cream and sugar, it certainly makes a hit. With the exception of a few weeks in mid-summer, it bears all summer and fall. The plant is a healthy, hardy, vigorous grower and tremendous producer. The canes are 3 to 3½ feet tall, just right height for picking. They stand upright. Plant some of these at our risk. If you are not delighted you may select without cost whatever you wish from our catalog equal to the amount you paid us for Durham. Every plant we send out this spring will bear FRUIT THIS LATE SUMMER AND FALL. Of course the 2-Year plants are larger and will bear more heavily. Every home has place for a few of these plants. They soon pay for themselves. Last fall they were still bearing in late October. Offered this spring for the first time.

F 24 **Manchurian**—A very hardy apricot from South Dakota. Especially adapted for extremely cold sections. Medium size, golden-orange fruit.

PRICES ON MANCHURIAN, PERFECTION AND SUPERB APRICOTS

5 to 6 feet, not postpaid....	Each \$1.85 , 3 for \$5.25
4 to 5 feet, not postpaid....	Each 1.60 , 3 for 4.50
3 to 4 feet, postpaid.....	Each 1.25 , 3 for 3.45

APRICOTS Ripening right after cherries and before the peaches, apricots are one of the most delicious fruits when picked fully ripe. Plant 20 feet apart. See page 17 for Golden Giant.

F 26 **Superb**—This fine variety originated in Kansas and has been largely planted in the middle west. Hardy, productive. Fruit is medium large, orange-yellow, flesh firm, high quality. Fine for eating, sauce, preserves and pies.

F 23 **Perfection**—The fruit is large, beautiful and delicious. Flesh is firm so even if picked nearly ripe, it can be shipped. Hardy, vigorous grower, heavy bearer.

Dwarf Apple Trees

Full Size Fruit, Easy to Pick, No Ladder Needed

At last we can offer a hardy dwarf apple tree which grows no larger than a large shrub. They start bearing young, often next year after planting. The fruit is full size, often even larger than that produced on the big trees. You can pick them from the ground. Almost every yard has room for at least one of these trees. They are ornamental as well as fruitful. You can grow your own apples in your front or back yard even if it is small. Our trees are grown on the New Hardy Clark Dwarfing stock which is harder than the Malling stocks generally used. Moreover our trees do not have to be staked while those on Malling do. We offer six varieties.

Your Choice, Each \$2.25, 2 for \$4.00, Postpaid

- D 1 **Yellow Transparent**, popular summer apple.
- D 2 **Wealthy**, popular fall apple.
- D 3 **Yellow Delicious**, America's favorite yellow apple.
- D 4 **Solid Red Delicious**, America's favorite red apple.
- D 5 **Bright Red Jonathan**, the midwest's favorite.
- D 6 **Delcon**, new variety originated by the Missouri State Fruit Experiment Station. Extremely heavy bearer. The fruit resembles the Solid Red Delicious and many think even better flavor. Delcon is rather a dwarf tree so by growing it on Clark Dwarfing stock we should have a really dwarf tree, more dwarf than the other 5 varieties. We expect this to become the leading Dwarf Apple.

Golden Giant Apricot

(Plant Patent Applied For)

Fruit is larger than pictured

F 25 Golden Giant originated in the orchard of Dave Moore, Grand Junction, Colorado. Several years ago Dave planted some of our Sun-gold Peaches. He wrote us that we had the best peach in America but he had the best apricot.

The true story of Golden Giant is amazing—its tremendous annual crops, its huge size, its marvelous flavor and sweetness, its rich color, its shipping quality, its hardiness and vigor. The size is immense, 2 inches across and more than 2 inches long. The color is a golden orange with light blush. It is the finest apricot we ever ate, the sweetest, most delicious flavor. Moreover even if picked fairly green it develops this fine flavor where other apricots taste insipid when picked green. It makes the finest sauce and preserves you ever tasted and is extra fine for freezing. If you selected the largest fruits, you could hardly get 6 in a quart jar. The flesh is a rich golden color, so tender and sweet and absolutely stringless. Free-stone, of course, but we think the flavor is even richer if canned with the pits in.

Golden Giant is a heavy, annual bearer, never missing a crop at Grand Junction except one year when it froze while the fruit was marble size. Dave says that it is more frost resistant because it has borne when other varieties failed (and Dave has many kinds in his orchard).

Golden Giant is sold **ONLY BY THE INTER-STATE NURSERIES**. Introduced by us in 1948, we are selling it at a price so that thousands, all over America, can find out how fine it is. The tree itself is attractive enough to plant in your yard. It is shapely with reddish-brown bark, large rich green leaves, lovely flowers and then the delicious fruit. You who have eaten shipped-in apricots picked when green, cannot imagine how truly delightful is Golden Giant. Order today to make sure that you get yours this spring at our new lower prices.

New McClain CHERRY

F 82 We believe this amazing McClain cherry is the finest new variety introduced in many years. The fruit is large, a rich red color, and delicious flavor. It ripens about the same time as Montmorency. For eating fresh, for pies, sauce, preserves and freezing it is unsurpassed. It bears very young, generally the very next year after planting. Moreover it bears regularly and very heavily. The fruit is easy to pick because the tree does not grow as tall as other cherries. Wherever it has been tried, the reports are enthusiastic. Will grow right in your lawn, giving you lovely flowers, attractive foliage and delicious, healthful fruit for many years.

4 IN 1 CHERRY TREE

F 87 This tree has four different varieties, our most popular, all on one tree. They are—

Gilbert Montmorency
Early Richmond
New McClain
Kansas Sweet

Thus you can pick fresh fruit from this one tree for several weeks. They are almost sure to start bearing next year after planting. The tree itself is attractive enough to plant in your lawn. You get flowers, shapely tree and home-grown fruit. This tree is especially good for those who like to have several varieties and still do not have much room. This spring we have only 1500 of these trees.

Large 2-Year Trees, Well-Branching, Each \$3.75

6 in 1 Apple Tree 6 DIFFERENT APPLES ON 1 TREE

F 72 This 6-in-1 Apple Tree has six different kinds of apples, all on one tree. They are six of our best, most popular kinds, giving you fruit from early summer well into the winter.

Yellow Transparent, for summer.
Wealthy, for fall.
Yellow Delicious, for late fall.
Solid Red Delicious, for early winter.
Bright Red Jonathan, for the holidays.
Winesap, for winter.

Yellow Transparent and Yellow Delicious start bearing young, followed by Wealthy and soon all are bearing, all on the same tree. This is the one tree for those who want several kinds of apples, but do not have much ground available. With its flowers, rich green foliage and fruit, it is attractive enough to plant in front yard.

F 81 Gilbert Montmorency—For many years the Montmorency has been the most popular of all Cherries. This is a special strain from a single tree, the best of many thousands of Montmorency trees, in the great cherry district at Sturgeon Bay, Wisconsin. Ripens about ten days after Early Richmond. The red fruit is large, firm, fine flavor, the best of all Cherries for canning. The tree is a rather short grower so the fruit can be easily picked. Our trees are propagated from virus-free bud-wood. Bears heavily and regularly and is exceptionally fine.

Polly

FINEST WHITE PEACH

Hardy, Delicious, Free-Stone, Heavy Bearer

F2 Those who have tasted Polly say that it is the finest flavored peach they ever ate. The fruit is very large, blushed, free-stone. The flesh is white and has that real sweet delicious peach taste. For sauce you simply cannot equal it for flavor. Also makes fine preserves. Polly is best for home use and nearby markets. Polly was introduced by us in the spring of 1934. It was originated by the Iowa Experiment Station. Thoroughly tested for many years, it has repeatedly withstood 15 degrees below zero. It starts bearing young and bears regularly.

Very Large, Free-Stone, High Quality, Attractive

F1 Fresh, tree-ripened peaches. You can grow them yourself. Sungold is very large, free-stone, beautifully blushed. Flesh is firm, golden yellow, full of juice, fine quality. Extra good for canning. Ripens with Elberta. Heavy, regular bearer. Tree is well-branched, stocky, rather low-growing making it easier to care for and pick. A commercial peach because it is so firm and colors before ripe and ships well. Self-pollenizing. Very hardy. It has been shipped to every section where peaches are grown. Fine reports come from many states. In Grand Junction, Colorado it brings the highest prices. Orchardists should make a test planting. This may be just the peach you are looking for. It certainly belongs in every home peach planting. The price of just one bushel of fresh peaches will pay for several trees. We are making these new low prices so thousands more can find out what a great peach Sungold is. Bears young and heavily and often bears when other varieties are damaged by cold weather.

Mrs. Minnie Lohr, Laurel, Indiana, writes: "This year we had the best tasting, big, beautiful peaches we have ever seen. This is a remarkable peach and sells on sight. We could have sold lots more bushels if we had had them."

INTER-STATE *Peaches* BEAR YOUNG AND HEAVILY— ALL BUDDED FROM BEARING TRUE-TO-NAME VARIETIES

The peaches are listed in their order of ripening. Red Haven ripens here in late July—Elberta at the last of August. Peaches need but little room, easy to grow. Our Iowa-grown, budded trees are hardy and bear young. Plant them 15 to 20 feet apart.

F 14 Red Haven—This new variety is rapidly becoming the leading real early yellow peach. The fruit is large, almost a solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Free-stone. A hardy, vigorous grower and very productive.

F 11 Fairhaven—A new variety that ripens a few days earlier than Hale Haven. It is very productive, hardy, often bearing when other varieties do not. Fruit is large, yellow with red cheek. Flesh is yellow, firm and fine flavor. Free-stone. Self-pollenizing. All the "Haven" peaches have proven superior. This one may be still better.

F 5 Champion—Free-stone. Large creamy-white with red cheek. Flesh is white, juicy, sweet and highest quality. A heavy, regular bearer. Very hardy. Excepting Sungold and Polly, this is probably the hardest peach we grow.

F 9 Hale Haven—Free-stone. This fine new peach is rapidly overtaking Elberta. A heavy producer of large, yellow peaches of high quality. Hardy.

F 6 Early Elberta—Free-stone. Yellow with blush. Fruit is large, yellow flesh, firm, juicy, delicious. Hardy.

F 10 J. H. Hale—Free-stone. Very large, golden yellow, flushed red with fuzzless skin. Flesh is yellow, solid, tender, very high quality. On the market it always brings a higher price. Plant with other varieties for pollinization to increase yield.

F 7 Elberta—This grand peach fills millions of fruit jars every year.

F 15 Cling—Fine for pickling and preserves.

INTER-STATE'S OUTSTANDING Plum VARIETIES!

BEAR YOUNG - BEAR HEAVILY - DELICIOUS

Scarcely any fruit has been improved as much in the past few years as has the plum. Bears younger and more heavily. The fruit is larger, with a wonderful flavor. We offer below the finest, outstanding varieties. Plant Plums 12 to 15 feet apart, in a group so they can cross-pollinize, thus greatly increasing the crop.

PLUM PRICES, Your Choice, alike or assorted

	Each	3 for	6 for
5 to 6 feet, Not Postpaid.....	\$1.75	\$4.95	\$9.30
4 to 5 feet, Not Postpaid.....	1.30	3.60	6.60
3 to 4 feet, Postpaid.....	1.00	2.70	4.80

F 110 Allred Plum—This new plum was named Allred because the tree, the foliage, the flowers and the fruit are red. The bark and foliage are a purple-red, the flowers are a gorgeous brilliant red and the fruit is red inside and out. Freestone and fine quality. Bears regularly. It is attractive enough to plant in your lawn but of course will bear more fruit if planted near other plums. Hardy to Central Iowa.

F 102 New Damson—This is an improved strain over the ordinary Damson. The blue plums are medium size of finest quality. Free-stone. A heavy regular bearer. Ripens in August. Hardy to northern Iowa.

F 103 Green Gage—The sweetest eating and canning plum, it is just full of sweet, sugary flavor. Large, greenish-yellow fruits, freely produced. Free-stone. Ripens in early September. It is not suited to extremely cold sections like northern Iowa.

F 104 Pipestone—A new Plum from Minnesota. The fruit is immense size, the largest plum we have ever grown. It has a very attractive color, red with a golden blush. The flesh is yellow, juicy and excellent quality. Fine for eating and cooking. Bears very young and heavily, ripening in August. Very hardy.

F 105 Red Coat—This also comes from Minnesota and is one of our best plums for canning. It is perfectly free-stone, the stone falling right out when you cut the fruit in half. The fruit is large, prune-shaped, a bright red color, good quality especially fine for canning. A healthy vigorous grower that bears young and every year. Ripens in August. Very hardy.

F 112 South Dakota—A new variety from South Dakota that produces large red and yellow plums of high quality. A very good pollinizer for other plums. Very hardy. Ripens in August.

HOME ORCHARD SPECIAL

An ideal collection of fruit trees especially for a small home orchard. Why buy fruit when you can raise your own!

Stanley

F 106 Stanley—A new prune-type plum from New York that is rapidly becoming the most popular of all plums. Large, dark-blue, prune-shaped fruits. The rich yellow flesh is firm, sweet and delicious flavor. Exceptionally fine for eating fresh and canning. A heavy, regular bearer. Ripens in early September. Free-stone. Hardy up to central Iowa. Exceptionally fine.

F 107 Superior—This fine plum should be widely planted. The fruit is large, attractive red color and a rich sweet flavor. It bears very heavily, every year. Ripens in early August. Very hardy. Fine for eating and canning. A good pollinizer for other plums.

F 108 Toka—Originated by Prof. N. E. Hansen, the famous plant genius from South Dakota, this is undoubtedly the richest flavored of all plums—a sweet, somewhat spicy and tangy flavor that is unequalled. The fruit is quite large, a beautiful apricot color with very firm, yellow flesh. Perfect free-stone. Fine for eating and canning. Ripens in August. Very hardy. It is also a good pollinizer for other plums.

INTER-STATE'S PLUM CLUSTER

Fine varieties that will supply plums for weeks. Some will start bearing second year after planting.

Plant Nut Trees for profit, beauty, shade and food

The Thomas Black Walnut, Actual Size

THOMAS BLACK WALNUT

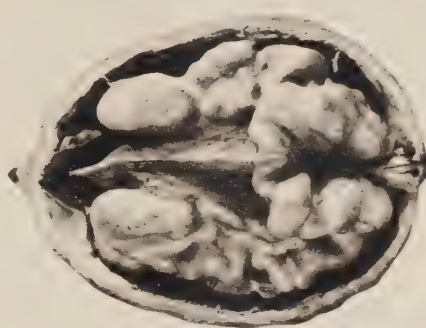

N 1 When the long cold evenings of winter come, what a pleasure it is to crack some Black Walnuts to eat or for fudge, or for mother. She can use them in so many different ways and what a delicious flavor they add. Everybody likes Black Walnuts, but the common Black Walnut is small and it is hard to get out the meats.

Now you can have the Thomas grafted Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out. Thomas is fast growing and produces very large nuts. It is the greatest nut tree of the country. You should plant it because—

1. It bears very young, often second year after planting. A mature tree will produce 15 to 40 bushels of giant size nuts which sell for \$4.00 or more per bushel.
2. The nuts are immense size as pictured above. They crack easily so the meats come out in halves and quarters. A bushel of nuts cracks out 10 to 12 pounds of meats.
3. The nuts are delicious flavor and because they are so large and plump and come out in halves and quarters they sell for 75c or more a pound.
4. It will grow in almost every state in America. It is not particular as to soil but of course will do best in rich soil with plenty of moisture.
5. Plant a tree or two for your own use. If you have room, plant more for profit. You can easily sell the big nuts at high prices. Plant 50 feet apart and 2 or 3 inches deeper than they stood in the nursery.
6. In time the tree will grow large and walnut logs are becoming scarce. If you wished you could sell the trees for lumber at a good price. We doubt, though, if you would do this because the nut crop is so valuable. These are grafted trees and grow rapidly.

HARDY ENGLISH WALNUTS *Carpathian*

N 15 You know what the popular English Walnuts are which are now grown on the west coast. These Carpathian English Walnuts are just like them, thin-shelled and excellent flavor. But they are hardy and will live and bear in all but the most extreme cold states such as Minnesota, Dakotas, etc. All of our trees are propagated from a selected tree which started bearing very young and bears heavily and regularly and has proven especially hardy. They develop into quite large specimen trees, magnificent as a lawn tree and besides bear their wonderful nuts. Our trees are grafted and not seedlings. They generally start bearing next year after planting.

CHINESE CHESTNUTS

Now you can grow the attractive Chinese Chestnut tree. After many years of search and hybridizing by government specialists, they have developed trees which are so highly blight-resistant that you can grow them where up to now it has not been possible. They develop into large, handsome trees, making any lawn and home more attractive. The four varieties listed below were selected by these specialists as being the very best. Our trees are grafted from them. The nuts are large, sweet, fine flavored. The trees are entirely hardy with us. To get the greatest yield, plant 2 or more varieties so they can cross-pollinize.

Clematis Jackmani

INTER-STATE'S CLEMATIS

Clematis are the most colorful and many people think them the most beautiful of all flowering vines. On a porch, pergola, trellis or fence, they are truly a gorgeous sight, so many lovely flowers of purple, white and red, all summer. A location shaded from the hot afternoon sun is ideal. Our plants will bloom this summer. POSTPAID.

V 2 Henryi—A chastely pure white flower of unrivaled charm. Immense size, often 7 inches across, and produced all summer. **Each 90c, 2 for \$1.65**

V 3 Jackmani—When you see this plant, covered with hundreds of purple blooms, you will know why it is called the Queen of all Vines. The flowers are large, 4 to 6 inches across and produced freely all summer. The most colorful and attractive of all. **Each 90c, 2 for \$1.65**

V 4 Mme. Ed. Andre—Its striking, velvety red flowers are produced profusely. **Each 90c, 2 for \$1.65**

SILVER LACE VINE

V 17 Silver Lace is the Fastest Growing Hardy Vine. Often grows 10 to 12 feet the very first season. From mid-summer to late fall, completely covered with thousands of small white flowers. The foliage is glossy green. Easy to grow, it is ideal for porch, pergola, trailing over a fence, stumps and banks.

Each 80c, 2 for \$1.35 Postpaid

V 18 Boston Ivy—It clings so closely to the walls, they seem to be shingled with leaves. The foliage colors a charming maroon in the fall. Clings without support to even the smoothest surface. Prefers a north or east side. Postpaid.

Each 65c, 2 for \$1.10

WISTERIA VINES

Easy to grow from coast to coast excepting in the very coldest states. Long clusters of fragrant flowers in the spring. Our plants are grafted from blooming wood and start blooming much quicker than ordinary Wisteria. Your choice of four colors.

V 12 Blue V 15 Purple
V 14 Pink V 16 White

Heavy 2-Year Plants Each \$1.00, 2 for \$1.85, Postpaid

SUMMER KING HONEYSUCKLE

V 9 Summer King Honeysuckle (Heckrotti)—From June until freezing, this magnificent plant is covered with showy clusters of large, fragrant flowers, rose-flame outside and gold inside. The attractive foliage, a rich blue-green, makes a perfect background for the brilliant flowers. Hardy,

Summer King Honeysuckle

healthy, easy-to-grow. It can be used in so many places—porch, pergola, fence, fine for covering bank or cave, and especially beautiful for a trellis. OUR PLANTS WILL BLOOM THIS SUMMER. Postpaid.

**Heavy, 2-Year Plants,
Each 75c, 2 for \$1.25**

**Medium, 1-Year Plants,
Each 60c, 2 for \$1.00**

V 30 EUONYMUS VEGETUS—

The only hardy vine we know that holds its glossy, rich green foliage all winter. Has scarlet berries for many weeks. A marvelous wall cover. Grows in sun or shade. Grows rather slowly but every foot is so attractive. Clings to anything. Lasts a lifetime.

Each \$1.50, Postpaid

NEW SURE-TO-FRUIT BITTERSWEET

V 19 Chinese Bittersweet (Loeseneri)—This is a new, rare species imported from China a few years ago. It is the surest and most prolific fruiting variety known. The foliage is a glossy blue-green. Blooms in June. In autumn the clusters of attractive orange-scarlet berries are so thick they almost cover the entire vine. Just one plant will fruit. But if you plant two in the same hole or close together so they can cross-pollenize, they will bear still more. The berried branches make such fine fall and winter bouquets. Entirely hardy with us, it grows in almost any kind of soil, in full sun or part shade. It will grow in almost full shade but not fruit as heavily. We grow these from cuttings so as to keep the strain pure. POSTPAID.

Extra Heavy 3-Year Plants..... **Each \$1.00, 2 for \$1.75**

Heavy 2-Year Plants..... **Each .80, 2 for 1.35**

Inter-States Flowering Shrubs

MAKE YOUR HOUSE A HOME. HAVE BLOOMS FROM SPRING TO FROST

SPIREA VAN HOUTTE, Bridal Wreath

\$ 139 This shrub has done more than any other to beautify America. It makes good everywhere, a solid mass of white in the spring. Use it for foundation planting, single specimens, in groups, for screens, hedging, in fact any place you want a hardy flowering shrub 5 to 6 feet tall. Grows in sun or part shade, good soil or poor.

	Each	3 for	6 for

18 to 24 inches, Postpaid..	45c	1.10	2.10
2 to 3 feet, Postpaid....	60c	1.65	3.00
3 to 4 feet, Postpaid....	85c	2.25	4.25

\$ 6 Barberry, Green Leaf (Thunberg's, Japanese)—Good for border and low foundation planting. Makes a dense, rounded bush 3 to 4 feet tall. Grows in sun or part shade. Foliage colors bronzy-purple-red in the fall. Bright red berries hang on nearly all winter. Has small thorns. Hardy. Immune to rust.

12 to 18 inches, Postpaid.....	Each 50c
18 to 24 inches, Postpaid.....	Each 65c

S 2 Almond, Pink Flowering—Blooming soon after the Golden Bell, it is one of the earliest flowering shrubs. The small, very double, rosy-pink flowers completely cover every branch from top to bottom. Makes a rounded bush 3 to 4 feet tall. Grows from coast to coast and gulf to Canada. Thrives in full sun or partial shade. Our plants are grown on their own roots. This means extra vigor and also they will not produce "wild suckers."

12 to 18 inches, Postpaid.....	Each \$.60

\$123 Snowball White—A popular old-fashioned, tall-growing shrub. In the spring it is covered with clusters of pure white flowers which look like snowballs. Grows in sun or part shade. Very hardy.

12 to 18 inches, Postpaid.....	Each \$.85
18 to 24 inches, Postpaid.....	Each 1.10
2 to 3 feet, Postpaid.....	Each 1.45

S 7 Barberry, Red Leaf—By far the most popular red leaved shrub in America. The foliage comes out a lustrous purple-red, becoming more brilliant in summer and in the fall turns a striking orange-scarlet. Has red berries nearly all winter. Makes a dense compact shrub 3 to 4 feet tall. Its color is best when planted where it gets the full sunlight practically all day. Adds a distinctive color to any planting. Easy to grow, everywhere. Immune to rust.

12 to 18 inches, Postpaid.....	Each 50c
18 to 24 inches, Postpaid.....	Each 65c
2 to 3 feet, Postpaid.....	Each 90c

S 8 Beauty Bush (Kolkwitzia)—This is another very fine, long-lived shrub. In the spring, the graceful arching branches are completely covered with lovely pink blossoms. The bush is very shapely and attractive. Hardy, it grows 6 to 8 feet tall and grows even in rather poor soil. Rather slow to come into blooming, but after 3 years it will be a beauty spot in your garden. Use it in group plantings, as a specimen and for an untrimmed flowering hedge or screen, it is superb.

12 to 18 inches, Postpaid..	Each \$.60
18 to 24 inches, Postpaid..	Each .75
2 to 3 feet, Postpaid....	Each 1.00

MOCK ORANGE BEAUTIFUL STAR

\$ 86 Mock Orange, Beautiful Star (Belle Etoile)—Many think this the finest and most fragrant Mock Orange. The 2-inch flowers are star-shaped and pure white except when first opening there is a slight purple tinge deep in the throat. Makes a neat, graceful bush about 5 feet tall, blooming in late spring and early summer. Grows in sun or part shade. It is new and scarce.

12 to 18 inches, Postpaid. **Each \$.75, 3 for \$2.00**
 18 to 24 inches, Postpaid. **Each 1.00, 3 for 2.50**
 2 to 3 feet, Postpaid. **Each 1.25, 3 for 3.00**

\$ 87 Mock Orange, Virginal—Lovely pure white, very fragrant flowers profusely in May-June and scattering all summer. Grows 5 to 6 feet tall. Hardy.

Azalea Mollis

IMPORTED
FROM HOLLAND

We are very fortunate in being able to import from Holland some fine Azaleas. These are not only a superior strain but you have your choice of four vivid colors. The plants are a foot tall, branched and will have a few flowers this spring. They grow 3 to 4 feet tall and 3 to 4 feet wide. Bloom in May and June, the striking flowers completely covering the entire bush. Prefers partial shade and a slightly acid soil so a mulch of Peat Moss is beneficial (see page 33 for Peat Moss). Stands 10 below zero without injury. Adds a touch of color no other shrub can give.

Golden Bell, Forsythia Spectabilis

Blue Hydrangea

Blue Hydrangea

\$ 55 Blue Hydrangea Domoti— The hardiest Blue Hydrangea. Has immense flower heads, often a foot across, that last for many weeks. In ordinary soil the flowers are pink. In acid soil they are blue. You can make your soil acid by mixing with it, half and half, acid Peat Moss (see page 33). Watering twice a month with a tablespoon of aluminum sulphate per gallon of water, will deepen the blue color. If you cannot get aluminum sulphate from a drug store, we will send you some postpaid for 50c.

Grows 3 feet tall and just as wide. Does best in partial shade. Where temperature goes below zero give winter protection just like roses, by mounding up 10 to 12 inches of soil around the plant before severe freezing. We do not recommend planting north of central Iowa, Minnesota and similar cold sections. Elsewhere it is a center of attraction in any garden. Our plants are field-grown (not small green-house potted plants) and a very great bargain at this price. They often start blooming next year after planting.

Field-grown Plants, Postpaid

Two-year, **Each \$1.50, 2 for \$2.75**

One-year, **Each 1.00, 2 for 1.75**

Euonymus Burning Bush

\$ 32 Euonymus (Alatus Compactus)—Yellow flowers in May-June followed by red fruits. In the fall the leaves turn brilliant coppery-crimson tinged rose. Has an unusual corky bark. Thrives in partial shade or full sun. Perfectly hardy, makes a compact, bushy plant 4 to 5 feet tall and just as wide. Not particular as to soil, growing over a wide territory. A shrub that is ornamental and attracts attention spring, summer, fall and winter. Branched plants about a foot tall. Postpaid.

Each \$1.50

Euonymus, Burning Bush

BLUE SPIREA

(*Caryopteris, Blue Mist*)

\$ 33 This is one of the most attractive, low-growing shrubs. Makes a neat, compact, rounded bush about 2 feet tall with narrow, silvery-green foliage. From August to frost it is covered with many clusters of dainty lilac-blue flowers. The roots are hardy but in northern states the tops die down to the ground each winter. Cut off the old tops in the spring and new ones come up. We have only a few hundred plants this spring.

Crape Myrtle Blooms Midsummer to Frost

Hardy Pink Crape Myrtle

Crape Myrtle, the south's most beautiful shrub, can now be grown farther north. We have secured a strain which is hardier. However, we do not advise planting it in the coldest sections like northern Iowa, Minnesota, etc. In northern states, grow it just like Everblooming Roses, giving winter protection by mounding up dirt before cold weather comes. It blooms on new growth so it does not matter if the old top is entirely killed. The flowers have such lovely clear colors with a soft crepe-like texture. We have priced them reasonably so all can enjoy this wonderful shrub. They generally bloom the very first summer. However they have one peculiarity. They sometimes are slow to leaf out the first spring they are planted. They stay dormant for several weeks and you wonder if they are dead. But after awhile the leaves come out and then soon they start blooming. Without doubt the Crape Myrtle is one of the most beautiful of all shrubs. The foliage is glossy deep green and it blooms in the hot summer months when flowers are so welcome.

Purple Fringe Smoke Tree

PURPLE FRINGE Smoke Tree

\$ 41 This makes a magnificent large shrub, up to 10 to 12 feet tall, around 6 feet wide. In July-August it is covered with feathery flowers like a cloud of lilac-purple smoke. It has a very distinctive, shiny green foliage which colors beautifully in the fall. It is a very unusual shrub which should be given room to develop and it will become more showy and attractive each passing year. Thrives in all sections from the Gulf of Mexico up to central Iowa. We do not advise planting it in the very coldest sections like Dakotas, Minnesota. Postpaid.

VIBURNUM CARLESI

\$ 145. Pictured above, this is often called the Pink Snowball. In the spring completely covered with blooms so fragrant they perfume the yard. Flowers open light pink, becoming white. Makes a well-shaped bush, 5 to 6 feet tall and just as wide. Deep green foliage colors bronzy-red in fall.

12 to 18 inches, Each \$2.00 Postpaid

Flowering Magnolia

Magnolia Soulangeana

T 18 Magnolia, Soulangeana—The most popular hardy Magnolia and many think the most beautiful of all flowering trees. One of the first trees to bloom in the spring, the delightfully fragrant flowers appear before the leaves. The blossoms are large, often 8 inches across, purple-pink on the outside and white on the inside. The foliage is an attractive shiny green. The tree seldom grows more than 10 feet tall and starts blooming when 3 feet tall. There are several fine specimens growing in Hamburg, but this is about the northern limit, as they require a sheltered location here. People come for many miles to see Magnolias in bloom. Why not plant one in your own yard so you and others can enjoy it.

This year we are fortunate in having available extra fine larger size trees. Every one has bloom buds and will bloom this season. Only in an exceptionally favorable growing season can we offer such trees. The larger size trees generally sell for about twice our price.

1 Magnolia, 18 to 24 inches	} Both for \$4.45 Postpaid
1 Jay Darling, 3 to 4 feet (see page 38)	

Lovely Flowering Cherry

Japanese Flowering Cherry. Millions of visitors to Washington, D. C. have marveled at the beauty of the Japanese Flowering Cherries around the Tidal Basin as pictured here. Now you can have them in your own yard. In the early spring they are completely covered with the lovely double flowers. They make rather low-growing, spreading trees. With us these trees have gone through 21 below zero without damage. But we do not recommend planting them in extreme cold sections like northern Iowa, Minnesota, Dakotas, etc. These trees which we send you will start blooming within a year or two after planting. They will grow in full sun or partial shade.

T 9 Kwanzan Japanese Flowering Cherry—No doubt there are more of this variety planted than all others combined. We have found it entirely hardy here at Hamburg. The large flowers are almost two inches across. They are fully double and a rich deep rosy-pink. It is widely planted on both coasts and is becoming more and more popular in between.

T 29 Mount Fuji Japanese Flowering Cherry—A magnificent sight when in full bloom. The large double pure snow-white flowers completely cover the tree. They are so large and double they look almost like roses. It seems to be just as hardy as the Kwanzan.

Winterberry Stays Green All Winter

Winterberry EUONYMUS PATENS

\$ 155 This is one of the most attractive of all shrubs. The leaves are lustrous glossy green and stay on all winter . . . Thrives in sun or partial shade. Does fine on north side of house. Makes a shapely bush 4 to 5 feet tall with red berries which hang on a long time. Fine for foundation planting and around the porch. Also it stands out in a general planting of shrubs. It makes a wonderful hedge that can be sheared to any desired height. As a hedge plant 18 to 24 inches apart. You can well picture to yourself how beautiful such a hedge would be, with well-branched, bushy plants and green foliage all through the winter. It does fine all through the south and eastern states, also Ohio, Pennsylvania, Indiana, Illinois, Missouri, southern Iowa, south-east Nebraska and all Kansas except northwest section. If you now have the ordinary shrubs, plant some of these. You will like it and everybody who sees it, will ask you for the name of it. This shrub generally sells at much higher prices. This spring they are extra fine, very well-branched and rooted. In fact the two larger sizes especially are specimen plants. **POSTPAID.**

Fragrant, Colorful French Lilacs

PLANT EARLY THIS SPRING—WILL BLOOM NEXT SPRING

They bloom very young, just a year or two after planting. Grow 6 to 8 feet tall. These are so fine that many cities are making French Lilacs the city-wide shrub. In our trial plantings we have nearly 50 varieties of Lilacs. We are propagating those kinds which we find best. They are grown right here at Hamburg and we believe they are as fine plants as are grown. Seldom have you had the opportunity to get such fine kinds at these prices. **Postpaid.**

AMERICA'S FINEST LILAC VARIETIES

\$ 84 Firmament—It is the finest and bluest we have ever seen, a clear sky blue. Single.

\$ 63 Marechal Foch—Enormous flowers of glowing rose. Without doubt this is one of the greatest of all Lilacs. Single.

\$ 72 Monge—This is conceded to be the best of the ruby-red. It is magnificent. Single.

\$ 75 Mont Blanc—We consider this one of our finest whites. Most of the others are creamy white. This is almost snow-white. Single.

\$ 90 President Falliers—This is the finest lilac color. Very full trusses and the flowers have a graceful lacy appearance. Double.

\$ 67 Souv. de Ludwig Spaeth. This is regarded as one of the very best purples. Single.

\$ 74 Victor Lemoine—Mr. Lemoine created most of the French Lilacs and he named this for himself. It is one of the world's finest, a beautiful pink overlaid lavender. Double.

HARDY HEDGES

BRIDAL WREATH

H 3 Bridal Wreath (Spirea Van Houtte)—This photograph shows the beauty of Bridal Wreath, America's most popular and widely planted untrimmed flowering hedge. Millions of small white blooms cover the gracefully arching branches, every spring, without fail. Requires no special care and lasts a lifetime. Perfectly hardy, grows everywhere, in full sun or partial shade. You see it all over America and everywhere it is attractive and thriving. Makes a marvelous natural hedge or screen 5 to 6 feet tall. Plant 2 to 3 feet apart.

ROSA MULTIFLORA JAPONICA

H 7 The conservation people are recommending this for a living hedge and for erosion control and wild life refuge. Has small thorns. Hardy excepting coldest sections like northern Iowa, Dakotas, etc. Makes a bushy plant 6 to 8 feet tall and almost as wide if not trimmed. White flowers in June followed by fruits which the birds like. Makes an excellent trimmed hedge, any height from 2 to 4 feet. Plant 18 inches apart for an untrimmed hedge and 12 inches if trimmed. POSTPAID.

HARDY PRIVET HEDGE

H 2 Hardy Russian Privet (Amoor River North)—If you do not know what hedge to plant, we recommend this very highly. It is by far the most popular hardy trimmed hedge in the northern states. It makes a permanent hedge, lasting for generations. Not only adds beauty, it also protects your yard especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick, dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. But if you trim it 3 or 4 times, it becomes more dense and bushy. Leaves are rich, dark green and hang on until very late fall. Plant 1 foot apart.

	Postpaid	12 for	25 for	50 for	100 for	200 for

CHINESE ELM

H 1 This is America's fastest growing hedge, making a good showing in just a few months. It is the first to leaf out in the spring and one of the last to shed in the fall. You can trim to any desired height from 3 to 10 feet, as a hedge or tall screen. The more you trim it the more dense and compact it becomes. We recommend that after planting, you cut off nearly all the top, leaving only 3 to 4 inches above ground. Plant 8 inches apart.

RA-PID-GRO

For Better Flowers, Better Lawns, Better Shrubs and Trees, Better Gardens

Here is a product that we would like to have everybody use. When planting, you simply put 4 level teaspoonfuls of RA-PID-GRO in 1 gallon of water (8 level teaspoonfuls in 2 gallons water, etc.). Soak the roots of Roses for 3 minutes. They will start much more quickly and bloom much sooner. Soak roots of shrubs for 3 minutes; roots of trees for 4 minutes; just dip Perennial roots for a second or two. Strawberry plant roots are dipped for just a second or two. Raspberry, Blackberry, Boysenberry, Healthberry roots, Grapes, Gooseberries, Currants and Blueberries are dipped for one minute. After dipping, plant right away, keeping all roots protected from sun and wind. When through planting, pour the solution around the newly planted stock. Then every 2 to 3 weeks, use RA-PID-GRO and you will get the very best results. 1 pound makes 22 gallons of quick-acting fertilizer.

It is marvelous for invigorating lawns. For using on the lawn and large areas, we have a special nozzle. It costs \$1.50 Postpaid. It automatically measures out the right amount of RA-PID-GRO. However, you do not need this nozzle for ordinary garden use. You simply put RA-PID-GRO in water in a pail or sprinkling can, then pour it around the stock you wish to fertilize. We realize the soil in most yards is not as fertile as it should be. RA-PID-GRO will overcome this and you will be greatly pleased at the increased growth you get. Try it at our risk. If you are not entirely pleased, your money will be refunded. Instructions on every package.

K 160	1 Pound for \$1.25	All Postpaid

K 162	5 Pounds for 4.50	
K 163	10 Pounds for 8.75	

PEAT MOSS

K 10 ACID PEAT MOSS for \$2.85
1 Large Bag containing 4½ Loose Bushels
K 12 ACID PEAT MOSS for \$1.85
1 Bag containing 2¼ Loose Bushels
K 11 NEUTRAL PEAT MOSS for \$2.85
1 Large Bag containing 4½ Loose Bushels
K 13 NEUTRAL PEAT MOSS for \$1.85
1 Bag containing 2¼ Loose Bushels

The above bags are shipped by freight, truck or express and you pay the shipping charges. Freight or truck is cheaper than express but takes longer. The freight charges for 2 bags are very little more than for one. Express charges on the larger size bag is around \$3.00 and \$2.00 for the smaller bag to Chicago, Denver, St. Louis, Oklahoma City. If you live closer then of course the express charges are less.

The freight charges are a little more than half the express charges. Those living east of Chicago, east and south of St. Louis, South of Little Rock and Oklahoma City and west of Denver should buy Peat Moss closer to home as the shipping charges would be so high.

We have two kinds of Peat Moss. One is ACID for using with Azaleas, Blue Hydrangea and other acid-loving plants. The

other is Neutral which is used for roses, shrubs, perennials, lawns and general use. It mellows heavy soils and helps bind sandy soils. It is a pure source of humus, needed by most soils. It is weed-free and odorless. Helps soil hold moisture and retain plant food. It is one of nature's best soil conditioners. Highly activated with beneficial bacteria. Mix ¼ Peat Moss with soil when planting and get better results.

For those who want a smaller quantity by parcel post we offer:

K 15 Contains 1 Bushel PEAT MOSS for \$1.75 Postpaid
K 14 Contains ½ Bushel PEAT MOSS for \$1.20 Postpaid

This is a special Horticultural All-Purpose Peat which can be used both for Azaleas, Blue Hydrangea and also Roses, Shrubs Perennials, Lawns, etc. It is almost 100% potential humus. Mix ¼ of this Peat Moss with soil when planting. Helps soil hold moisture and is a wonderful conditioner.

K 8 POTTING PEAT MOSS 5 Quart Sack for \$1.25 Postpaid
K 9 POTTING PEAT MOSS 10 Quart Sack for \$1.90 Postpaid
This POTTING PEAT MOSS is especially adapted for mixing with soil half and half for potting indoor plants. It is rich with bacteria and soil nutrients.

Send Living Gifts

That Will Be Cherished for Many Years

For Christmas, Birthdays, Mother's Day, Easter, Anniversaries, For Any Occasion

Each year more and more people wish to send their friends and loved ones Living Gifts. It is very easy to do. We have two plans. We guarantee satisfaction to you and to those receiving the gifts.

No. 1

You select from our catalog whatever you wish us to send. Give us the name and complete address to whom you want it shipped. We will send this party a suitable Gift Certificate giving your name as donor and listing the stock (without prices) that will be shipped at the proper planting time.

No. 2

If you prefer to have them make their own selections, then you simply send us the name and complete address and enclose check or money order for the amount you wish to give. We will send this party a suitable Gift Certificate good for this amount, giving your name as donor. We will also send our catalog stating that they are to select from it whatever they wish for the amount of the Gift Certificate. This stock will be shipped at the proper planting time.

Year after Year, these Gifts will be a reminder of your thoughtfulness.

K 26 ROSS ROOT FEEDER

for watering, for fertilizing

Each \$3.95 Postpaid

with one dozen regular
fertilizing cartridges

The Ross Root Feeder puts the fertilizer and water directly to the roots. Produces healthier and more vigorous growth. Especially fine for roses, shrubs and trees. You can fertilize and water at same time or you can just water. Needed all season. In the spring it is a quick booster for old and new plantings. In the summer insures food and water during dry spells. In the fall very necessary to put moisture down at the roots to prevent winter damage. Simple, easy to use, nothing to get out of order and lasts for years. For watering, just attach to hose. For fertilizing, place cartridge in the chamber, attach to hose and turn on the water. Push it into ground to desired depth. No water or fertilizer is wasted. Puts it DOWN AMONG THE ROOTS WHERE IT IS NEEDED.

Keep a supply of cartridges on hand. Box of 12 for \$1.00 Postpaid

K 27 Regular cartridge (8-16-8) is used for most plants, shrubs, roses, trees.

K 28 Acid cartridge (10-20-20) is used for evergreens and acid loving plants like Azaleas, Blue Hydrangea, etc.

K 29 6 Regular and 6 Acid Cartridges.

DUSTING SULPHUR

For Red Spider control on Evergreens,
Phlox, Etc.

Comes in a SELF DUST PACKAGE, all ready to use, no fuss, no mixing, no bother. Thoroughly cover on both upper and lower surfaces, then follow with second and third applications at 10 day intervals when necessary. Keep your Evergreens, Phlox, etc., healthy and free from the ravages of red spider by using this effective Dusting Sulphur.

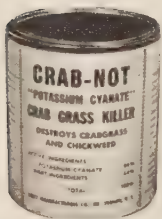

Also can be used for Black Spot, Mildew, Leaf Spot and Rust. Excellent for common chigger control.

SIMPLE DIRECTIONS TO FOLLOW ARE
PLAINLY GIVEN ON SELF DUSTER PACKAGE.

K 20 1 Pound DUSTING SULPHUR
and DUSTER only 50c, postpaid.

KILL CRAB GRASS WITH CRAB-NOT

Contains Potassium Cyanate

Now you can have a fine lawn. We have found CRAB-NOT to be the most effective, safest and easiest to apply. It does not stain clothing or sprayer, is fire-safe, and leaves no poisonous residue on treated vegetation. It is perfectly soluble in water and is beneficial to the soil.

No more digging, raking, hair-tearing. Just mix CRAB-NOT with water and spray it on. CRAB-NOT is the latest development in the chemical control of Crab Grass and Chickweed also. CRAB-NOT is relatively non-poisonous, kills crab-grass, both young and old plants, with little or no damage to the regular lawn grasses. It is economical to use. The 16 ounce size covers 2800 to 5000 square feet depending on the amount of crab-grass.

Inter-State's Imperial Multi-Purpose Home Orchard Spray

This amazing new home orchard spray contains four of the newest and most potent insecticides and fungicides, all scientifically combined in one Multi-Purpose Spray. You merely add water. One pound makes 12 gallons of spray. It is ideal for home fruit growing as this one spray controls insects and diseases in one spray material. It controls such insects as curculio, codling moth, Oriental Fruit Moth, Japanese Beetle, Leaf Rollers, Aphids, etc.; and diseases like scab, blotch, brown rot, cedar rust, leaf spot, etc. It also can be used as a dormant spray. Home fruit growing can now be made pleasant and profitable by following the simple directions on the package. This Multi-Purpose Spray does four things—

1. Contact insecticide killing many insects by contact.
2. Fungicide for diseases.
3. Control for chewing insects
4. Fumigant for killing certain insects.

Prices on Multi-Purpose Home Spray

CHINESE ELM

T 20 Because of its extremely rapid growth, the Chinese Elm has become popular. Under ordinary conditions, it grows 5 feet a year. In just a few years, it makes excellent shade. It is very valuable for those sections of America where most other trees will not live or thrive, where it is hot and dry, even in alkali. It seems to thrive even in the poorest soil. But in those sections where Maples, Oaks and American Elm are grown, we advise planting the Chinese Elm only as a temporary tree for quick shade. There are hundreds of thousands of such homes, which would be more attractive and more comfortable if some of these quick-growing Chinese Elms were planted.

A 5 to 6 ft. Tree, 7 Years after Planting

A WINDBREAK IN JUST 5 YEARS

MAKES YOUR HOME MORE COMFORTABLE, PROTECTS YOUR STOCK

A windbreak around your home and farm buildings makes living more comfortable both summer and winter. It breaks up the dust storms and blistering hot winds and the biting cold winds and drifting snows. It will take less fuel to heat your home. Your livestock and poultry will show greater production and profit. Chinese Elm is the fastest growing, drought resistant, economical tree you can plant for a windbreak. In three years you will see a big growth, in 5 years you would not sell it back for hundreds of dollars. These young Chinese Elm Seedlings are especially fine for windbreak planting. Plant them 5 to 6 feet apart. Two rows in zig-zag fashion help a lot, but three or four rows are better.

CHINESE ELM WINDBREAK OR HEDGE SPECIAL

TT 23 250 for \$5.00

Fine 12 to 18 inch plants, Postpaid

For windbreaks, the Chinese Elm is certainly a great blessing. Plant this spring and in a few years you wouldn't part with them for many times what you paid for them. Every day, summer and winter, they add to your comfort and make you money by their protection. For best results, plant 3 or 4 rows.

FOR QUICKER EFFECT—Plant these Root-Pruned-2 Yr. Seedlings

T 22 We have a fine field of 2-Year Chinese Elm Seedlings. These have been grown in wide rows and root-pruned which means a better root system. If you want to plant quite a lot of Chinese Elm Trees and hesitate about paying the higher price for the transplanted shade trees above, then these will do very well for you. The price is so low you can afford to make liberal plantings around your home and buildings, giving shade in summer and protection from the hot winds of summer and cold blasts of winter. A planting of Chinese Elm is a blessing on any

farm and especially so in those parts of Texas, Oklahoma, Kansas, Nebraska, Colorado, Wyoming and the Dakotas, where so few other trees thrive. These 2-Year Chinese Elm will grow rapidly and are a great value at these prices. They will be shipped at planting time by express.

TREES WHICH GIVE YOUR HOME AFTERNOON SHADE WILL REDUCE THE TEMPERATURE 10 DEGREES OR MORE

P I N O A K

The Most Majestic of Shade Trees

T 11 Everybody thinks the Oak is a grand tree and always admires it. But few have planted them for two main reasons. In the first place they have sold at high prices. In the second place many people think they grow so slowly. Now we are offering the Pin Oak, the finest of all Oaks, at the price of just ordinary trees. Careful records have shown that the Pin Oak, the fastest growing of all the Oaks, actually grows almost as fast as the American Elm. It is one of the most enduring of all trees. A tree planted now will be a great pleasure to you and for generations to come. For street and lawn planting it has no equal. It grows in symmetrical, pyramidal form and at maturity towers 60 feet high. The rich green foliage is deeply cut and colors to a glorious coppery-red in the fall. A sturdy, rugged grower, it adapts itself to all locations and is not bothered by insects or diseases. Plant Pin Oak and every year hereafter you will be thankful.

SUGAR MAPLE

T 6 The Sugar Maple (also called Hard Maple) is native to almost every state east of the Rockies excepting the gulf states. It is a permanent tree that lasts for generations. There are many homes in America which are identified by their magnificent Sugar Maples. There are two strains, a northern and a southern. Our trees are the northern. This strain colors more attractively in the fall when its luxuriant foliage is marvelous with tints of orange, gold and scarlet. It makes a large, spreading, perfectly formed tree, of which you will always be proud.

INTER-STATE'S NEW HAMBURG HYBRID ELM

T 3 This is an entirely new tree, a hybrid Elm that grows even faster than the Chinese Elm. Yet it does not break up as the Chinese Elm sometimes does. Resistant to diseases and insects. It makes a shapely tree with large, dark green leaves. It has never shown the least sign of winter or cold injury. It grows rapidly yet will make a permanent handsome tree, not as large or spreading as the American Elm. Ideal for lawn or park planting.

Beauty for all the Seasons

White Clump Birch

WHITE BIRCH

T 8 White Clump Birch is a rare form, grown as clump with 3 or more distinct trunks with only one root system. It gives a very attractive naturalistic effect. The bark turns white after 2 or 3 years and stays white winter and summer. The green foliage turns a pleasing yellow in the fall. Grows 25 to 30 feet tall and grass grows right up to the trunks. Perfectly hardy, easy to grow, thrives nearly everywhere except in the southern states. This is probably the most satisfactory of all Birches.

SCARLET MAPLE

T 10 Scarlet Maple (Rubrum). In the fall, this is the most gorgeously colored tree in all America. The leaves are a brilliant rosy-scarlet (like fall sumac leaves), much brighter than pictured here. In the spring, the tree is full of scarlet flowers followed by bright red seed. The spring and summer foliage is also attractive, deep green above and blue-green below. Makes a large, shapely, long-lived tree that is not so dense but grass grows underneath. Very valuable for lawn and parking. Grows from the gulf to Minnesota, Coast to Coast.

6 to 8 feet, Not Postpaid **Each \$3.45**
 5 to 6 feet, Not Postpaid **Each 2.85**
 4 to 5 feet, Not Postpaid **Each 2.45**

T 5 Purple Maple (Schwedler's). Beautiful in spring, summer and fall. In the spring, the foliage is a rich reddish-purple. In the summer, it is a bronzy-green. In the fall, it is attractive golden-yellow. It is not a fast grower but the growth is so symmetrical and perfect that even a young tree has a commanding appearance. Especially suitable as a specimen in the lawn and for the parking.

Prices Same As Scarlet Maple Above

Scarlet Maple

GOLDEN CHAIN TREE

VOSSI

T 2 One of the rarest and most beautiful low growing ornamental trees. In the spring it is completely filled with golden flowers, in graceful clusters 12 to 18 inches long, a sight that stops all who pass by and makes your yard a center of attraction. Has proven hardy at Hamburg but we do not advise planting in northern Iowa, Minnesota and similar extremely cold sections. Easy to grow, not fussy about soils. But it does appreciate being planted in a spot protected from both hot summer winds and winter's cold blasts. It will reward you greatly. Starts blooming in only a year or two after planting.

Golden Chain Tree

Crimson King Maple

T 7 Crimson King Maple (Plant Patent No. 735). Spring 1949 was the first time we offered this remarkable new tree. Neighbors who see it want one just like it. It is the best purple-leaved Maple, a great improvement over the Schwedler's Purple Leaf Maple. In the spring the foliage is a richer purple and moreover Crimson King carries this deep purple foliage through the entire season until the leaves drop in the fall. It adds a touch of color to the landscape, a welcome change from the prevalent greens. Very hardy and easy to grow. Not a rapid grower but each leaf, every inch is strikingly attractive. These trees are one-year old mostly not branched, but they start branching soon after planting. Too large to go by parcel post, we ship them by express not prepaid.

Flowering Hopa Crab

T 1 Hopa—Very popular flowering crab. Beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring, it is completely covered with the fragrant, bright pink flowers. From mid-summer to frosts, the clusters of small, red fruit gleam brightly along the branches. It makes fine jelly. In the spring, the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving in any soil.

Jay Darling Flowering Crab

T 32 Jay Darling—This new variety is the favorite of Mr. den Boer, Des Moines, Iowa, the eminent Flowering Crab authority. Similar to Hopa but the flowers are a deeper color, hold the color longer. The fruit is a brighter red and hangs longer on the tree. The tree is more rounded in shape and does not grow as tall. The foliage in the spring is a deeper color and holds this color longer. The birds like the fruit and those that winter over eat the fallen fruit all winter when they can get to it. In the spring when the robins return, Mr. den Boer says that the first food they look for are the fallen fruits under the Jay Darling trees. The fruit makes wonderful jelly.

Here is an opportunity to get genuine Inter-State roses at a SPECIAL LOW PRICE. These are exactly the same fine varieties as described on other rose pages but the plants are medium size 2-year number 1½ grade, field-grown. They are labeled as to color rather than by name.

We assure you that you will have beautiful, fragrant roses and lots of them, THIS SUMMER, and many summers to come. Order them early, PLANT THEM EARLY THIS SPRING and in a few weeks you will be cutting the lovely flowers.

You can grow roses in ordinary garden soil, in full sun or part shade. With each order we send easy-to-follow planting instructions. It also explains the simple winter protection needed in the cold states.

Inter-State roses are famous throughout America. Enjoy them in your own garden. We guarantee these roses to please you when you get them and also when they bloom. These roses are shipped to you postpaid and trimmed ready for planting.

Glorious Floribundas

Bloom June to Frost—Remarkably Hardy

Becoming increasingly popular because the plants are hardy, disease-resistant and bloom so freely. Plant in groups, beds or borders, 18 to 24 inches apart. These roses are shipped to you Postpaid and trimmed ready for planting.

C 89 Chatter (Plant Patent 739). Clusters of bright crimson fragrant flowers continuously from June to October. Hardy, disease-resistant, grows 18 inches tall. We think it the best of this color. Makes a marvelous bed or border.

C 191 Geranium Red (P.P. 811). The big 4 inch camellia-like flowers have same vivid red color and same spicy fragrance as the red geranium plant. You will love it.

C 86 Glorious (P.P. 879). This new rose has clusters of large vivid cerise fragrant flowers all season. 30 inches tall.

C 87 Goldilocks (P.P. 672). The first bright yellow floribunda. Fully double fragrant flowers in clusters from late spring to freezing. 24 inches tall, extremely disease resistant.

C 192 Pinocchio (P.P. 484). Clusters of salmon-pink flowers all through the season. About 2 feet tall.

C 193 Red Pinocchio (P.P. 812). Clusters of lovely flowers, carmine shaded scarlet. 20 inches tall.

C 95 World's Fair (P.P. 362). The first rose to win AARS award. Especially fine in a bed or border. Flowers are 3 to 4 inches across, velvety deep crimson. 24 inches tall.

C 85 Fashion scored the highest of the All America Rose Award winners for 1950. It was the only Floribunda to win and is considered the finest ever introduced. Always covered with clusters of exquisite flowers in a color entirely new in roses, a sparkling coral suffused gold. It catches the eye no matter where planted and its old-rose fragrance is delightful. Hardy and makes a very bushy plant 24 inches or so tall. The blooms are very long-lasting, making it ideal for bedding. Because of its lovely and distinctive new color and its freedom of bloom, we believe the demand will be enormous. So we suggest ordering early to make sure that you will be one of the first to have this sensational new rose. POSTPAID.

CC 188 2-year No. 1 plants

All 3 for \$5.00

CC 189 Specimen Plants All 3 for \$5.75

Mission Bells

These are the latest AARS winners as there were no awards made for Spring 1951. Winning an All America Rose Selection Award is the highest honor a rose can achieve in America. This symbol AARS identifies award winners. For 1950 four roses won awards, three hybrid tea ever-blooming roses, Capistrano, Mission Bells and Sutter's Gold and one Floribunda, Fashion, shown on page 41. A rose has to be extra good to win an award because it is tested by experts in trial rose gardens in all sections of the U. S. Not only are the flowers superior but also the plant must be healthy and vigorous. They cost but little more than ordinary varieties and are well worth the difference. These roses are shipped to you Postpaid and trimmed ready for planting.

C 186 Mission Bells (Plant Patent 923). An outstanding new rose that won All American Rose Selection Award for 1950. A healthy, vigorous grower that blooms freely. The pointed buds open into large, high-centered flowers often 5 to 6 inches across. Color is brilliant shrimp-pink, shaded glowing salmon. Fragrant.

Each \$2.00, 3 for \$5.00

Extra Large Specimen Plants, Each 2.25, 3 for 5.75

C 187 Sutter's Gold (Plant Patent 885). This fine new rose not only won All America Rose Selection Award for 1950 but also won the Gold Medal in the world famous Bagatelle trials in Paris, the first time a rose has won both honors the same year. The long pointed buds are bright yellow heavily shaded orange and red. Open into lovely high-centered flowers of richest golden yellow. Most fragrant of all yellow roses.

Each \$2.00, 3 for \$5.00

Extra Large Specimen Plants, Each 2.25, 3 for 5.75

C 185 Capistrano (Plant Patent 922). A rose that won All America Rose Selection Award for 1950 because it combined a very lovely flower on an exceptionally strong growing, healthy plant. Large flowers of an unfading rosy-pink, richly fragrant, on extra long stems, produced freely. Without doubt this is one of the very best bright glowing pink roses ever introduced.

Award Winners Pictured Actual Size

C 76 Tallyho (Plant Patent 828). This grand rose and Forty Niner were the only award winners in 1949. The healthy, vigorous bush produces constantly from late spring to frost, the big, fully double, long-lasting, spicily fragrant flowers. Blooms come singly on long stems fine for cutting. Color is a deep rose shaded soft red with outside petals almost crimson.

Each \$1.75, 3 for \$4.40
Extra Large Specimen Plants, Each 2.00, 3 for 5.15

C 18 Lowell Thomas (Plant Patent 595). The perfect buds open into charming flowers of the purest clear yellow. Come singly on long stems and have a delicate fragrance. Exceptionally fine. We consider this the best clear pure yellow patented rose we have ever grown.

Each \$1.50, 3 for \$3.75
Extra Large Specimen Plants, Each 1.75, 3 for 4.50

C 31 Forty-Niner (Plant Patent 792). This 1949 All America Rose Selection Award winner is probably the brightest colored rose ever introduced. Inside of petals is vivid red and the outside, chrome yellow. Long pointed buds open into well-shaped flowers, fragrant, and lasting a long time. Very few thorns. Extremely healthy, vigorous bush.

Each \$1.75, 3 for \$4.40
Extra Large Specimen Plants, Each 2.00, 3 for 5.15

Charlotte Armstrong

All roses are shipped Postpaid, trimmed ready for planting.

C 69 Rubaiyat (Plant Patent 758). The only rose to win an award in 1947. The extremely vigorous and healthy bush produces very fragrant, cerise-red flowers constantly through the season. A marvelous garden rose and long stems make it good for cutting.

Each \$1.50, 3 for \$3.75

Extra Heavy Specimen Plants, Each 1.75, 3 for 4.50

C 29 Diamond Jubilee (P.P. 824). This great rose won top honors in 1948. The large, fragrant flowers of warm buff-orange are fully double, high centered. They last unusually long both on the bush and when cut. Exceptionally vigorous, healthy grower and free bloomer.

Each \$2.00, 3 for \$5.00

Extra Heavy Specimen Plants, Each 2.25, 3 for 5.75

C 10 Charlotte Armstrong (P.P. 455). One of the world's best roses. Has won many honors. Magnificent in the garden because of its great vigor, disease-resistant foliage and freedom of bloom. Long streamlined carmine buds open into enchanting flowers of the loveliest cerise, beautiful at all stages. Long stems fine for cutting.

Each \$1.50, 3 for \$3.75

Extra Heavy Specimen Plants, Each 1.75, 3 for 4.50

C 16 Katherine T. Marshall (P.P. 607). Strong grower, good bloomer. Large, fragrant flowers, glowing pink.

Each \$1.50, 3 for \$3.75

C 50 Mirandy (P.P. 632). Huge, perfect, very fragrant, dark red flowers. It wins the blue ribbons.

Each \$1.50, 3 for \$3.75

C 15 Mme. Chiang Kai-Shek (P.P. 664). Exhibition blooms of canary yellow, fragrant.

Each \$1.50, 3 for \$3.75

C 61 New Yorker (P.P. 823). The sensational new unfading bright red rose, fragrant.

Each \$2.00, 3 for \$5.00

C 57 Nocturne (P.P. 713). AARS award in 1948. Large, fragrant rich crimson. Very fine.

Each \$1.50, 3 for \$3.75

C 71 San Fernando (P.P. 785). AARS award in 1948. Brilliant scarlet flowers that do not fade or blue, very fragrant.

Each \$1.50, 3 for \$3.75

C 78 Taffeta (P.P. 716). AARS award in 1948. Lovely multicolored flowers of carmine, rose, apricot-gold, salmon, fragrant.

Each \$1.50, 3 for \$3.75

The Two Greatest Roses of All Time

C 58 Peace (P.P. 591). Generally conceded to be the greatest rose ever created. The perfect buds open slowly into large, fragrant, fully double flowers. Its greatest charm is the changing panorama of colors. The buds are rich gold edged cerise. As the outer petals unfold, the gold changes to canary then lightens to creamy ivory. The cerise edge gradually deepens and becomes broader so the fully open flower appears a sparkling cerise with a creamy-yellow base. Last unusually long, beautiful at all stages. A vigorous, healthy, free-blooming bush.

Each \$2.00, 3 for \$5.00
Extra Large Specimen Plants, Each 2.25, 3 for 5.75

C 11 Crimson Glory (P.P. 105). The greatest red rose of all time. Next to Peace, this is America's favorite fine rose. The perfect buds open into large magnificent blooms of velvety deep crimson. They are so fragrant that only a few flowers will perfume an entire room. A healthy grower it produces its beautiful flowers from late spring to frost. There are many fine red roses but Crimson Glory has a velvety texture, a rich crimson color, a fragrance, perfection of form and healthy, vigorous growth that makes it outstanding. Truly a "must-have."

Dr. J. H. Nicolas

(Plant Patent 457)

EVERBLOOMING CLIMBING ROSE

C 165 This picture, made from a color photograph, shows the beauty and freedom of bloom of this remarkable new rose. From late spring to hard frost the fully double, 50 to 60 petals, deep rose-pink flowers are produced. Very fragrant, they come on long stems fine for cutting. Hardy as Paul's Scarlet and disease resistant. Very fine as a pillar rose. The most popular climber we ever sold. It produces flowers just as perfect as those from a bush rose. Fertilize with some cow manure if you can get it. Otherwise use Ra-Pid-Gro, Vigoro, etc. The more it grows, the more it blooms. Will bloom this summer.

Each \$1.75, 3 for \$4.40

Postpaid

Gold Rush

White Dawn

C 169 White Dawn—Here is the hardy, everblooming white climbing rose we have been waiting for. Created by Dr. Longley of the University of Minnesota. The flowers are double, snow-white, fragrant and produced constantly from late spring to frost. Also, it **WILL BLOOM THIS SUMMER AND FALL**. With us, it is just as hardy as New Dawn, one of its parents.

Each \$2.00 Postpaid

C 170 Gold Rush—At last we have a hardy everblooming yellow climbing rose. The lovely flowers are large, double, high-centered and rich golden yellow. They are produced from late spring to frost. Will bloom this summer and fall. The foliage is a glossy ivy-green. Hardy, a vigorous grower, this new variety is certainly welcome.

Each \$2.00 Postpaid

INTER-STATE'S Climbing Roses

C 161 Paul's Scarlet—This famous rose is the most popular red climbing rose ever created. A mature plant in full bloom is a sight that simply stops everybody who passes by. It is a solid sheet of blazing scarlet. The color does not fade but is as bright when last petal falls as when it opened. The flowers come in clusters on long stems. Plant them on a trellis or porch. A row of them along the fence will be the talk of the town. **Each \$1.50**

C 166 Zephyr (Zephirine Drouhin)—Here is a rose that really climbs. It will cover a pergola, porch, arch or fence. IT HAS NO THORNS. It is hardier than most climbers. In the spring it is completely covered with the large unfading American Beauty rosy-red flowers. Very fragrant. You also may get a few flowers in the fall. This is far better than the variety, Climbing American Beauty. **Each \$1.50**

C 152 New Dawn—This was the first Everblooming Climber. The flowers are large, double, a lovely apple-blossom pink and delightfully fragrant. They come on long stems fine for cutting. It blooms constantly from late spring to frost. An ideal pillar rose. It has proven hardy. Will bloom this season. **Each \$1.50**

BLAZE SPECIAL

1 Blaze 1 Gold Rush
1 Dr. J. H. Nicolas 1 White Dawn

CC 172 All 4 for \$5.95
Postpaid

For mass display of color, hardly anything can equal climbing roses in full bloom. Used on porches, arbors, trellises and trailing over fences. All these climbers are hardy, but we recommend that winter protection be given in cold sections. Set 3 to 4 feet apart. Dr. J. H. Nicolas, Blaze, Paul's Scarlet and Coral Pillar are ideal for trellis. They are Pillar type and do not grow as vigorously as the others. Gold Rush, New Dawn and White Dawn grow more vigorously and can be used for trellis, porch, pergola or fence. City of York and Zephyr are ideal for pergola, porch or fence as they are such strong growers. All climbing roses are postpaid.

C 155 Blaze—An ideal pillar rose with clusters of brilliant scarlet flowers covering the plant in June and repeat intermittently all season. Holds this bright color in the hottest sun. Plant in good soil as the more it grows, the more it blooms. If you cut off the old flowers, new bloom shoots will grow from the first eye below the old flower cluster. **Each \$1.50**

C 156 City of York—A new very vigorous growing hardy climber. For several weeks in late spring and early summer, the vigorous plant is covered with hundreds of the 3-inch snow-white flowers. So fragrant that they perfume the entire area. There is some recurrent bloom during summer and fall. It is a strong, healthy grower, hardy as Paul's Scarlet. Its deep green foliage fairly sparkles in the sunlight. **Each \$1.50**

PAUL'S SCARLET SPECIAL

1 Paul's Scarlet
1 Zephyr
1 City of York

CC 171 All 3 for \$3.00
Postpaid

C 154 Coral Pillar—Originated by Dr. W. E. Lammerts, this new everblooming variety is a perfect pillar rose. The flowers are large, a brilliant blending of rose, pink, carmine, gold and apricot. Hardly ever out of bloom from spring to frost. When your neighbors see it, they will want one too. It is strikingly beautiful and very free blooming. It will bloom this summer and fall. **Each \$1.50**

C 168 CLIMBING PEACE (P.P. 932)—This is a sport of the sensational bush rose Peace. The flowers are identical but the plant is a stronger grower so that it can be used on a trellis. As it is new, we do not know yet how hardy it is so we suggest that in northern states it be given good winter protection. It blooms all through the season and will bloom THIS SEASON. **Each \$2.25**

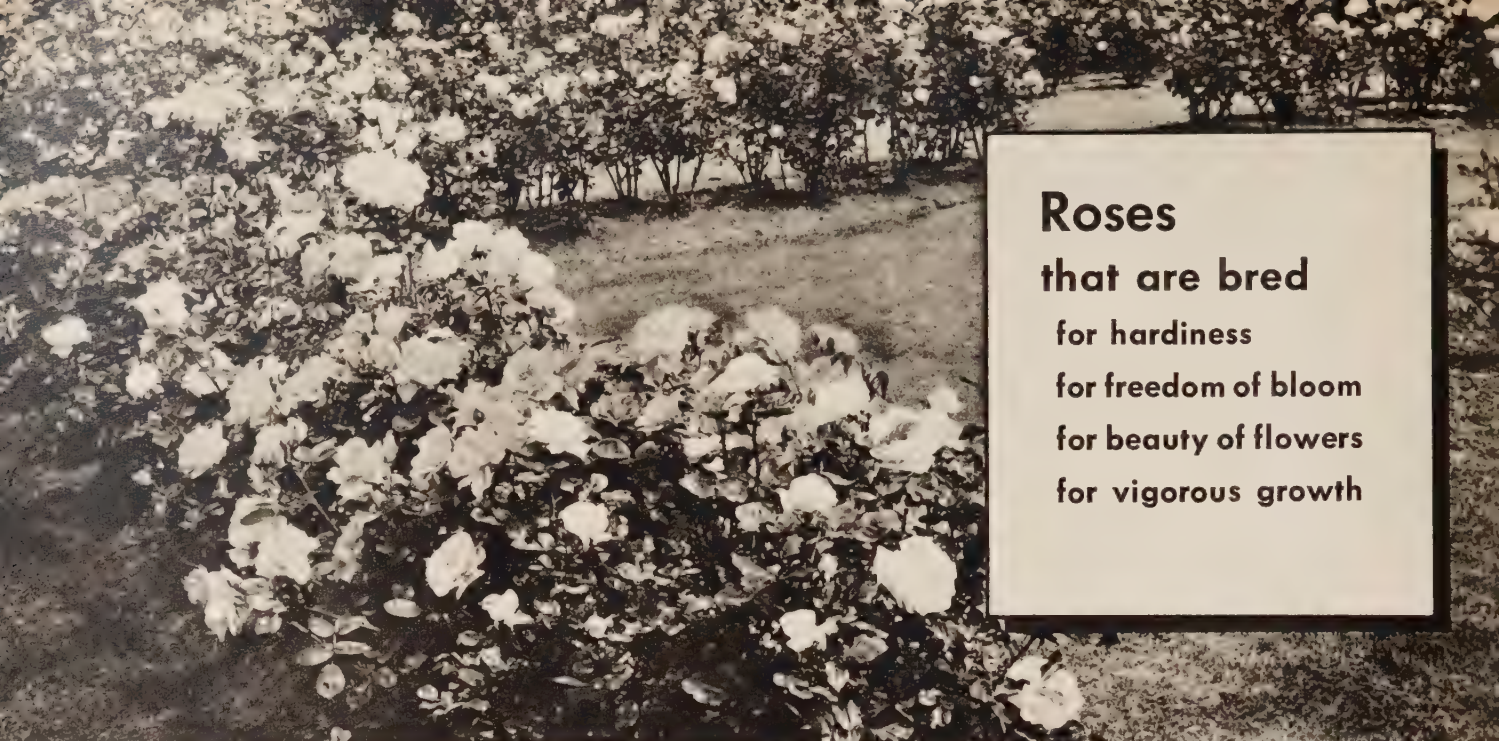

Mrs. O. C. Moon, Grandview, Missouri, writes on June 21, 1950:

"The Roses purchased from you this spring have produced blooms far prettier than illustrations. Every bush has from 9 to 10 blooms most of them five to six inches across. They have been blooming for three weeks. Never lost a bush. It is hard to pick a favorite they are all so beautiful."

Roses
that are bred
for hardiness
for freedom of bloom
for beauty of flowers
for vigorous growth

Famous Everblooming Roses

The Rose is rightfully called the Queen of All Flowers. None other can equal its fragrance, its colorful beauty, its grace, its freedom of bloom from spring to frost—each flower bringing its message of joy, cheer and beauty.

Can you think of another hobby that will provide more pleasure and more beauty for you than growing roses? There is a thrill when you walk into a rose garden and smell the delightful fragrance of the beautiful flowers.

Each year many thousands buy from this fascinating selection of glorious, hardy, everblooming roses. They will commence blooming 7 to 8 weeks after planting. PLANT ROSES EARLY, around the time when people are putting in early gardens. Plant 20 to 24 inches apart. With each order we send Planting Instructions telling you how to plant and care for your roses.

These are all strictly first quality, hardy, field-grown plants. This season they are exceptionally fine, vigorous and husky. Some prefer to plant extra heavy bushes so we are making a special grade selecting the extra large, specimen plants, extra well-branched with extra strong root system. We also assure you that our regular 2-Year No. One grade will satisfy critical buyers. They are the kind which have made Inter-State roses famous all over America. The Standard 2-Year Medium (No. 1½ grade) Plants are smaller than the 2-Year No. 1. They will bloom this summer and are a very good value.

Postpaid prices on all roses on pages 50 and 51 (except Allure and Heart's Desire)

Standard 2-Year Medium Plants	.90	4.00	7.50

C 12 Allure (Plant Patent 886)—A new rose we introduced spring of 1950. Both we and Mr. H. C. Swim, the originator, think that it is the finest rose of its color. In the first place the plant is so healthy, vigorous and free-blooming, with glossy leathery foliage. It won a First Certificate at the Famous Bagatelle Gardens. The buds are large, pointed, perfect form and gradually unfurl

to a very large, high-centered flower with a pleasing fragrance. It lasts a long time. The color is a rich shining Neyron rose suffused with gold and tinted salmon. When fully open the flowers are 5 to 6 inches across. They come singly on long stems, very fine for cutting. Has very few thorns. A wonderful rose with a great future. Pictured on page 42.

Each \$1.50, 3 for \$3.75

C 20 Caledonia—Long buds open into double, high-centered flowers of ivory changing to pure white. Come singly on long stems. Delicate fragrance.

C 22 Christopher Stone—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. One of the best bright red roses. Pictured on page 42.

C 21 Condesa de Sagago—large, fragrant flowers of fiery copper-red inside and rich yellow outside. Strong, healthy, vigorous grower and free bloomer. It is one of the great roses of all time.

C 23 Contrast—A strikingly beautiful two-tone rose, the inside of the petal is cerise-rose with a brightening touch of orange, and the outside is satiny white. The flowers are very full and double, fragrant and produced abundantly throughout the entire season. Fine in the garden and for cutting. It is a hardy, husky, vigorous grower, a rose that "can take it."

C 25 Duquesa de Penaranda—A most intriguing color of orange-apricot, with deeper coppery tones, large pointed buds, sweetly perfumed and long lasting. A tall, strong grower with beautiful light green shiny foliage. One of the first varieties to bloom in the spring. Pictured on page 43.

C 27 Editor McFarland—All through the season, the lovely fragrant, glowing pink flowers are produced on long, strong stems, fine for cutting. The buds are perfect. We consider this one of the finest pink roses ever introduced.

C 28 E. G. Hill—Large flowers of very lasting dazzling scarlet-crimson, never fading or turning blue, but actually becoming deeper red as they open. The flowers are borne on long stems and are very fragrant. Its brilliant color, extra freedom of bloom and lasting color qualities have made it so popular.

CORRECTION

Add 1 Rubaiyat to the listing of the 10 AARS Roses on page 44.

C 26 Edith Nellie Perkins—One of the finest of all roses. The long, pointed buds come on long stems and open into perfect flowers of orange-cerise and salmon tinged gold inside. Fragrant. Grows vigorously and blooms freely.

C 30 Etoile de Hollande—The perfect buds open beautifully into glorious perfect flowers of velvety crimson. Incomparable fragrance. The bush is strong, free branching and healthy. Fine for cutting.

C 34 Frau Karl Druschki—The magnificent white rose that is loved by all. Immense long, pointed buds open into graceful flowers that are unsurpassed for form and the color is the clearest, pure white. Perfectly hardy. Such a vigorous grower you should plant them farther apart.

C 36 Golden Dawn—This lovely rose has taken the entire world by storm. The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of rich yellow. Hardy, vigorous, free-blooming.

C 37 Golden Rapture—Exceedingly fine new rose with fragrant flowers of clear golden yellow. Exquisite buds on long stems, fine for cutting as they last so long.

C 14 Heart's Desire—(Plant Patent 501)—So fragrant that a small bouquet will perfume a room. The buds are perfect, long pointed and open into large graceful double flowers. The color is an extremely pleasing shade of scarlet-crimson. The flowers come on long stems, fine for cutting. Hardy, healthy, vigorous grower and bloomer. A magnificent rose. Pictured on page 13.

Each \$1.50, 3 for \$3.75

C 44 K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today is unsurpassed.

C 46 Margaret McGredy—At first the color is a bright orange-scarlet that lightens to a rich carmine and is beautiful at all times. A healthy, vigorous grower that is always in bloom.

C 47 McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Buds are long pointed, opening into very large, double flowers. Many consider it the finest white rose. Pictured on page 43.

C 48 McGredy's Scarlet—A wonderful rose, beautiful in the garden and fine for cutting. The large flowers of luminous carmine-red are produced generously from spring until frost.

C 49 McGredy's Yellow—This is our favorite yellow rose. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct. A strong grower and free bloomer. Pictured on page 42.

C 51 Mme. Joseph Perraud—This outstanding rose is pictured on page 42. A wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of nectarium buff flushed orange. Very vigorous. Large, glossy foliage.

C 52 Mme. Jules Bouche—A very fine white garden rose. The sweetly scented blooms are produced very freely all season and last a long time when cut.

C 55 Mrs. P. S. du Pont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. Long pointed buds, fragrant, profuse bloomer. It was the favorite yellow rose in our World's Fair Rose Garden in Chicago. Pictured on page 43.

C 59 Picture—We consider this one of the very finest pink roses, a clear pink with just a trace of salmon to give it a warm glow. Delightfully fragrant. The blooms are perfect in bud and when open. Blooms continuously.

C 60 Pink Dawn—A new rose. Fine for gardening and cutting. Buds are lovely, and open into large, fully double flowers of clear, purest pink. Extremely fragrant. A vigorous grower, hardy and free-blooming.

C 62 Poinsettia—This free-blooming rose brings to you the brilliance, the glowing red color of the Christmas Poinsettia. Long pointed buds, ideally formed, fine for cutting, free-blooming.

C 64 Pres. Hoover—A glorious combination of cerise-toned orange, scarlet and yellow. Richly perfumed, long stemmed and free-blooming. One of the most beautiful roses ever introduced. Pictured on page 42.

C 66 Radiance, Pink—The great pink rose, planted everywhere because it has made good all over America. Fragrant flowers are produced abundantly all season.

C 67 Radiance, Red—America's great red rose. Vigorous grower, hardy, healthy, free-blooming, with a true rose fragrance.

INTER-STATE

New ROSE DUST

AN EXCELLENT DUST

FOR ROSES

Convenient to Use

Effective in Results

Economical in Price

This is the best, most effective, most satisfactory Rose Dust we know.

This Rose Dust contains the necessary chemicals for the control of fungus diseases such as Black Spot and Mildew, also aphids and leaf eaters. It is very easy to use as it comes in a handy dust gun ready to use, no mixing, no fuss, no bother. Clean, healthy foliage is essential to grow good roses, also other plants. We suggest that you follow a regular dusting schedule, starting early just as soon as the plants are fully leafed out. Dust often, dust regularly and dust thoroughly, keeping the plants healthy. You will be astonished at how much better a healthy plant blooms. Complete instructions on every package. Guaranteed satisfactory or money refunded.

Though this dust is primarily intended for Roses, it is also effective on other plants.

**K 150 2½ Pounds Dust and
Duster postpaid for \$1.60**

**K 151 3 Pounds Dust
postpaid for \$1.60**

C 72 Soeur (Sister) Therese—One of the best yellow roses. The flowers are a bright yellow with some petals edged carmine. The fragrant blooms come almost in candelabra effect. A healthy, vigorous, free-blooming bush.

C 75 Talisman—A glorious combination of orange-yellow and rose-red. The buds are long pointed, flower is double, high centered. The fragrant flowers are freely produced all season and are especially fine for cutting as they come on long stems. The fall bloom is exceptionally gorgeous.

C 77 The Doctor—This is considered by many to be the most beautifully colored of all roses. The long, pointed buds open into simply enormous, yet graceful blooms, very fragrant. It is a pink with an iridescence, a sheen beyond description. Each flower is so perfect, so gorgeous, that you will consider it almost priceless. Far more beautiful than pictured on page 43.

INTER-STATE TREE ROSES

Tree Roses are grown by budding the rose on a stem trunk 40 inches above the ground, forming a bushy head at the top of this stem. The flowers produced on these Tree Roses are even larger and finer than those produced on regular rose bushes. They bloom from spring to frost. Very effective in the garden, giving their fragrance and beauty at eye-level. Our Planting Guide, sent with each order, gives simple method of winter-protection. We guarantee these Tree Roses to please you. They are the finest grown.

EVERBLOOMING FLORIBUNDAS

For garden beauty, Floribundas are ideal. They are hardy, very disease-resistant. The flowers come in clusters and are produced continuously from spring to frost. Put in groups, beds or borders, 18 to 24 inches apart.

- C 93 **Dagmar Spath**—Our finest white. 24 inches tall.
- C 90 **Else Poulsen**—Magnificent bright pink. We know of nothing better in this color. 30 to 36 inches tall.
- C 92 **Improved Lafayette**—Many think it finest of all for bedding or border. Its cheerful cherry-red flowers are produced so lavishly. 30 to 36 inches tall.
- C 88 **Lipstick**—Brilliant orange-red. 36 to 42 inches.
- C 100 **Mrs. R. M. Finch**—Apple-blossom pink. Very bushy plants 24 inches tall.
- C 91 **Pink Gruss An Aachen**—Makes a bushy spreading plant about 18 inches tall, with lovely, fully-double blooms of exquisite orchid pink. Especially fine in partial shade.
- C 94 **Ruth Shamburger**—Delicate salmon-pink. Very hardy. 36 to 42 inches tall.

Inter-State's Glads

DOUBLY GUARANTEED

Many New Varieties • Larger Spikes • Better Colors

We guarantee our Gladiolus bulbs to please you when you get them, ALSO WHEN THEY BLOOM. When you receive the bulbs, if you are not satisfied, return just one-half of them and we will refund the money you paid us for all of them. When they bloom, if you are not delighted, you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the glads.

This spring we are very proud to be able to offer you so many new, choice varieties. They are definitely better and more colorful than the older kinds. We have priced them so that many thousands can enjoy them. You will be able to win prizes at the flower shows. They will bring new, outstanding beauty to your garden. For cutting, Glads are the best of all because they are so beautiful, so easy to arrange and last so long. These new Glads will make your bouquets and arrangements "out-of-this-world." Your friends and neighbors will envy you.

Because we take great care in selecting our Glads we sell them by the millions, sending them to every state. We offer 2 sizes of bulbs. The LARGE are 1 1/4 to 2 inches across (diameter) and the MEDIUM are 1 to 1 1/4 inches across. All will bloom gorgeously, the larger bulbs producing bigger spikes. They are so easy to grow. Plant them 5 to 6 inches deep and 6 to 9 inches apart. Make your first planting when you make your early garden. Then make several plantings, 2 weeks apart and you will have the lovely flowers for many weeks. ALL GLADS ARE POSTPAID.

GLAD VARIETIES

Y 4 Abu Hassan—This new Glad is considered to be the finest dark violet-blue. Large flowers, fine stem. Extra fine. See page 56.

Inter-State's Superior Glads

YY 89 20 Large Bulbs

for \$1.00 Each One Different

In this collection are exactly the same fine varieties as described on these pages, but they are not labeled. They are all large bulbs. What wonderful, beautiful flowers of all colors they will bring you this summer. When they bloom, you will easily recognize some of our finest like Margaret Beaton, Picardy, White Gold, Purple Supreme, Elizabeth the Queen, etc.

YY 87

100 Large Bulbs \$4.45

YY 85

50 Large Bulbs \$2.35

Y 29 Florence Nightingale—The flower is far more beautiful than pictured on page 55. This new variety is rated by the experts as being one of the very finest whites ever introduced. The large flowers are beautifully ruffled, snow-white with ivory throat. It is a sure winner. Costs a little more but is well worth it.

	Each	3 for	6 for	12 for
Large...	75c	\$2.00	\$3.50	\$6.50
Medium..	50c	1.25	2.25	4.25

Y 31 General Eisenhower—New. The huge flowers are often 7 inches across, a rich begonia-rose. Strong, tall stems. Big and beautiful.

	Each	3 for	6 for	12 for
Large...	25c	60c	\$1.00	\$1.75
Medium..	20c	45c	.75	1.25

Y 32 Golden State—Pictured on page 56. Very large flowers of clear yellow with no greenish cast. Graceful spikes, often 5 feet tall. This new variety will certainly "go places."

	3 for	6 for	12 for	25 for
Large...	60c	\$1.00	\$1.75	\$3.00
Medium...	40c	.70	1.20	2.15

Y 35 Harry Hopkins—The picture on page 55 does not begin to do justice to this new Glad. The flowers are enormous, perfect form and the color is a rich ruby-wine that fairly glistens and does not fade or fleck. Big, strong tall stems. It wins the ribbons and everybody's approval.

	Each	3 for	6 for	12 for
Large...	50c	\$1.25	\$2.25	\$4.00
Medium...	30c	.75	1.25	2.25

Y 38 King Lear—A magnificent purple of large size and lustrous sheen, beautifully ruffled.

	3 for	6 for	12 for	25 for
Large...	25c	45c	75c	\$1.35
Medium...	15c	25c	45c	.75

Y 39 Lady Jane—Pictured on page 57. This new Glad is a great favorite of the florists because of its graceful spikes and the creamy flowers with just a touch of yellow, blend so perfectly with other colors. Lovely in the garden and also a show-winner.

	3 for	6 for	12 for	25 for
Large...	40c	70c	\$1.25	\$2.25
Medium...	25c	45c	.85	1.50

Y 41 Lavender Dream—This new Glad is far more beautiful than pictured on page 57. The color is an exquisite orchid-lilac-lavender that makes any bouquet far more beautiful.

	3 for	6 for	12 for	25 for
Large...	40c	70c	\$1.25	\$2.25
Medium...	25c	45c	.85	1.50

Y 40 Leading Lady—This new variety rates with the world's finest. Large perfect flowers on vigorous stems. The color is a rich ivory-white. Few glads have won as many Blue Ribbons. Now priced so thousands can enjoy it in their own garden. The picture on page 58 gives but an idea of its beauty.

	3 for	6 for	12 for	25 for
Large...	40c	70c	\$1.25	\$2.25
Medium...	25c	45c	.85	1.50

Y 42 Lipstick—Pictured on page 56. This grand new Glad is a lovely light pink with a rosy-red plume in the throat. Flowers are large, nicely ruffled on tall, straight spikes. Not only a show prize winner but also fine in the garden and very fine for bouquets. Outstanding.

	Each	3 for	6 for	12 for
Large...	25c	60c	\$1.00	\$1.85
Medium...	20c	45c	.75	1.35

Y 46 Margaret Beaton—No variety has created a greater sensation than this. The spikes are tall and straight. The flowers are very large, pure snow-white with a vermilion spot in the throat.

	3 for	6 for	12 for	25 for
Large...	25c	45c	75c	\$1.35
Medium...	15c	25c	45c	.75

Y 50 Miss Wisconsin—One of the most beautiful Glads ever originated. The color is a truly exquisite rose. The deeper color in the throat is not as pronounced as shown on page 55. It wins the Blue Ribbons, lovely in the garden and superb as a cut-flower.

	3 for	6 for	12 for	25 for
Large...	50c	85c	\$1.50	\$2.75
Medium...	35c	60c	1.00	1.75

Y 56 O. Sunshine—The picture on page 55 cannot show how this golden-buff with a light orange tinge color fairly glistens. We know of nothing its equal. Outstanding wherever you see it. New and scarce.

	Each	3 for	6 for	12 for
Large...	50c	\$1.35	\$2.50	\$4.50
Medium...	40c	1.00	1.85	3.50

Y 58 Pactolus—Pictured on page 57. This new Glad is the most spectacular and brilliantly colored we have ever seen. Reminds you of a bright setting sun in an amber evening. The flowers are nicely ruffled, a glowing apricot-gold with brilliant orange-red blotch. The name was taken from the brook in Asia Minor where King Croesus found his wealth. No up-to-date garden is complete without it.

	Each	3 for	6 for	12 for
Large...	\$1.00	\$2.50	\$4.00	\$7.00
Medium...	.60	1.35	2.25	4.00

Y 59 Phantom Beauty—This new variety is pictured on page 57. But it is absolutely impossible to reproduce on paper its ethereal beauty. It is such a lovely clear pastel pink. Tall, impressive spikes that certainly win the Blue Ribbons and are enchanting in a bouquet. Plant generously at our low price.

	3 for	6 for	12 for	25 for
Large...	50c	85c	\$1.50	\$2.75
Medium...	35c	60c	1.00	1.75

Y 62 Picardy—For many years this has been America's most popular Glad. The color is a beautiful, light salmon-pink. You have seen it and you know how lovely it is. You may have some but you always want more.

	3 for	6 for	12 for	25 for
Large...	20c	35c	65c	\$1.20
Medium...	15c	25c	40c	.70

Y 64 Purple Supreme—A magnificent purple with many of the flowers open at once. It is a sure winner at the shows. Tall spike. You come back and look at it time and time again. It is a much richer purple than shown on page 58.

	3 for	6 for	12 for	25 for
Large...	35c	60c	\$1.00	\$1.75
Medium...	25c	40c	.70	1.25

Y 67 Red Charm—Without question this is one of the very best rich crimson grown today. The flowers are large, perfect form, many open at once and come on tall straight stems. You will agree it is magnificent. See page 58.

	3 for	6 for	12 for	25 for
Large...	40c	70c	\$1.25	\$2.25
Medium...	25c	45c	.85	1.50

Y 72 Robinson Crusoe—This is the most unusual colored gladiolus we have ever seen. It is a creation of that wizard of new glads and peonies, Mr. E. H. Lins. Everyone who saw it at our place last summer simply fell in love with it. The flowers are very large, beautifully ruffled, with 6 to 8 flowers open at once on a tall massive spike. No other glad in the world like it. The basic color is tan, heavily marbled with rosy-chocolate. The most unique Glad ever created, it is a sensation. We have only a few hundred for sale.

Large...	Each 50c
Medium...	Each 35c

Y 69 Roosevelt's Memory—A new Glad with simply huge flowers of ivory-white. A tremendous grower, it stands out in any planting. We do not have enough to include in a collection.

	Each	3 for	6 for	12 for
Large...	25c	60c	\$1.00	\$1.75
Medium...	20c	45c	.75	1.25

Y 71 Ruffled Beauty—One of the best yellows. The flowers are ruffled and color is even, clear, pure yellow.

	3 for	6 for	12 for	25 for
Large...	25c	45c	75c	\$1.35
Medium...	15c	25c	45c	.75

Y 74 Salmon's Glory—This grand new Glad is pictured on page 56. The flowers are very large, creamy-white with large showy red blotch edged yellow. Big, stately, tall spikes. Outstanding in the show room, the garden and when cut. Will be very popular as it becomes better known.

	3 for	6 for	12 for	25 for
Large...	50c	85c	\$1.50	\$2.75
Medium...	35c	60c	1.10	2.00

Y 76 Silver Wings—One of the most remarkable new Glads. Beautifully ruffled pure white flowers 6 inches across on fine spikes. It wins the Blue Ribbons. A basket of these is really a grand sight. We are making special prices so you can have some in your garden.

	Each	3 for	6 for	12 for
Large...	25c	60c	\$1.00	\$1.75
Medium...	20c	45c	.75	1.25

Y 79 Spic and Span—The most talked about new Glad. It has everything a winner should have, beautiful flowers, perfect form, wonderful spikes, excellent grower. Flowers are ruffled, a lovely rich pink, 20 or more on extra long spikes which never crook. Sensational. It is far more beautiful than pictured on page 55. Many rate it the finest of all Glads.

	Each	3 for	6 for	12 for
Large...	50c	\$1.25	\$2.25	\$4.00
Medium...	35c	.75	1.25	2.25

Y 73 Spotlight Yellow—Now and then a new variety is created which seems to stand head and shoulders above everything else. Here is just such a Glad. Large blooms of perfect form. The color is a clean, clear, yet brilliant yellow with small red mark in the throat which greatly enhances its beauty. See it on page 58.

	3 for	6 for	12 for	25 for
Large...	40c	70c	\$1.25	\$2.25
Medium...	25c	45c	.85	1.50

Y 78 Stoplight Red—Here is a red that does stop you and shows up like a lighthouse beacon on a dark night. It is called the perfect scarlet-red. Tall straight spikes with large exquisitely ruffled flowers of rich velvety crimson. The picture on page 56 cannot show its texture or rich color. We have reduced prices so thousands can enjoy it in their own garden.

Inter-State's Giant Rainbow Glads

YY 105 100 for only \$2.00 Postpaid

These are pictured and described on the catalog envelope. They are guaranteed to be satisfactory when you get them and when they bloom this summer. This is a wonderful value and will give you many blooms at small cost. The colors range from white to almost black, including all the beautiful Glad colors. The bulbs are fine, healthy, 1 to 1¼ inches across (diameter).

Buy several collections. Just think you can raise your own lovely bouquets at a cost of only 24c for a dozen marvelous flowers. In addition to our own bulbs, we have secured from some of America's best growers, wonderful bargains in their finest glads. Also we have imported from Europe many of their choice varieties, including seedlings from some of the world's great hybridizers. If named these seedlings would cost \$1.00 or more each. We can assure you that this is a marvelous collection, we believe the finest ever offered.

Grow Prize Dahlias

Dahlias are the largest and most beautifully colored of all the late summer and fall flowers. Easy to grow, we send simple planting instructions with every order. For exhibition, nip off the side branches allowing only a few main stems to grow. For lots of flowers, nip the ends of the main shoots when only a foot or so tall, making them branch. A young, small to medium-size bulb will do much better than a large, sappy, over-grown bulb. Even though Dahlias are planted late, we suggest that you order them early. They will keep perfectly in a moderately cool place, until planting time. ALL DAHLIAS ARE POSTPAID.

Just look at these low prices
for fine Dahlias

GIANT DAHLIAS

You who delight in raising large blooms, will want these three outstanding Dahlias. Give them a little attention and you can grow flowers as large as dinner plates and brilliant as a beacon light.

B 15 Mrs. George le Boutillier—Here is one everybody likes, especially the men. Giant 10 inch flowers of rich crimson. Without doubt the greatest of all reds. **Each 50c**

B 22 Lavender Delight—Large, deep blooms of exquisite orchid-lavender with center of flower snow-white. Perfect form and produced freely. One of the most beautiful Dahlias. **Each 60c.**

B 18 Royal Pennant—Large, very deep flowers of vivid purple. Long strong stems hold the flowers perfectly. Magnificent. **Each 60c**

GIANT SPECIAL

BB 29 Two Each Above 3 Dahlias only **\$1.90**
BB 30 One Each Above 3 Dahlias only **\$1.15**

FREE—With Each Giant Special (BB 29, BB 30) and Each Popular Special (BB 33, BB 32) we will include Free 1 BLUE BIRD, the giant lilac-blue dahlia worth 50c.

POPULAR DAHLIAS

These fine varieties have helped make Dahlias so popular in millions of gardens all over America. In fact, these are today the most popular kinds and they well deserve to be because of their large, beautiful flowers which are produced so abundantly.

B 6 Avalon—Perfect flowers of rich yellow. **Each 40c**

B 5 Gertrude Brinton—Brilliant scarlet-crimson. **Each 40c**

B 10 Jane Cowl—America's favorite, with its large flowers of bronzy buff shaded salmon. **Each 50c**

B 16 Mrs. Warner—Most popular lavender. **Each 40c**

B 26 Rose Glory—Lovely rose-pink. **Each 40c**

B 13 White Wonder—Very large white. **Each 40c**

POPULAR SPECIAL

BB 33 Two Each Above 6 Dahlias only **\$2.85**
BB 32 One Each Above 6 Dahlias only **\$1.65**

Mixed Collection

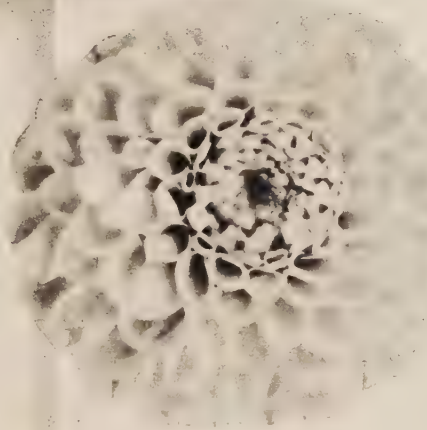

These Dahlias, all different, are not labeled. If you want beautiful flowers and do not care to know the names (many will recognize choice varieties), this is a very good offer. We include many kinds of which we do not have enough to list, many very fine.

BB 31 6 for \$1.00 Postpaid

Button Dahlias

These Button (Pompon) Dahlias have small flowers 1½ inches across, perfect in form. Produced continuously for many weeks. Beautiful in the garden, fine for cutting. You will like the rich, glowing colors. The bulbs are smaller than the larger flowered varieties but it is astonishing how freely they bloom.

BB 4 MIXED COLORS, Postpaid
4 for \$1.00, Each 30c

These are also called Ball Dahlias. They are small, 2 to 3 inches across. Tremendous bloomers, from early in the season to frost. The flowers come singly on long stems, attractive in the garden and especially fine for cutting. Every day, in season, you can cut a bouquet. The colors are so clean, bright and cheerful, and blend beautifully. Plant them freely, you will be richly rewarded.

Specialties for Your Garden

Hardy Amaryllis

HARDY AMARYLLIS (*Lycoris Squamigera*)

B 151 This is the amazing bulb which has attractive green foliage in the early spring. This foliage then dies down and disappears. In the late summer the flower stalk shoots up 2 feet high with large lily-shaped flowers, a lovely lilac-pink. There are often 8 to 12 flowers. These bulbs are hardy here but we do not advise planting them in coldest states like Minnesota. Plant the bulbs so the top is covered with 4 to 5 inches of soil. We also recommend a light winter mulch to prevent alternate freezing and thawing. Ordinarily this bulb sells at a high price. But we are selling them at these astonishing low prices. They will BLOOM THIS SUMMER. Before the foliage dies down be sure and put in a small stake or other marker so you will know where the bulb is. Otherwise you might hoe it up. Order this miracle bulb today.

Large No. 1 Flowering Bulbs, Each 50c, 3 for \$1.25

Shasta Daisy, Fringed

M 263 Shasta Daisy, Fringed—The flowers of this lovely Shasta Daisy are 3 to 4 inches across with narrow frilled petals of white and a center of bright yellow. Beautiful in the garden and fine for cutting. Grows 18 inches tall. Will produce dozens of blooms for years. Few flowers are so attractive when cut.

Postpaid, 4 for \$1.00, Each 35c

M 277 Shasta Daisy, Alaska—An old favorite with its large single flowers, pure white with a golden center. Grows 2 feet tall with long stems fine for cutting. Blooms from June to August.

Postpaid, 4 for \$1.00, Each 35c

M 235 Penstemon, Rose Elf—We consider this one of the very best new perennials. A healthy, husky grower it is entirely hardy with us. Plant it in a sunny spot and it becomes more beautiful each passing year. In June and July the graceful spikes, 2 to 3-feet tall are just full of the lovely coral-pink flowers. Fine for cutting and a show-place in the garden.

Postpaid, 3 for \$1.50, Each 60c

M 260 Veronica, Longifolia Subsessilis—This charming plant deserves a place in every garden, large or small. The deep blue flowers are produced from July almost to frost on 18 to 24-inch stems. Also fine for cutting. Hardy, it gets better each passing year. Easy to grow, in full sun or part shade.

Postpaid, 3 for \$1.25, Each 50c

CREeping PHLOX (*Subulata*)

Moss-like foliage stays green all winter. In the spring, completely covered with flowers. Thrives in sun or part shade.

M 216 Blue M 218 Red
M 217 Pink M 219 White
Postpaid, 3 for \$1.00, each 40c

Inter-State's Hardy Perennials for Shady Spots

Bleeding Heart

M 58 Bleeding Heart (Old Fashioned)—A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

Postpaid, Each 70c

GOLDEN SHOWER

M 89 Coreopsis Golden Shower is one of the best hardy new perennials. The bright yellow star-like flowers, 1 to 1½ inches across, are produced right through the hottest summer weather. The bright green, feathery foliage is attractive in itself. It makes a neat, bushy plant 18 to 24 inches tall that will brighten up a dull corner and add color to a border. Does well in full sun or part shade in ordinary garden soil. Try it at our risk, if you do not like it, you may select anything else you wish of the same value.

Postpaid, 3 for \$1.25, Each 50c

DIANTHUS, LITTLE JOE

M 112 This is one of our choicest hardy low-growing perennials. It makes a compact, bushy plant only 6 inches tall with handsome blue-green foliage. The rosy-red flowers, 1 inch across, are produced from late spring to freezing. Excellent for borders, foreground and rock gardens.

Postpaid, 3 for \$1.25, Each 50c

HARDY FERNS

Many ask us "What can I plant in shady places?" Among the very best, are these Hardy Ferns. They thrive in the shade. That is their natural home. Perfectly hardy, they come up year after year.

- M 120 American Maidenhair**—Fine on north side. Grows a foot tall.
- M 121 Hayscented**—Grows in semi-sunny places as well as shade. 12 to 18 inches tall.
- M 122 Interrupted**—Good for foundation planting in shade or part-shade. 2 to 4 feet tall.
- M 123 Lady**—Pictured. Likes the shade. 1 to 2 feet tall.
- M 124 Ostrich Plume**—Especially fine for a shady, rather moist spot. 2 to 4 feet tall.

Each 40c

Lily-of-the-Valley

M 193 Everybody loves these delightfully fragrant white flowers. They thrive in full shade on the north side of your home against the wall where few plants will live. They also do just as well right out in the full sun. We send you clumps of 5 to 7 Pips which will bloom this season and increase in beauty each year.

Postpaid.

**3 Clumps for \$1.00,
Each 40c**

**See Page 3
for Premiums**

M 195 Linum, Blue (Blue Flax)—Graceful, feathery foliage with azure-blue flowers almost all summer. Does well in dry, sunny places. Grows 18 to 24 inches tall.

**Postpaid, 4 for \$1.00,
Each 35c**

Fancy Leaved Caladium

Fancy-leaved Caladium

B 59 For a continuous foliage display from late spring to frost, no other plant equals these. They are easy to grow, thrive in partial, almost full shade. In the fall before freezing weather dig and store them like cannas. Or you can pot them for winter bloom indoors. This is a fine mixture with leaves of many different colors.

Postpaid 3 for \$1.00, Each 40c

- 1 Phlox Red
- 1 Lythrum Morden Pink
- 1 Cushion Mum Red

MM 289

All 7 for only \$1.60 Postpaid
(\$2.75 Value)

M 241 Pyrethrum (Painted Daisy)—This is the superb Robinson strain, the finest we know. The flowers are larger and brighter colored, the most gorgeous reds, fine pinks and pure whites, all mixed to blend beautifully. Long stems fine for cutting. Blooms profusely in the spring and early summer. Grows about 24 inches tall. We are making a very special price so that you can plant them freely. Postpaid.

10 for \$1.85, 5 for \$1.00, 2 for 50c

M 259 Vinca Minor, Bowles (Periwinkle)—This is our best ground cover. Fine for covering banks and bare spots, even right under trees. The glossy green foliage stays on all winter. Does not get brown in the summer. A profusion of bright blue flowers in early summer and scattering until fall. Plant 1½ to 2 feet apart. Postpaid.

12 for \$3.45, 4 for \$1.25, Each 40c

HARDY CARNATIONS

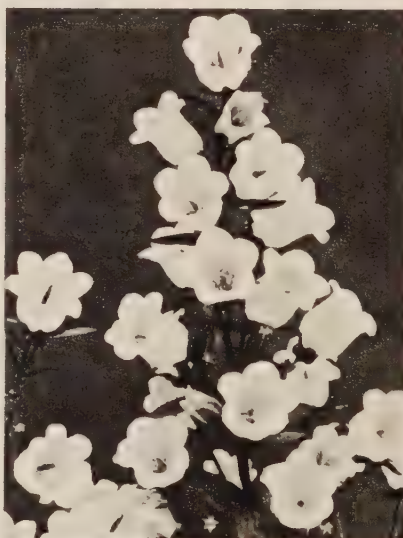

These are becoming popular because they are not only lovely in the garden but are fine for cutting. The flowers are very fragrant and come on long stems. Bloom freely in early summer and at intervals thereafter. Grow 18 to 20 inches tall. They are hardy but in cold sections we recommend a light winter mulch to prevent alternate freezing and thawing. Postpaid.

M 113 Dianthus, Spring Beauty—Large very fragrant, carnation-like flowers of many lovely colors. Blooms for weeks in the spring. 15 inches tall.

Postpaid, 4 for \$1.00, Each 35c

M 155 Dianthus, Everblooming Red—The brilliant scarlet-crimson flowers are produced all summer. 12 inches tall.

Postpaid, 4 for \$1.00, Each 35c

DELPHINIUMS

M 100 Cliveden Beauty—Many think this is the finest of all light blue flowers. Grows 3 to 4 feet tall and after the first great burst of bloom in early summer, it repeats at intervals. A healthy grower that lasts for many years. Lovely in the garden and very fine for cutting.

Postpaid, 5 for \$1.00, 2 for 50c

M 101 La Martine—This fine plant should be in every garden. The rich dark blue flowers are so lovely in the garden and for cutting. A great mass of flowers in early summer and at intervals all summer. When you cut a flower spike, another grows out to bloom later on. A healthy grower, 4 feet or so tall, lasts for years.

Postpaid, 5 for \$1.00, 2 for 50c

M 102 Pacific Hybrids—The individual flowers are very large, often 2½ inches across on spikes 3 to 4 feet long. The colors range from white, sky-blue to deep blue, purple, violet and exquisite shades of orchid-pink. The plants grow 5 to 7 feet tall. Cut the stems after the first great burst of bloom and they will repeat.

Postpaid, 3 for \$1.25, Each 50c

M 149 Gypsophila, Bristol Fairy—Large panicles of small, perfectly double white flowers produced profusely all summer. A favorite for bouquets. Hardy, grows 3 feet tall, in full sun. A little lime mixed in the soil will do wonders. Our plants are grafted to keep the strain pure.

Postpaid, 3 for \$1.25, Each 50c

M 151 Gypsophila, Oldhamiana—Great masses of small light pink flowers August to frost. Lovely in the garden, very fine for cutting. Grows 2½ feet tall.

Postpaid, 4 for \$1.00, Each 35c

M 150 Gypsophila, Pan. (Baby's Breath)—Completely covered with small white flowers in July-August. In the garden and in bouquets, it gives an airy effect no other flower can give. Grows 2 to 3 feet tall.

Postpaid, 4 for \$1.00, Each 35c

M 224 Platycodon (Balloon Flower)—A very satisfactory hardy perennial. Large, showy, deep blue, bell-shaped flowers are produced all summer. Grows 18 to 24 inches tall.

Postpaid, 4 for \$1.00, Each 35c

M 293 Violet, Hardy White—This variety winters perfectly with us without any protection. A vigorous grower that produces in the early spring an abundance of the fragrant large white flowers. Has long stems fine for cutting. Thrives in shade or sun equally well. The foliage is so heavy that it makes a fine border plant, 6 inches tall, even when not in bloom.

Postpaid, 3 for \$1.25, Each 50c

M 60 Bleeding Heart, Fern Leaf (Eximia). The lovely pink flowers are produced continuously from late spring right through summer and into fall. The fern-like foliage is very attractive. Grows a foot tall, in sun or shade. Hardy, easy to grow. Fine border plant.

Postpaid, 3 for \$1.25, Each 45c

PLUMBAGO

A strikingly beautiful blue flower

M 239 Visitors to our nurseries always ask us the name of this plant as they see the long rows across the field. The open flowers are a rich blue, the tiny buds a bronzy-red, giving the entire plant a beautiful and unusual appearance. It is always in bloom from July almost to frost. For an edging plant or a low-growing (it grows only 6 to 8 inches tall) solid bed, it simply cannot be beat.

Postpaid, 3 for \$1.15, Each 45c

HOLLYHOCKS

FOR A COLORFUL BACKGROUND

This is a magnificent strain with fully double flowers of exquisite colors. They are becoming more and more popular as people are finding out how attractive they are. Growing 4 to 5 feet tall, they are very useful in the background of the perennial plantings. Postpaid.

LYTHRUM Morden Pink

A Remarkable Perennial

M 202 Lythrum, Morden Pink is an outstanding perennial. It has proven satisfactory from coast to coast. Originating in Canada it is hardy even in the coldest states. Makes a neat bushy plant 30 to 36 inches tall that blooms continuously right through summer's heat. It thrives with almost no care, in sun or part shade. It is not at all fussy about soil. In the fall, the foliage turns to brilliant red. We recommend it highly as being one of the easiest-to-grow and most satisfactory perennials we have ever grown. POSTPAID.

Each 40c, 3 for \$1.00, 6 for \$1.75

INTER-STATE'S LIFETIME GIANT PEONIES

Last fall we sold so many thousands of Peonies that we do not have enough left to offer them by name. So we have just grouped them by color, Red, Pink and White. There is not one which is worth less than a dollar and some would cost up to \$5.00 by name.

New Outstanding Chrysanthemums

We refer to these glorious fall flowers as "Mums" simply because it is shorter and easier to say. Each year we test many new varieties. Those on this page and also on pages 65 and 66 we have found outstanding, definitely better than the older kinds. We assure you that you will be delighted with the Mums we offer.

Postpaid Prices on All Mums on This Page, Alike or Assorted, Your Choice, excepting Osceola and Lee Powell.

Each 60c, 3 for \$1.50, 6 for \$2.75

M 817 Carnival—Large, very double 3-inch flowers of burnt-orange suffused red and with gold reverse. A very striking flower, both in the garden and when cut. Starts blooming in early October. 30 inches tall.

M 862 Cherry Queen—The newest of the famous Queen Cushion Mums, it is introduced this spring exclusively by Inter-State. Grows and blooms just like the others but the color is a captivating cherry-red suffused rosy-cerise. It is simply stunning.

M 821 Cody—A new variety originated by the North Platte Nebraska Substation. It grows only about a foot tall and 18 to 24 inches wide. Ideal for borders. Another season's observation confirms our belief that this is one of the finest Mums. It starts blooming in mid-summer and continues to freezing. The 2-inch flowers completely cover the plant. The color is a lovely rosy-lavender with white center. Does not fade but gets even more attractive as flowers age.

M 822 Copper Kettle—This new variety was introduced by us last spring. The 3 to 3½-inch flowers are very attractive and striking copper-bronze. Extremely free bloomer, from late summer on. Always attracts attention. 27 inches.

M 826 Early Harvest—This new cushion-type Mum has very attractive flowers, a blend of mahogany, orange, rose and red. Makes a perfect plant about 20 inches tall and 24 to 30-inches wide. A solid mass of color from late summer to frosts. The 2½-inch flowers absolutely cover the entire plant.

M 827 E. H. Hoppert—Another new creation from the North Platte Substation. Starts blooming in mid-summer and continues up to severe frosts. Large 3½ to 4-inch flowers with rather narrow and somewhat twisted petals giving an unusually attractive appearance. The colors are those ideal fall colors of bronze, copper, gold and orange. Striking in the garden and very fine for cutting because of its long stems. 30 inches.

M 834 Lavender Lassie—If you want a cushion-type Mum with exquisite pure lavender color, this is it. Grows 18-inches tall, 24 inches wide. Starts blooming in early fall.

M 836 Martin's White—This new variety is the purest white of any we grow. It makes a perfect mound about 18-inches tall and nearly 24-inches wide that is so covered with the snow-white 2½-inch flowers you cannot see the foliage. Starts blooming in early October.

M 845 Rose Queen—This new member of Inter-State's famous Queen Cushion Mums was introduced last spring. Like the others it makes a perfect plant about 2 feet tall and 2 to 2½ feet wide. The extremely double 2 to 2½-inch flowers completely cover the entire plant from late summer to freezing. The color is a charming, very beautiful Tyrian-rose. Some think it is the most beautiful of all.

ORCHID

The New Summer and Fall-blooming Mum with flowers like Pyrethrums

M 860 Orchid, a new variety created by Mr. Roy Mosnat and introduced exclusively by us this spring. Without doubt it has the longest blooming season and is the free-est bloomer we have ever seen. Starts blooming in early summer and never stops until severe frosts. The 2 to 2½-inch flowers are an orchid-pink and greatly resemble Pyrethrum flowers. They bring beauty to the garden through summer and fall and are very fine for cutting as they have long stems. Makes a rounded, perfect plant 24 to 28-inches tall and 30-inches wide. A vigorous healthy grower that has proven exceptionally hardy with us. If you have had trouble growing Mums, plant this. For vigor, for hardiness, for length of blooming season and for freedom of bloom, it is unequalled. If you plant a group of 3 plants, you could cut a BOUQUET DAILY FOR MONTHS and still have plenty of flowers left on the bushes to make a spot of beauty from July to November.

LEE POWELL

M 859 Lee Powell is a new variety introduced this spring. It is Dick Lehman's selection as his "Mum of the Year" for 1951. This guarantees its high quality. The large 3½ to 4-inch flowers are very double, perfect form and a rich bronzy-gold. Strong growing plants 30-inches tall, covered with the golden flowers. Starts blooming in late September.

Each 75c, 3 for \$2.00 Postpaid

In the field pictured above, there are more than 500,000 Hardy Garden "Mums" blooming, just part of Inter-State's 1,600 acres.

OSCEOLA

M 861 Osceola—This new variety was originated by that Mum genius, Glen Viehmeyer of the North Platte Nebraska Substation. Sold this spring for the first time. We have so many fine new Mums that it takes something really special to excite us. And this did. First of all we noted its great vigor and healthy growth, making a large, well-branched plant almost 3-feet tall with rich, deep green foliage. Then early in September the double 2½-inch flowers started opening and in just a few days the entire bush was covered and stayed covered until severe frosts. It was just as attractive at the end as the beginning. The blooms make a spectacular show. They open bright orange-tangerine then lighten to golden yellow. The brilliant color of the constantly appearing new flowers blend with the old, giving those glorious fall colors. Also very fine for cutting because of the long stems and so many flowers that just a branch is a bouquet. It was the outstanding new variety in our 1950 trials.

Our supply is so limited that we should not sell any until spring 1952. But we know that every one we send out this spring will bring us many, many new friendly customers next spring. All who see it, will want it. Order early if you want to have in your garden the sensational new Osceola, which we believe will become America's favorite.

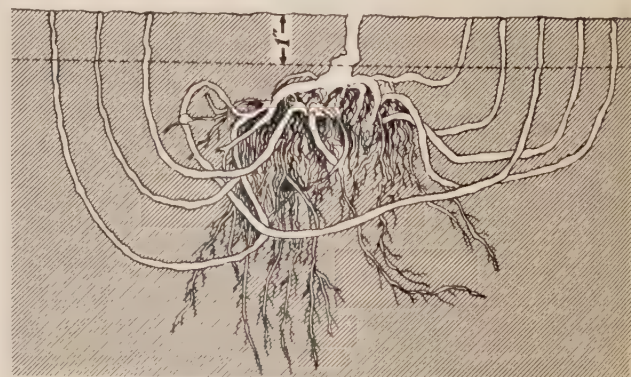

Each \$1.00 Postpaid

See the New Queen Cushion Mums Pictured on the Catalog Envelope.

How to Grow "Mums"

"Mums" like rich, well-drained soil in full sun or part shade. Plant 2 to 2½ feet apart. After new growth is a few inches tall, pinch out the tips so as to make the plant branch. In late fall after severe frosts you can cut off the tops and put on 3 or 4 inches of sand. This helps prevent the plant from "heaving out" during winter. Level off this sand in the spring. Divide the clump every 2 or 3 years.

We send out Mum plants either field grown or growing plants in pots. Plant the potted plants as soon as you get them, taking them out of the pots carefully. Water thoroughly. If you should get some late spring frosts, then protect these plants. If you get field-grown plants, you will notice that there are a number of runners coming out of the main stem. When you plant be very careful that these runners are not buried too deeply. As the illustration shows, bring the tip of each runner up to the ground level. Remember that the new plant develops from these runners and not from the old stem. By taking a little extra care you will have grand specimen clump plants the very first season.

New Mums

Will Bloom This Fall

These Chrysanthemums were selected from thousands of seedlings. They are new, they are better, they will bring your "Mum" garden up-to-date. They start blooming in September and the flowers are much larger than pictured. We recommend putting 3 to 4 inches of sand on your mums over winter to prevent ground from heaving.

M 820—Christopher Columbus—When you get this you will discover one of the very best white Mums. Simply a mass of large 3-inch double flowers, snow-white with creamy center. 24 inches tall.

M 823 Courageous—Large, double 3½ inch flowers of glowing ruby-red. 26 inches.

M 825 Dr. Longley—Very large 3½ to 4-inch blooms of exquisite lavender. Come singly on long stems, fine for cutting. Very free bloomer. 24 inches.

M 830 Golden Hours—From late August till frost, the magnificent fully double, high-crowned 3-inch blooms of richest bright yellow are produced. A favorite of all. 26 inches.

M 831 Golden Sunset—In our large field of half a million Mums, this variety was outstanding. Large, double 3½ to 4-inch flowers of burnished copper with flaming center. They completely cover the entire bush for many weeks from early September to severe frosts. A "must-have." 27 inches.

Nye's Favorite

M 837 Meditation—Makes a sturdy upright plant 30 inches tall. Large, very double 3-inch flowers of jaspered with orange reverse. Striking in the garden and fine for cutting.

M 838 Nye's Favorite—Much better than Heather-bloom because the flowers are larger, almost 4 inches, and a brighter sparkling pink with cerise center and petals tipped with gold. 24 inches.

M 839 Olive Longland—Large double 3½-inch flowers of apricot tinted salmon. Unusually attractive. 22 inches.

Late Introductions America's Finest Chrysanthemums

Here are Mums so new that not many have seen them. Yet they have been thoroughly tested and found to be outstanding in the garden and fine for cutting. We assure you that every one will delight you. They start blooming with the coming of fall, just when their flowers are so welcome. The flowers are much larger and even more beautiful than pictured. All Mums are POSTPAID.

M 854 Beacon—Very large fully double flowers 4 inches across. The color is an enchanting coral-apricot shading to nasturtium-orange at the center. Almost 3 feet tall.

M 812 Betty—Large 3½-inch flowers of lively pink. 3 feet tall.

M 855 Ermine—Fully double, wide-petaled, snow-white with ivory center. 28 inches tall.

M 828 George McLeod—Very large, incurved florist type flowers of golden yellow. 24 inches tall.

M 829 Glowing Coals—Very double 2½-3-inch, flowers of rich crimson. 26 inches.

M 856 Patricia Lehman—Very large, fluffy recurved petals of captivating geranium-pink with peach center. 30 inches tall.

M 857 Royal Robe—Large flowers of rich purple. By far, the finest of this color we have ever seen. Very double. 28 inches tall.

M 850 W. P. Snyder—Created by Glenn Viehmeyer of the North Platte Nebraska Field Station. Very double 3-inch flowers of a most unusual blending of tangerine, rose, gold and apricot. 24 inches.

Below, Columbine

Columbine brings to your garden or a bouquet a "fairy" touch that no other flower can give. The colors are so rich, so clear, so exquisitely lovely and they blend perfectly. The flowers are much larger than pictured, up to 3 inches across, with spurs 4 to 5 inches long. Come up year after year, grow 2 to 3 feet tall and bloom generously in the spring. Thrive in ordinary soil and prefer partial shade, especially from afternoon sun. Our husky plants will bloom this season.

Amazing New Olympic Hybrid Lily

The huge fragrant flowers vary in color, some are delicate pink, others cool green, some almost pure white and others are various shades of yellow. A truly remarkable new garden Lily. Described below.

Ea. 50c, 3 for \$1.25, 6 for \$2.25

B 73 Orange Triumph (below)—A new Lily. Hardy and thrives from coast to coast. Flowers are upright, much larger than pictured. Color is a glowing orange tinted pink. Blooms in clusters on strong 2 to 3 ft. stems in July and Aug. Plant 7 in. deep in sun or part shade. Will bloom this summer. POSTPAID.

Each 50c, 3 for \$1.25, 6 for \$2.25

B 79 New Olympic Hybrid—A Centifolium Hybrid originated by Mr. Jan de Graaff. This magnificent new hardy Lily promises to change the entire Lily picture. It is probably the finest garden Lily today. Characterized by its great vigor, freedom of bloom, large size, much larger than pictured, beauty of flowers, fragrance and graceful form. As these are grown from seed there is a pleasing variation. Some are a cool icy green, others a delicate pink, some glistening white and some with different shades of yellow. They commence blooming right after the Regal and usually flower for three weeks to a month. They thrive in full sun or partial shade. Afternoon shade brings out best the delicate shades of pink and green. Plant in a well-drained spot 6 to 7 inches deep. They can be left undisturbed for several years. We send you large bulbs which will flower this summer. In cold states we advise a winter mulch to prevent alternate freezing and thawing. When established the strong stems grow 4 to 6 feet tall. For a new variety our prices are very low. We suggest ordering early so that you can be among the first to have the gorgeous Olympic Hybrids in your garden. We secured our bulbs directly from the originator. POSTPAID.

for Summer Bloom

B 68 Auratum Lily (to the right) is generally called the Gold-Banded Lily. Blooms from late July into September. The large fragrant flowers are waxy white with small crimson spots and each petal has a center stripe of gold. When established, the strong stems reach up 4 to 6 feet, with up to 25 flowers. Plant 7 inches deep in well-drained soil in full sun or part shade. They will bloom this summer and years to come. Without doubt this is one of the finest of all Lilies. The flowers are so large, so attractive. Remember that afternoon shade makes all Lily flowers last longer.

Each 75c, 3 for \$1.75, 6 for \$2.95, Postpaid

B 84 Red Coral Lily (*Tenuifolium*)—Thrives everywhere from coast to coast, Canada to the Gulf. The small-fragrant bright scarlet flowers highlight the garden in late spring and early summer. Grows only 18 inches tall. They are especially fine for Rock Gardens and out-of-the-way nooks, not too shady, where larger flowers would be out of place. The bulbs are rather small but they are sure to bloom this spring. Plant 5 inches deep. Comes up year after year. At our very special price you can plant them by the dozen. **POSTPAID.**

12 for \$2.00, 5 for \$1.00, 3 for 70c, Each 30c

B 80 Crimson Beauty (Pictured below)—The striking flowers of this fine Lily are much larger than pictured. The color is distinctive, a rich crimson with a touch of copper. Blooms freely in early summer, in upright clusters, on stems 18 to 20 inches tall. After it is established, it is nothing unusual to have twenty-five flowers on a single stem. Very easy to grow, thrive everywhere, comes up year after year and lasts a lifetime.

6 for \$2.25, 3 for \$1.25, Each 50c, Postpaid

Auratum Lily

B 65 Rubrum Lily (below) is considered by many to be the loveliest of all. Blooms from late July into September. The flowers are bright pink edged white with small maroon spots. Strong stems 3 to 4 feet tall. Perfectly hardy. Plant in well-drained soil about 8 inches deep, in full sun or part shade. Will bloom this summer, increasing in beauty each passing year. The broadly reflexed, wavy flowers are very beautiful in the garden and also when used as cut flowers. They blend perfectly with other colors. Mixing $\frac{1}{2}$ or $\frac{1}{4}$ neutral Peat Moss (see page 33) with the soil when planting Lilies is beneficial. **POSTPAID.**

Each 75c, 3 for \$1.75, 6 for \$2.95

Regal Lily

B 86 White Regal Lily (Album)—At last we have the White Regal Lily. Big trumpet flowers, snow-white, fragrant. Blooms in June-July on 3 to 4-foot stems. Vigorous, free-blooming, comes up year after year. We rate this the best summer-blooming pure white trumpet Lily. Try some. You and your neighbors will plant more.

Each 40c, 3 for \$1.00, 6 for \$1.75, Postpaid

B 82 Creelman Hybrid Regal—This is a new hybrid variety. The flowers are like the Regal but they are much larger and even more beautiful. Just as hardy and easy to grow. Blooms even more freely and grows a foot or so taller. Great clusters of flowers in June-July that will astonish you. Fragrant, glistening white with golden throat and tinged ruby-pink on the outside. Plant 7 to 8 inches deep in well-drained soil, in full sun or part shade.

Lilies for Garden Beauty

All the Lilies we list are hardy. But we recommend that in cold sections you put on a winter mulch to prevent alternate freezing and thawing. Plant in well-drained soil. In heavy soil plant 1 inch less than stated, in light sandy soil plant 1 inch deeper. They can be planted in full sun but afternoon shade will make the flowers even more beautiful and they last longer. In dry weather water thoroughly about every ten days. Annuals like Petunias can be planted around them. Or a mulch of Neutral Peat Moss (see page 33) or lawn rakings helps to keep the roots cool in summer's heat. Remove seed pods as they take strength from the bulbs. When cutting flowers, leave $\frac{1}{2}$ to $\frac{3}{4}$ of the stem. **ALL THE LILIES WE SEND YOU WILL BLOOM THIS SEASON.**

B 85 Regal Lily—America's Favorite Lily for Late Spring and Early Summer Bloom. This is America's favorite hardy Lily. Plant 7 or 8 inches deep in well drained, ordinary soil, in a sunny or partially shaded location. Will come up year after year multiplying and giving you more and more flowers each passing year. Blooms in June-July on stems 3 to 4 feet tall. After it is established it is nothing uncommon to have great clusters of 15, 20, even 25 flowers on a stem. The exquisite flowers, much larger than pictured, are fragrant, snow-white with a golden throat and tinged pink on the outside. These are very fine large bulbs and all will bloom beautifully this summer. **POSTPAID.**

Philippine Lily

B 88 Lily Tigrinum Fortunei Giganteum—A terrible name but it simply means that this is the largest of the Single Tiger Lilies. Grows 4 to 6 feet tall with many giant size flowers, salmon-orange-red spotted purple-black. Blooms in August-September. Hardy and easy to grow. Plant 7 to 8 inches deep in full sun or part shade.

Each 40c, 3 for \$1.00, 6 for \$1.95, Postpaid

B 83 Philippine Lily—A magnificent variety to wind up the Lily season. It starts blooming in late summer and continues right up to frost. Lovely in the garden and fine for cutting. Easy to grow and sure to bloom. The lovely white flowers are large, 7 to 8 inches long and delightfully fragrant. Come on strong stems 4 to 6 feet tall. Hardy, come up year after year. Plant 7 to 8 inches deep in a well-drained soil, in full sun or part shade.

Each 50c, 3 for \$1.25, 6 for \$2.25 Postpaid

B 87 Lily Willmottiae Improved—This is probably the best bright orange garden Lily. Hardy, easy to grow, comes up year after year. Pyramidal shaped clusters of flowers, 30 or more, on graceful stems 4 to 5 feet tall in July and August. Plant 7 to 8 inches deep in full sun or part shade.

Each 50c, 3 for \$1.25, 6 for \$2.25 Postpaid

America's Finest IRIS

Dykes

MEDAL AWARD WINNERS

Each of these five Iris has won the Dykes Medal in the past few years. This is the highest honor an Iris can win. You have seen them win the blue ribbons at the flower shows. You have read about them and you have wanted them. Now you can have them at a very reasonable cost. We only wish that we could picture them in their actual beautiful colors but we promise you that if you are not more than delighted when they bloom, you may select without cost equal value from our catalog. In 1949 Ola Kala alone would have cost you \$2.50. Iris are shipped in July-August, the ideal time for planting, POSTPAID.

M 449 Elmoehr—Always creates a sensation because of its huge size and exquisite color. The flowers are often 6 inches wide and 7 inches long, a rich lustrous Bishop's purple. Extremely free bloomer. There is nothing like it. It ranked No. 9 in 1950.

Each 75c, 3 for \$2.00

M 432 Great Lakes—This has the greatest record of all Iris. From 1942 to 1947 it ranked No. 1 in the official Iris Symposium Ratings. In 1948 it ranked No. 3. In 1949 and 1950 it ranked No. 2. Its form, style and performance is so perfect that it is used as the standard of comparison. The color is an entrancing clear blue. Extremely healthy and vigorous and free-blooming.

Each 60c, 3 for \$1.50

M 484 Ola Kala—In the 1949 and 1950 official Iris ratings, this ranked No. 1. It well deserves this honor. The color is a brilliant golden yellow that fairly glistens. The superb flowers are ruffled and of such heavy substance that they last a long time. Rain and sun does not ruin them as it does so many yellows. Freely produced on sturdy 3-foot stems so they stand out in any planting.

Each \$1.00, 3 for \$2.50

M 430 Prairie Sunset—This masterpiece from Hans Sass cost \$100.00 each in 1939. Without doubt it is the most sensational Iris ever created in America. A glorious blending of peach, apricot, rose, copper and gold. It certainly adds tone to any garden and gives you a thrill every time you see it.

Each 75c, 3 for \$2.00

M 466 Wabash—Many think this the most beautiful of all Iris. The standards are snow-white, the falls are deep violet edged white. Freely produced on tall stems. No garden is complete without it. A large stock enables us to price it this low. It ranked No. 12 in 1950.

For Continuous Bloom
Early Summer to Frost

Big Bulbs, Postpaid

Varieties Alike or Assorted, Your Choice

3 for 50c, 7 for \$1.00

No other flower will give as brilliant a display all summer and fall as a bed or border of Cannas. WE SEND YOU BIG, EXTRA FINE BULBS. These larger bulbs will produce more and better flowers. Plant them in full sun in good soil when the ground warms up in late spring. Do not plant too early or they will rot in the ground. Water freely in dry weather. Plant 18 inches apart each way. All Cannas are Postpaid.

B 106 Allemania—Large flowers of sparkling salmon-red with yellow border. Green foliage, grows 5 feet tall.

B 92 Eureka—Large creamy white flowers all through the season. Green foliage, grows 3½ feet tall.

B 95 King Midas—We think this the finest clear bright yellow. Large flowers right up to frost. Green foliage, grows 4 feet tall.

B 100 Pink Giant—The finest pink canna we know. Large heads of broad petaled flowers, a bright glowing pink. Green foliage, 4½ feet tall.

B 97 President—For many years this has been America's favorite Canna. All through the season it produces large bright red flowers. Grows 4 feet tall. Green foliage.

B 94 Red King Humbert—Large, brilliant orange-scarlet flowers until frost. Purple-coppery-bronze foliage, 4½ feet.

B 98 Yellow King Humbert—Large flowers of golden yellow heavily flecked with red. Green foliage, 4½ feet tall.

Be sure to select your FREE PREMIUMS as shown on Page 3 and write them on your order.

PRESIDENT SPECIAL

A solid bed of President is a grand sight all summer and fall.

BB 99 25 President for \$2.75 Postpaid

TIGER FLOWER

Aztec Tiger Flower (Tigridia)—The flowers are so strikingly beautiful that nothing in your garden will draw as much attention. Grows 24 inches tall. The blooms are huge, often 6 inches across. Each flower lasts but a day, opening at dawn, following the sun in its course, then passing at sunset. This goes on all through the summer. Dig the bulbs in the fall and store them just like Gladiolus.

NEW AND IMPROVED Flower Seed SELECTIONS FOR 1951

801 PETUNIA, Fire Chief

First Gold Medal Flower winner since 1939. The reddest Petunia you've ever seen. It grows about a foot high and flowers are borne in profusion. Very free blooming over a long season. It is the most popular bedding kind used in attractive arrangements in beds, borders, edgings, boxes and pots. The blooms are rich and velvety, holding their color without fading. Brighten your garden with this 1950 All-America winner this year. **Pkt. 15c each**

802 SWEET PEAS, Cuthbertson Mixed

A new strain of Sweet Peas which is a vast improvement over the Spring Flowering types. It grows and blooms under hot weather conditions with exceptional vigor, length of stems and abundance of fragrant blossoms. If you have not had good success with Sweet Peas, be sure to give this variety a trial. **Pkt. 15c each**

803 ZINNIA,

Burpee's New Luther Burbank

This new variety has lovely, delicate pastel or art shades in beautiful self colors and also an unusual two and three-color combination of soft and light shades. Flowers grow 5 to 5½ inches across and are composed of numerous petals which curl back somewhat to form thick flower heads 2 to 3 inches deep. Strong growing, 3 to 4 feet tall, well-branched with long-stemmed flowers for cutting. **Pkt. 15c each**

804 ZINNIA, Burpee's Super Giants

A fine mixture containing the loveliest colors and combinations ever seen in Zinnias. Truly Giant flowers ranging from 5½ to 6½ inches across in a wide range of flower forms of Dahlia Flowered and Chrysanthemum-flowered heads. This will be outstanding in your garden and perfect for cutting. Try some and be convinced with their beauty. **Pkt. 15c each**

805 SNAPDRAGONS, Burpee's New Tetra

Giant Ruffled Tetraploid Snapdragons are the largest flowered of all Snaps. Very distinctly and attractively ruffled in richer, brighter and clearer colors and combinations of beautiful tone blendings. We are pleased to offer this variety to our customers. Try them and you will be amazed with their beauty. **Pkt. 15c each**

807 COSMOS, Radiance

A top All-America winner and an entirely new combination of two brand-new colors. The petals are a deep rose with a definitely rich crimson eye and a bright yellow center. A very outstanding color combination. It has a neat, compact erect growth habit and as a cutflower is unsurpassed. It has good long stems, strong enough to arrange easily. Blooms all summer long. **Pkt. 15c each**

806 MARIGOLD, Red Head

Burpee's New Dwarf Single French Marigold which is an All-America Winner we are proud to list for our flower lovers. Well-shaped flowers made up of a single row of broad, overlapping petals and a wide, crested center of many, tiny, erect florets. The edges of the petals are slightly curled, showing a beautiful gold reverse, adding to the attractiveness of the flowers which possess all the subtle shades of gold, bronze and auburn. When first opening, the blooms are a rich, mahogany-red, changing to auburn and later to bronze and gold. Plants are dwarf, quite compact and free-blooming, about 1 ft. tall. These are especially fine for borders because the plants are so bushy and completely covered with flowers. Easy to grow and very attractive. **Pkt. 15c each**

808 ASTER, Ballet Queen

Another one of our new introductions which is very early and free-flowering and wilt-resistant. The color is new, deep rose touched with salmon, assuming a soft bronze color when flowers are massed together in the sunlight. The flowers are extremely double, perfect for cut flowers. You will find it outstanding for your garden and also as a border planting. **Pkt. 15c each**

INTER-STATE'S GUARANTEED-TO-GROW FLOWER SEEDS!

Almost every gardener wants a flower garden. It takes such little space for the beauty and pleasure it gives, not only for the color it gives to the garden, but also for cut flower bouquets. Any home is more beautiful when it has a flower garden. A few cents will furnish flowers all season.

We offer you the finest, most popular flower seeds, personally selected and thoroughly tested. These are the finest that money can buy. Complete planting instructions are on every packet. The figure following the name gives the average height in inches when in bloom.

MARIGOLDS

Bloom July to Frost

166 Marigold, All-Double Harmony (15)—Charming, Scabiosa-like flowers with deep orange center petals flanked by wide, dark maroon-brown petals. Very free-flowering, especially in dry weather.

163 Marigold, Burpee Gold (30)—Gives an abundance of glorious deep orange double blooms, $3\frac{1}{2}$ inches across. The long petals are loosely arranged. Blooms and foliage are entirely odorless.

164 Marigold, Sunset Giants Mixed (36)—Tall, vigorous plants with enormous dahlia-like blooms. Largest flowered of Marigolds in shades of orange and yellow.

170 Marigold, Yellow Supreme (30)—Creamy yellow blossoms of the carnation flowered type.

165 Marigold, New Extra Early Hybrids (18)—The earliest of all the African type marigolds. A color range from bright orange to clear lemon on base branching plants producing a mass of color. An entirely new type Marigold.

SWEET PEAS

For Early Beauty

223 Sweet Peas, Spencer Late Flowering Mixed—The flower that everybody loves. A choice variety of colors.

Sweet Pea, Early Large Flowering Spencers—The large, waved, Spencer type flowers that bloom fully one month earlier and over a much longer period than the old type. Gives an abundance of lovely cut flowers. Plant as early as possible for best results.

234 Finest Mixed.

235 Blue Bonnet, deep blue.

240 Red Supreme.

320 Sweet Peas, New Spring Flowering Mixed—A new strain of Sweet Peas especially fine because they stand lots of hot weather.

PERENNIAL SEEDS

Give Permanent Garden Beauty

275 Alyssum Saxatile (9)—An early flowering, brilliant golden yellow border and rock garden plant.

277 Columbine, Inter-State's Hybrids, Mixed (30)—The finest, long-spurred columbine with colors so rich and beautiful. A far superior strain and one you can enjoy year after year.

281 Hollyhocks, Dbl. Mixed (72)—Character's choice strain, large double flowers of rose, maroon, pink, yellow, etc. A perennial.

282 Iceland Poppy, Imperial Jewels Mixed (20)—Beautifully frilled flowers and color tones almost limitless. A perennial on strong wiry stems and usually blooms the first year from seed.

283 Delphinium, Gold Medal Hybrids Mixed (48)—A choice mixture of vigorous plants with tall spikes in several shades of blue and purple.

PETUNIAS

Easy to Grow—Always in Bloom

Petunia (12)—Easily grown, blooms early and continuously until frost. Improved colors make beautiful beds and borders. The balcony types are best for window boxes.

192 Balcony Blue—A rich beautiful shade of dark blue, planted alone or in a combination it is hard to beat.

193 Balcony Rose—A soft rose, perfect for planting with the Blue for showy displays.

195 Balcony Mixed—A mixture of all the Balcony types for a blend of assorted colors.

191 California Giants, Mixed—The immense blooms used for borders and beds. Ideal for cutting.

187 Exquisite Mixed—A mixture we believe will please any gardener, large flowers in a wide variety of color.

190 Flaming Velvet—A large deep velvety-red, an excellent bedder.

188 Purple—A large flowered beauty with deep purple blooms.

189 Rose of Heaven—An exquisite shade of Rose with inconspicuous white throat.

RED, WHITE AND BLUE LARKSPUR SPECIAL

807
Blue Spire
White King
Carmine King

All 3 for just **25c** Postpaid

Have a patriotic flower garden as well as beautiful flowers.

LARKSPUR

Tall Spikes of Graceful Beauty

158 **Larkspur, Annual Mixed (30)**—One of the finest annuals, ideal for both garden color and cutting. Gives a more continuous bloom if the faded blossoms are cut off.

Larkspur, Giant Imperial (30)—An ideal type for cutting with long flower stems, branching from the base. Your choice of the following.

- 160A **Blue Spire**—Deep blue.
- 160B **Carmine King**—Carmine.
- 160D **White King**—Pure white.
- 160E **All Colors Mixed**.

304 **Larkspur, Rosalind (40)**—A new color in Larkspur, rose with just enough salmon to create a most pleasing shade of rose-pink. Base branching, practically non-shattering, excellent for cutting.

NASTURTIUMS

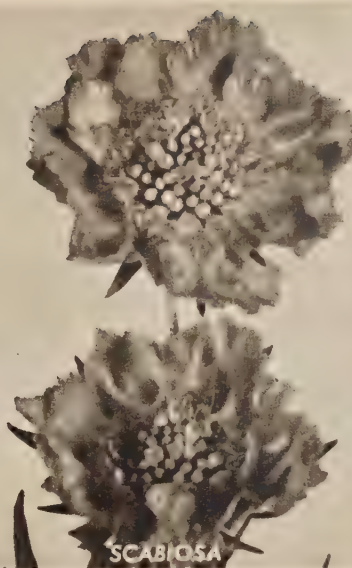

Thrive in the poorest of soil

172 **Nasturtium, Dwarf Mixed (10)**—The most popular dwarf annual, easy to grow in poor soil, and blooms for weeks. In rich colors, fine for beds and borders.

173 **Nasturtium, Dwarf Semi-Double Gem Mixed**—A wide range of pastel and sharp colors.

175 **Nasturtium, Double Glorious Gleam Hybrids**—Large, double, sweet-scented blooms in striking colors.

174 **Nasturtium, Double Golden Gleam**—Fragrant, golden yellow flowers. An original Gold Medal Winner and still one of the most widely planted of all new flowers.

SCABIOSA

Easy to grow, ideal for cutting

316 **Scabiosa, Giant Rosette (36)**—A glorious new Scabiosa color, a deep, lovely rose, with extra large flowers on long stems which are fine for cutting.

315 **Scabiosa, Blue Moon (36)**—An entirely new type of Scabiosa with broad, wavy petals of a rich deep lavender blue. Long, wiry stems ideal for cutting.

Scabiosa, Mourning Bride (30)—Long stems and cheerful colors make these ideal for cutting. Long lasting in water and bloom July until frost. Very easily grown.

- 214 **Finest Mixed**, lovely colors.
- 215 **Black Prince**, purple.
- 218 **Peach Blossom**, peach pink.
- 219 **Loveliness**, salmon rose.
- 221 **Shasta Improved**, white.
- 222 **Yellow**, sulphur yellow.

ANNUAL VINES

Decorative

289 **Gourds, Ornamental Mixed**—This special mixture of the large and small ornamental varieties is very interesting.

287 **Cardinal Climber, Ipomea Hyb.**—A mass of fiery red flowers from mid-summer until frost. Everybody admires this strong and rapid growing annual vine.

291 **Morning Glory, Giant Japanese Mixed**—Large flowers and gay colors that you will enjoy. Like poor soil and full sun.

810 MORNING GLORY VINE SPECIAL

- 1 **Imp. Heavenly Blue**
- 1 **Pearly Gates**
- 1 **Scarlett O'Hara**

All 3 for **25c**
POSTPAID

292 **Morning Glory, Imp. Heavenly Blue**—Clarke's Strain. The large, lovely, true-blue flowers with a lighter throat give a mass of beauty. Fine for trellis or arches. A coarse gravelly soil and a southern exposure gives an abundance of morning bloom until frost.

293 **Morning Glory, Pearly Gates**—Silver Medal Winner in 1942 All-America Selections. The flowers are a lovely lustrous white with creamy shading deep in the throat. They average 4½ inches across. Vines are covered with bloom from mid-summer to frost. A wonderful companion for Heavenly Blue.

306 **Morning Glory, Scarlett O'Hara**—The All-America GOLD MEDAL Winner that has created so much interest. The rich, wine-red flowers of good size are freely produced and last longer.

307 **Morning Glory, Cornell**—A new, annual climber with flowers of intense red with pure white border, as large in size as Heavenly Blue. Makes a rapid growth.

103 African Daisy, Hybrids Mixed (15)—Compact, bushy plants with white, orange, gold and salmon blossoms from July to October. Very fine for cutting.

107 Alyssum Procumbens, Carpet of Snow (4)—The dwarf, white, edging plant that is so desirable. Blooms all summer and fall. Each plant is a compact mass of snow-white blossoms.

122 Alyssum, Violet Queen (6)—A new dwarf compact variety bearing beautiful bright violet flowers all summer and fall. It is a pleasing contrast to the white flowering alyssums.

118 Bachelor Button, Double Mixed (20)—An abundance of double, colorful flowers from July until frost. Fine for cutting.

119 Bachelor Button, Jubilee Gem (12)—A dwarf, compact plant of bright green. A delightful background for the double, dark blue flowers.

123 Calendula, Sunshine (18)—The large buttercup-yellow flowers bloom over a long period and are excellent for cutting.

124 Calendula, Campfire (24)—The large, dark orange flowers with a scarlet sheen are very attractive.

125 Calendula, Finest Double Mixed (18)—The old fashioned, free-flowering Pot Marigold of yellow and orange.

127 Campanula, Cup and Saucer, Canterbury Bell (20)—An easily grown biennial that gives a profusion of blue, rose, and white flowers.

129 Canterbury Bell, Annual Mixed (24)—Blue, pink, rose, violet, and white flowers in late summer and autumn. A fine border flower.

130 Carnation, Chabaud's Giant Imp. (16)—Our most popular early flowering clove-scented carnation. The robust, long-stemmed plants give continuous bloom.

131 Castor Bean, Ricinus (120)—Tall-growing background plant with ornamental foliage. Useful for screening alleys and unsightly places.

136 Cockscomb, Celosia Cristata (30)—The velvety-red heads of this old fashioned celosia add color to the garden.

139 Cosmos, Sensation Mixed (45)—Immense pink and white blooms are truly a sensation, and are a great favorite for cutting.

141 Cosmos, Mam. Early Flowering Mixed (48)—The large, single flowers of red, pink, and white make a lovely showing from midsummer until frost.

303 Dahlia, New Dwarf Hybrids (20)—This new strain of Dahlias is selected to give a higher percentage of true doubles and a much wider range of colors.

145 Dianthus, Pinks, Heddewigi Dbl. Mixed (12)—The freely-produced flowers of crimson, purple, pink, and white are fine for cutting.

148 Four O'Clocks, Marvel of Peru (24)—Flowers of red, yellow, lilac and white. The glossy foliage and profuse bloom make it an attractive border plant from July until frost.

154 Gypsophila, Annual Baby's Breath (15)—This improved London Market strain gives an abundance of large, pure white flowers. Make several plantings for continuous bloom.

182 Painted Daisies, Finest Mixed (18)—The annual Chrysanthemum is easily grown and loved by all. Early blooms, choice colors.

183 Pansy, Giant Superb Mixed (6)—A large flowering strain in a beautiful color range.

308 Pansy, Super Swiss Giants (6)—For size, color, and free blooming qualities this garden favorite is unsurpassed.

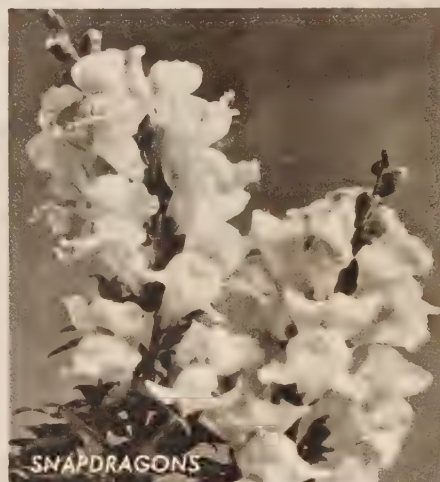

196 Poppies, American Legion (30)—Brilliant scarlet that brightens your flower garden. The best red Poppy.

205 Poppies, Eschscholtzia, Calif. Mixed (12)—A free blooming annual rich in crimson, pink, and orange-scarlet shades. Very showy.

209 Portulaca, Rose Moss, Dbl. Mixed (4)—Our unsurpassed, choice doubles. Delicate green foliage simply covered all season with bright colored flowers. The flowers resemble small roses and in dry weather are at their best.

225 Snapdragon, New Calif. Rustproof (24)—The finest color range of all the Rust Resistant Mixtures. Beautiful in beds and fine for cutting.

226 Snapdragon, Super Giants, Rustproof (30)—A mixture of our own selection, taller in habit than the California type and bearing larger blossoms.

PEAT MOSS

Peat Moss mixed with your soil is very good for your flower beds, you will get better results from your planting. See Page 33 for description and prices. Order early.

228 Strawflowers, Everlastings, Mixed (20)—Our own collection of many kinds especially selected for your winter and decorative bouquets.

243 Sweet William, Single Mixed (18)—Pink, crimson, scarlet and white blooms in early spring.

248 Verbena, Giant Hybrids (10)—Fine for borders, beds, porch boxes and among tall growing plants like Lilies. Bloom all summer and fall. All colors mixed.

PRICE ON ALL BEANS

Big Packet 10c

½ Lb. for 30c

1 Lb. for 55c

One packet of Bush Beans will plant 25 feet and 1 pound 150 feet. Make successive plantings of bush beans and have fresh beans all summer and fall.

DWARF GREEN POD BUSH BEANS

***401 Burpee's Stringless Green Pod** (50 days)—This is, by far, our most popular bush bean. It produces long, round meaty pods that are always tender and absolutely stringless even when full grown. It cannot be beat for table use or canning. Its quality, productiveness and tenderness have never been surpassed. We believe that it will produce more than any other variety and produce for a longer period of time.

400 Improved Logan (52 days)—Another one of the more popular stringless varieties. Pods set in clusters with 6 inch long, light green, meaty and smooth beans. It stands heat well and is excellent for canning and freezing. A very hardy, productive tender-green type. Plants are 16 to 20 inches tall and upright.

***403 Tendergreen** (53 days)—A new green bean so tender that it fairly melts in your mouth. Absolutely stringless, very highest quality and productive. Fine for table use and canning and best of all for freezing. All who plant it are enthusiastic.

408 Topcrop (48 days)—Another top medal award winner. High merit for both canning and freezing. Pods 6½ inches long, round and slightly curved. Very productive.

DWARF WAX POD BEANS

***406 Brittle Wax** (54 days)—This is our best and most popular wax bean. Superb quality, very early and very productive. The long, round pods are perfectly stringless at all times, very tender, light yellow. Many think this the finest quality of all beans, wax or green. Easy to grow as it is blight resistant and stands dry weather.

407 Puregold Wax (58 days)—All-America Bronze Medal Winner. Pods are 5½ to 6 inches long, slim round golden yellow. The bush is dark green and about 13 inches high. A good canning variety which is stringless. Resistant to the common bean Mosaic.

BUSH LIMA BEANS

411 Burpee's Improved Bush Lima (75 days)—A large, meaty, delicious Lima. Long, broad, tender flat pods. Very productive, it produces right up to frost. When dry the beans are large, plump, white with a light greenish tinge.

416 Cangreen (68 days)—A new Lima similar to Henderson's except the beans are a little larger and when dry they remain an attractive green color. Extremely productive, all season. If you plan to can some Limas, be sure and plant some Cangreen because the beans look fine in the jar and taste as good as they look.

412 Henderson's Baby Lima (65 days)—A tremendous yielder, a short row will give you these delicious butter beans right up to frost. The green pods are about 3 inches long. The beans are small and creamy-white when dry.

FIELD BEANS

409 Improved Navy (85 days)—The small white, soup bean. Plant some for your winter's supply for soup and baking.

410 Red Kidney (94 days)—The dark red bean used in chili, soups, etc.

POLE BEANS

413 Kentucky Wonder (65 days)—Most widely planted Pole Bean. Bears early with clusters of long, curved green pods with tasty distinctive flavor. The more you pick them, the more they bear, until frost. Light brown beans.

905

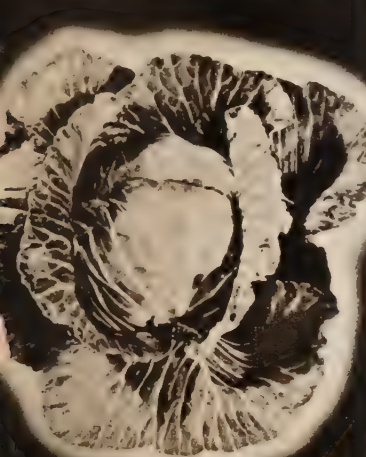

BEAN SPECIAL

3 lbs. for \$1.50

**Your choice
alike or assorted**

BEETS, Detroit Dark Red

CABBAGE, Marian Market

CARROTS, Imp. Chantenay

National Pickling

BEETS Contain vitamins A, B₁, C, G, also minerals.
The Beet greens contain Iron, calcium, phosphorus, A, C, and G.

One Pkt. will sow 20 to 25 feet; one Oz. 75 to 100 feet.

***420 Detroit Dark Red Improved** (61 days)—The most popular beet for the home garden and canning. Globe shaped, very smooth, a deep oxblood-red color. Very tender and sweet at all stages of growth, without a trace of woodiness.

422 Early Blood Turnip (60 days)—A good dependable midseason variety. Nearly round, deep red with brighter red zones. High quality.

***421 Crosby's Egyptian** (55 days)—Extra early, semi-flat, very tender and sweet. Flesh is distinct dark red and keeps its color in cooking. Free from woodiness. Fine for the first beets from your garden.

POSTPAID PRICES ON ALL BEETS
Pkt. 10c 1/2 Oz. 18c
1 Oz. 30c 1/4 Lb. 85c

CABBAGE Contains vitamins A, B₁, C, G, P.P., Calcium, Iron.

1 Pkt. will produce 100 or more plants; 1 Oz. 2500 plants.

434 Early Flat Dutch (75 days)—An early unusually fine, large, solid, flat-headed type. Fine quality, 5 to 6 pound heads. Keeps well.

Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 43c

435 Danish Ballhead (100 days)—Our most popular late cabbage, producing round compact heads weighing from 7 to 9 pounds. Excellent keeper. Very crisp and tender. Fine for kraut.

Pkt. 10c; 1/2 Oz. 28c; 1 Oz. 50c

436 Early Jersey Wakefield (60 days)—An extra early variety with cone-shaped heads, 2 to 3 pounds each.

Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 40c

***438 Marion Market** (75 days)—A Yellows Resistant strain of Copenhagen Market. A sure heading, main crop variety. Our most popular cabbage. Excellent quality, has short stems and is good for early kraut and all cooking purposes. Weighs 4 to 5 pounds.

Pkt. 10c; 1/2 Oz. 35c; 1 Oz. 60c

439 Premium Late Flat Dutch (100 days)—Very popular large, flat headed winter cabbage. Fine quality, solid, good keeper and fine for kraut. Heads weigh from 13 to 15 pounds.

Pkt. 10c; 1/2 Oz. 28c; 1 Oz. 50c

437 Golden Acre (65 days)—An extra early garden variety with round firm heads weighing about 4 pounds each. Resists bursting.

Pkt. 10c; 1/2 Oz. 28c; 1 Oz. 50c

CARROTS Contain vitamins A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Pkt. will sow 35 feet; One Oz. 200 feet.

***426 Improved Chantenay** (70 days)—The outstanding favorite with people who grow carrots in their garden. This is a very choice strain producing large, thick, six-inch orange roots, very tender, high quality and free from hard core. Very heavy yielder.

Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 45c

430 Oxheart (72 days)—Especially good for rather stiff, hard soil because the roots are short and stubby. A good keeper. Bright orange, tender and sweet.

Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 45c

***427 Coreless Nantes** (68 days)—We especially recommend this for the home garden because of its extra fine quality. The roots are deep orange, very tender and sweet from 6 to 7 inches long and the same size from top to bottom.

Pkt. 10c; 1/2 Oz. 30c; 1 Oz. 50c

429 Danvers Half Long (75 days)—Very productive. Keeps all winter. Does well in all classes of soil. Smooth, deep orange roots, about 7 inches long, tapering to a blunt point. Sweet, tender and crisp.

Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 45c

Eight ounces of 3% DDT dust per 30 feet of row applied at planting time for both carrot weevil and carrot rust fly will give excellent control with no effect whatever on the carrots.

CUCUMBERS Contain vitamins A, B₁, C, G, Phosphorus, Iron.

One Packet will plant 15 hills; one Ounce, 65 to 70 hills.

452 Chicago Pickle (58 days)—Very popular early variety. Very productive. Pickles are uniform size, medium green and square ended.

Pkt. 10c; 1/2 Oz. 16c; 1 Oz. 27c

455 Burpee's Hybrid (60 days)—Burpee's Hybrid Cucumber outyields open pollinated varieties because the vines continue to produce their fruits more profusely long after the others have ceased. Vines are extremely vigorous, long lived and bear an abundance of well-formed green fruits of handsome appearance, 8 inches and more long, 2 1/2 inches wide, square at both ends with medium seed cavity and crisp, white flesh of excellent quality.

Pkt. (30 seeds) 30c; 3 Pkts. 75c;
5 Pkts. \$1.20; 1/2 Oz. \$2.75

***453 Improved Long Green** (62 days)—The best and most popular all-purpose cucumber, fine for slicing and pickling. It does well in every section, producing heavily when other kinds give up. It is medium dark green, crisp, few seeds.

Pkt. 10c; 1/2 Oz. 18c; 1 Oz. 30c

***454 Select National Pickling** (55 days)—Our most popular pickling type. Of uniform size and color, as firm after pickling as before. Very early and enormously productive. Even size, straight, with square blunt ends, deep green color.

Pkt. 10c; 1/2 Oz. 16c; 1 Oz. 27c

456 Straight Eight (58 days)—A new white spine type, very productive, long straight fruits of an ideal green color. Averages about 8 inches long.

Pkt. 10c; 1/2 Oz. 20c; 1 Oz. 35c

SWEET CORN

Contains vitamins B₁, C, Phosphorus, Iron.
(Also Vitamins A and G in yellow sweet corn)

One packet will sow 60 feet or more; 1 Lb. 400 feet.

***450 Tendermost** (83 days)—The most tender of all our yellow hybrids, giant size kernels of sugary-sweet goodness with a tender hull. Very large ears averaging nine inches in length with 14 to 16 rows of regular kernels. A high-yielder that stays sweet and tender on the stalk for nearly two weeks. Good resistance to smut and ear worm.

Big Pkt. 10c; ½ Lb. 38c; 1 Lb. 70c.

***443 Aristogold Bantam Evergreen** (87 days)—This is the largest, high quality yellow hybrid sweet corn we have ever seen. About a week later than Golden Cross, the ears are a little larger, equally fine quality and even more productive. The two together make a great team. Stands the heat, drought and wind.

Big Pkt. 10c; ½ Lb. 38c; 1 Lb. 70c.

444 Marcross, Early Yellow (71 days)—Plant this for the first sweet corn of the summer. Ears are 6 to 7 inches, with 10 to 14 rows of fairly large, yellow kernels of good quality. Prolific producer.

Big Pkt. 10c; ½ Lb. 38c; 1 Lb. 70c.

447 Golden Bantam (78 days)—The favorite yellow sweet corn for many years. Very early, small ears, tender and sweet.

Big Pkt. 10c; ½ Lb. 20c; 1 Lb. 35c.

***445 Golden Cross Bantam** (82 days)—Our most popular yellow hybrid, producing 12 rowed ears, 8 inches long. It is about 3 times as productive as Golden Bantam. It is also resistant to bacterial wilt which often causes failure with early yellow corn. We honestly believe that once you grow this corn, you will always want it. The kernels are so tender and sweet they fairly melt in your mouth.

Big Pkt. 10c; ½ Lb. 30c; 1 Lb. 55c.

LETTUCE

Contains vitamins A, B₁, C, G, Calcium, Phosphorus, Iron.

One Packet of seed will sow 40 to 50 feet, one Ounce, 200 feet.

***462 Black Seeded Simpson** (46 days)—Our most popular loose leaf lettuce. The broad, frilled light green leaves are crisp, tender and of excellent quality. It is very early, does well everywhere.

Pkt. 10c; 1 Oz. 23c.

463 Great Lakes Lettuce (75 days)—A sure-heading variety that is famous for crisp heads even in hot weather. All-America winner of excellent quality. Try this variety this year, you will like it.

Pkt. 10c; ½ Oz. 25c.

WATERMELON

Contains vitamins A, B₁, C, G, and minerals.

One Packet will sow 10 hills; 1 ounce 30 hills.

***477 Imp. Kleckley Sweet No. 6** (87 days)—Many consider this the best watermelon. Weighs about 35 pounds, white seeds. Has bright red flesh which is crisp, tender and very sweet. Wilt resistant strain.

Pkt. 10c; 1 Oz. 15c; ¼ Lb. 45c.

478 Stone Mountain (86 days)—The large, round, solid dark green melons are very popular. Ripens medium early and has a very delicious flavor with lots of heart. Weighs 30 to 40 pounds.

Pkt. 10c; 1 Oz. 15c; ¼ Lb. 45c.

445A Hybrid Blends—A special blend of all the finer yellow hybrids to give you an all season supply with only one planting. It contains early, medium, and late varieties. Thus all your sweet corn does not come on at once, and you can enjoy sweet corn all season long from just one planting.

Big Pkt. 10c; ½ Lb. 34c; 1 Lb. 60c.

449 Stowell's Evergreen (94 days)—The standard main crop white sweet corn. Large ears, sweet and stays tender a long time. Especially fine for canning.

Big Pkt. 10c; ½ Lb. 22c; 1 Lb. 36c.

***446 Tendergold** (75 days)—A very fine yellow hybrid corn that is sweet, tender and of finest quality. Matures a few days earlier than Golden Bantam. Much more productive and holds its quality two to three days longer than other corns. The golden ears are 12 rowed about 8 inches long.

Big Pkt. 10c; ½ Lb. 33c; 1 Lb. 60c.

448 Country Gentleman (90 days)—The late white corn with long, deep grained kernels irregularly arranged. Often called the shoe-peg type. A heavy yielder.

Big Pkt. 10c; ½ Lb. 22c; 1 Lb. 39c.

451 Silver Cross Bantam (80 days)—This corn was derived from Golden Cross Bantam which it resembles but the stalks are taller and the ears longer and larger. Very tender with a real corn flavor. First choice for canning and freezing.

Big Pkt. 10c; ½ Lb. 38c; 1 Lb. 70c.

452 Iochief (89 days)—A Gold Medal Winner. An ideal canning and freezing corn, ears 8-9 inches long, filled to tips, narrow kernels. Good flavor and tenderness with excellent performance under drought conditions.

Big Pkt. 10c; ½ Lb. 38c; 1 Lb. 70c.

***464 Early Prizehead** (45 days)—An early, non-heading home garden variety. The crimped, crisp, tender leaves are tinged brownish red.

Pkt. 10c; 1 Oz. 23c.

466 Iceberg (82 days)—Large, solid heads, white inside, crisp and of excellent quality. A popular head lettuce.

Pkt. 10c; ½ Oz. 20c.

467 Imperial No. 44 (70 days)—If you have been unable to grow head lettuce, try this variety. It is early and will stand lots of heat. The heads are compact and medium large.

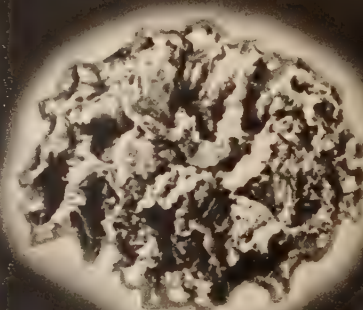

Pkt. 10c; ½ Oz. 20c.

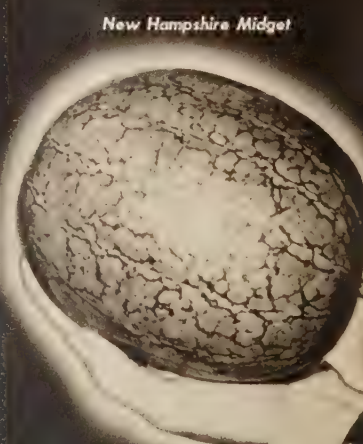

Golden Cross

Iochief

LETTUCE, Black Seeded Simpson

New Hampshire Midget

MUSKMELON (Cantaloupe)

Contains vitamins A, B₁, C, G, minerals.

One Packet will sow 15 hills; 1 Ounce 60 hills.

470 Hales Best (87 days)—Thick, tender flesh is deep salmon and richly flavored. Oval fruits weigh 4 pounds.

472 Early Delicious (75 days)—Outstanding because of its very early maturity, the first melon of the season. Fruits are 3 to 4 pounds with thick, orange, delicious flesh. Very good flavor and quality.

Prices on all Muskmelon Pkt. 10c; 1 Oz. 25c; 1/4 Lb. 75c.

ONIONS

Contain B₁, C, G, Calcium, Phosphorus, Iron.

483 Southport White Globe (115 days)—The best and most popular white onion. The bulbs are medium large, crisp, mild and have snowy white flesh. A good keeper and a heavy yielder.

Pkt. 10c; 1/2 Oz. 45c; 1 Oz. 80c

485 Yellow Globe Danvers (111 days)—White flesh, crisp and very fine quality. Firm and solid, this is the best keeping yellow onion. Very productive.

Pkt. 10c; 1/2 Oz. 45c; 1 Oz. 80c

PEPPERS

Contain A, C, B₁, and G; also Calcium and Iron.

500 Long Red Cayenne (70 days)—A favorite hot sort used chiefly for pickling, canning and drying.

Pkt. 10c; 1/2 Oz. 30c

497 Ruby King (68 days)—A popular variety for home gardens. Bears dark green fruits, about 4 1/2 to 6 inches long, which turn a ruby red color when ripe. Fruits are about 3 inches thick. One of the best types for pickles.

Pkt. 10c; 1/2 Oz. 20c

PARSLEY

Contains Vitamin A and Iron.

487 Moss Curled (72 days)—The most desirable for garnishing and decorative purposes. Dark green, finely cut, curled leaves. Very fast growing. Cut it and it comes up again.

Pkt. 10c; 1 Oz. 23c

PARSNIPS

One Packet will sow about 40 feet; 1 Oz. 200 feet.

488 Hollow Crown (125 days)—The most popular variety. Smooth white skin with rich tender, sweet flesh. Long, tapering roots about 12 inches long. They can be left in the ground over winter. Dig them in early spring before growth starts.

Pkt. 10c; 1 Oz. 20c

PEANUTS

489 Peanuts, Jumbo—The large standard roasting peanut. Stands heat and drought.

Large Pkt. 10c; 1/2 Lb. 25c; 1 Lb. 45c

489A Peanuts, Early Spanish—The pods are smaller than the Jumbo but they will mature as far north as Minnesota.

Large Pkt. 10c; 1/2 Lb. 25c; 1 Lb. 45c

***471 Hearts of Gold** (88 days)—The salmon-orange flesh is very thick and good right out of the rind. The fruits are tender, juicy and very sweet. This melon weighs about 4 pounds. It is the most popular muskmelon for general use.

474 Rocky Ford Netted Gem (95 days)—A fine home and market garden melon, weighing about 2 1/2 pounds. Uniform size, nearly round, thick green flesh with a spicy flavor.

One Packet will sow 12 to 15 feet; 1 Ounce 200 feet.

482 Giant Yellow Sweet Spanish (112 days)—The most popular yellow onion. Very large with mild crisp white flesh.

Pkt. 10c; 1/2 Oz. 45c; 1 Oz. 80c

481 Large Red Wethersfield (110 days)—The favorite red onion. Flat, solid medium large bulbs that keep well.

Pkt. 10c; 1/2 Oz. 40c; 1 Oz. 75c

499 Sunnybrook Pimiento (72 days)—Fine for home gardens, excellent flavor. Fruits are 2 1/2 to 3 inches long and 3 inches in diameter. They are tomato-shaped, smooth with thick, mild flesh.

Pkt. 10c; 1/2 Oz. 30c

496 California Wonder (70 days)—A good stuffing pepper—large size, almost square shape, very thick walls, sweet, tender and good flavor. Smooth glossy green, becoming red when ripe.

Pkt. 10c; 1/2 Oz. 25c

POP CORN

450 White Hull-less—Most popular white pop corn. Small, short ears. Pops snow-white, absolutely without hulls, very fine quality.

Pkt. 10c; 1/2 Lb. 25c; 1 Lb. 45c

451 South American Jumbo—This is the yellow pop corn that pops to such enormous size, creamy yellow color. Good yielder, usually 2 to 3 ears on a stalk, the ears 6 to 7 inches long.

Pkt. 10c; 1/2 Lb. 20c; 1 Lb. 35c

PUMPKINS

One Pkt. will sow 8 hills; 1 Ounce 24 hills.

502 Connecticut Field (120 days)—Heaviest producer. Big, yellow pumpkins that weigh 15 to 25 pounds. Thick, sweet, fine-grained flesh.

Pkt. 10c; 1 Oz. 15c; 1/4 Lb. 35c; 1 Lb. \$1.00

503 Small Sugar Pie (115 days)—Weigh 4 pounds. What delicious pies you get from its rich golden-orange flesh, thick, sweet, finest flavor.

Pkt. 10c; 1 Oz. 15c; 1/4 Lb. 42c; 1 Lb. \$1.25

PEAS

Contain vitamins A, B₁, C, G, P.P., calcium, Phosphorus, Iron

One Pkt. will sow 15 feet; 1 Lb., 100 feet. All of these Peas grow only around 18 inches tall and do not have to be supported. When you order Peas be sure and include 15c for a packet of Nitragin to inoculate the Pea and Bean seed. 1 Pkt. is enough for 3 to 4 pounds of seed.

POSTPAID PRICES ON ALL PEAS

Big 3-oz. Packet 10c 1 lb. for 36c
1/2 Lb. for 20c

492 Imp. American Wonder (60 days)—A popular early pea. A good bearer of tender, sweet flavored peas. Grow only 12 to 15 inches tall.

***490 New Alaska** (54 days)—This is the kind to plant for those first Peas from your garden. This is an improved strain with larger pods, better flavor and very productive. Smooth seeded, it can be planted very early.

***491 Early Bird** (60 days)—One of the earliest large podded semi-wrinkled peas. Sturdy vines bear an abundance of dark green pods, filled with good quality peas.

***495 Little Marvel** (62 days)—Our most popular wrinkled variety and the most satisfactory kind in the average home garden. It is very hardy and can be planted almost as early as New Alaska. Very productive, the pods are filled from end to end with the delicious, tender peas.

494 Laxton's Progress (62 days)—The earliest and heaviest yielding of the large podded peas. The pods are very large, with big, plump peas of the finest flavor. Very popular.

901 Freezonian (63 days)—All-America Bronze Medal Winner especially recommended for freezing. Vines are 30 inch, dark and medium heavy with 3 1/2 inch pods filled with large wrinkled peas. Wilt Resistant.

902 Victory Freezer (65 days)—A new variety we are proud to list for freezing and an All-America Bronze Medal Winner. Vines are 29-inch, heavy with double pods 3-3 1/2 inches long. Medium size peas, dark green and wrinkled. Wilt Resistant.

SPINACH

One Packet will sow 35 feet, 1 ounce will sow 100 feet.

513 Mustard Spinach, Tendergreen (25 days)—This green combines the flavors of mustard and spinach. Very prolific, it produces 6 or 7 crops a year.

Pkt. 10c; 1 Oz. 20c

***511 Nobel's Giant Thick Leaf** (43 days)—Has large dark green crimped leaves, and one of the heaviest yielders. Does not go to seed early.

Pkt. 10c; 1 Oz. 16c; 1/4 Lb. 50c

512 Savoy Bloomsdale (40 days)—Large, curled, deep green leaves. Plant real early and enjoy early greens.

Pkt. 10c; 1 Oz. 20c; 1/4 Lb. 55c

RADISHES

Contain Vitamin C and minerals

One Packet will sow 30 feet; 1 Ounce, 100 feet.

Sow every 2 weeks for a continuous supply of fresh radishes all season.

***504 Early Scarlet Globe** (22 days)—By far the most popular real early radish. Bright scarlet, olive-shaped, crisp and tender.
Pkt. 10c; 1 Oz. 15c

505 French Breakfast (24 days)—Early oblong shaped radish, scarlet with white tip.
Pkt. 10c; 1 Oz. 15c

***507 New Crimson Giant** (28 days)—A rather new radish that is fast becoming the most popular of all radishes. It is a large round radish being about 1½ inches in diameter when fully grown. Deep crimson in color with white flesh that is very crisp and tender, and stays that way longer than any other red radish we know. Do not sow seed too thickly.
Pkt. 10c; 1 Oz. 15c

***508 White Icicle** (27 days)—Everybody likes this long, snow-white radish. It is very mild, crisp and tender and stays that way for a long time.
Pkt. 10c; 1 Oz. 15c

SQUASH

Contains vitamins A, B₁ and G, also Calcium and Iron.

528 Acorn, Table Queen (58 days)—Weighs about 1 pound, just the right size to cut in half for serving. Dark green hard shell, rich orange-yellow flesh, fine flavor. Large producer.
Pkt. 10c; 1 Oz. 20c

527 Chicago Warty Hubbard (115 days)—Dark green, warty, and deep orange-yellow flesh. Weighs about 16 pounds. The best winter squash.
Pkt. 10c; 1 Oz. 23c

530 Uconn—Gold Medal winner for 1950, dual purpose squash. Immature fruits can be served in growing season, later fruits for winter use. It has a rich, meaty, delicious flavor, keeps a long time. Plant needs only a space of 3x3 feet.
Pkt. 10c; 1 Oz. 35c

531 Striped Cushaw (115 days)—Fruits are crooknecked, very large and irregularly green striped. Thick, sweet, light yellow flesh. Very prolific.
Pkt. 10c; 1 Oz. 20c

TOMATOES

Contain vitamins A, B₁, C, G, P. P., and minerals

522 Burpee's Hybrid (70 days)—Fruits are medium to large, average 8 ounces in weight, deep globular in shape, flesh is meaty and scarlet-red in color and decidedly rich in flavor. It is a great producer and a valuable tomato for the home garden.
Pkt. (30 seeds) 35c; 3 Pkts. 90c; 5 Pkts. \$1.45

514 Earliana (66 days)—A widely planted extra early variety. Medium size, bright red fruits.
Pkt. 10c; ½ Oz. 30c; 1 Oz. 50c

516 Giant Ponderosa (88 days)—Our selected strain produces fruit of immense size and smoother than most others. Fruits have few seeds, are very solid and have a fine flavor.
Pkt. 10c; ½ Oz. 35c; 1 Oz. 55c

524 Jubilee (72 days)—A new and different tomato that should have a place in your garden. The large orange-yellow skinned fruit is novel in appearance. It has small seed cavities and a non-acid wonderful flavor.
Pkt. 10c; ½ Oz. 75c

***519 Marglobe** (77 days)—A heavy yielder of large, smooth, deep red, globe-shaped tomato with thick, firm meat. Fine for canning and slicing. Resistant to wilt and nail-head rust.
Pkt. 10c; ½ Oz. 20c; 1 Oz. 30c

***523 Rutgers** (77 days)—Most widely planted of all tomatoes. Bright scarlet, meaty fruits are fine for slicing and canning. Ripens from the inside out. Fine quality. Very heavy producer. Resistant to wilt and nail-head rust.
Pkt. 10c; ½ Oz. 20c; 1 Oz. 35c

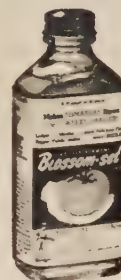

TURNIPS

Contain vitamins C and Calcium. Turnip top greens contain A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Packet sows 40 feet, 1 Oz. 200 ft. To get largest yield, broadcast turnip seed thinly instead of planting in rows.

533 Purple Top Strap Leaf—Flat, medium sized roots, purple topped, fine grained and mild.
Pkt. 10c; 1 Oz. 16c

***534 Purple Top White Globe**—Most widely planted turnip. Globe-shaped and white, tender flesh. Very mild in flavor.
Pkt. 10c; 1 Oz. 16c

Have Earlier, Larger, More Tomatoes

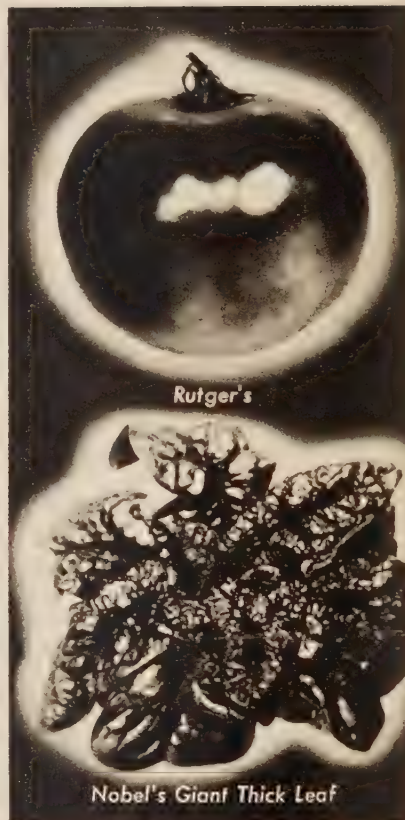

By Using

"BLOSSOM-SET"

You will have Earlier, Larger, Meatier and More Tomatoes by using "Blossom-Set," an approved plant hormone. Tested by U.S.D.A. and leading universities. Easy to use, just mix with water. It makes the fruit set better, prevents the falling of the first blossoms. The tomatoes will ripen 2 weeks or more earlier. The plants will produce larger, firmer, meatier fruits with fewer seeds, better flavor and richer color. Use it also on CUCUMBERS, EGG PLANTS, PEPPERS, SQUASH. Makes them produce more and better. Full instructions on the bottle. Guaranteed satisfactory. Postpaid.

Cardinal Shrub

(Weigela Vanicek)

S 150 We are very proud that it is our privilege to offer this outstanding hardy new shrub. It is truly All-American, easy to grow and thrives North, South, East and West. Blooms spring, summer and fall and will bloom for you this season.

The picture does not do justice to this amazing new shrub. We wish that you could see them blooming here. In May-June each one is simply covered from top to bottom with hundreds and hundreds of the lovely rosy-red flowers. They are trumpet-shaped, 1 to 1½ inches across. After this first big display, there is hardly a time until freezing weather that there are not some blossoms. If you cut off sprays of flowers and use them for bouquets, the plant will flower even more freely than if you left them on. The youngest plants in the nursery, only a few months old, bloom. Those we send you will bloom this summer and fall.

At Hamburg, the Cardinal Shrub has withstood 20 below zero without injury. It is so easy to grow, not particular as to soil. Thrives in full sun or part shade. Makes a shapely bush 6 feet or so tall with excellent foliage. It is the best hardy new shrub which we have ever tested. Ordinarily prices on an outstanding new introduction are high. But we want many thousands, all over America (except extremely cold sections) to plant Cardinal Shrub because we know that just one in a neighborhood will bring many more orders. Those who see it, want it. Look over your yard, whether large or small. You will find a spot where it will fit in. In a few months you will write us telling how much you like it. We ship them to you **POSTPAID**, trimmed ready for planting. If you do not want the plants trimmed, please mention this when ordering. However, trimmed plants will actually grow much better and faster than untrimmed plants.

Specimen 3- to 4-foot shrubs

Tuberous Begonias

When you see these beautiful Tuberous Begonia flowers, you will wish that you had ordered more. No other flower can equal them for sheer exquisite beauty. They are widely used as pot plants for winter bloom indoors. For a shady spot outdoors nothing else will bring such a magnificent display of color. A bed of them will provide a continuous supply of flowers from early summer until frost. These are the double, Camellia type blooms, even larger than pictured, of perfect form and carried erect on strong stems. The flowers are simply perfect for bowl or saucer use. Used for a luncheon or party, they will make you an envied hostess.

These are choice selected bulbs, imported from Belgium, a size that we have found to be the most satisfactory. Smaller bulbs can be sold cheaper but they are not as good. With each order we send instructions for growing them both indoors and outdoors. Our customers like these bulbs so well that each spring we sell hundreds of thousands of them.

If you want these bulbs for growing indoors, please mention this when ordering. Otherwise they will not be sent until planting time. They can be shipped as early as January 15th if you wish. POSTPAID.
